THIRD ATTEMPT TO ASSASSINATE THE KING OF SPAIN—THE MORGAN FUNERAL SERVICES

ASSASSINATION OF THE KING OF SPAIN ONCE MORE ATTEMPTED

THE THIRD ATTEMPT ON KING ALFONSO'S LIFE FAILED—THREE SHOTS WERE FIRED—ANARCHIST PLACED UNDER ARREST.

(Special to The Daily News.)

Madrid, April 14.—For the third time in his reign King Alfonso has narrowly escaped being the victim of an anarchistic attempt against his life and the last one, which was made yesterday afternoon, was the narrowest of them all. Last year in Barcelona a bomb was thrown at the carriage in which he was riding and one of his bodyguards was killed and others injured. Early this year he was shot at while

walking near the palace in Madrid. King Alfonso has always expressed objections to a bodyguard while in the capital city and yesterday while out walking in the grounds he was shot at three separate times. The would-be assassin was again aiming, but the sound of the shots had brought immediate aid and he was overpowered and carried away to jail. He proves to be Rafael Sanchez Allegro, one of the head centres of the Barcelona anarchists.

MEXICO GENERAL SURRENDERS TO THE UNITED STATES TROOPS

GARRISON AND FORTIFICATIONS LIKE A SLAUGHTER PEN—HUNDREDS OF DEAD HORRIBLY CUT AND MUTILATED.

(Special to The Daily News.)

Naco, Ariz., April 14.—General Pedro Ojeda, commanding the remnants of his federal garrison of 300 troopers at Naco, Sonora, surrendered to the United States troops on the border patrol here yesterday, after having withstood the siege of state troops which lasted for five days and in which more than half his troopers were killed.

The surrender was hastened by an attack upon the federal garrison by a band of Yaqui Indians under General Alvarado Obregon, commanding the state troops.

Later a force at daybreak burst in upon the little garrison and fought viciously.

The dead on both sides has been estimated at 200 and the fortifications at Naco, Sonora, are veritable slaughter pens. About the buildings are strewn more than 100 bodies, shot, cut and horribly mutilated.

POLICE COURT.

There was only one case in police court this morning. Alfred Stanley, drunk and disorderly, was given the option of a fine of \$8 with \$2 costs or fifteen days in jail.

THAT SUFFRAGETTE ATTEMPT TO BLOW UP DUDLEY CASTLE

THEY LOADED AND FIRED ONE OF THE BIG GUNS WHICH IS A RELIC OF THE CRIMEAN WAR

Militant suffragettes attempted to blow up the ruins of historic Dudley Castle, parts of which date back to the eighth century. The inhabitants of the town were awakened by a loud explosion coming from the direction of the castle.

A large force of police was dispatched there, and on searching the surrounding grounds found chemicals and blasting

plosion. Many windows in a group of adjacent cottages were broken, but none of the inmates were injured.

"Votes for Women and Damn the Consequences," was painted on one of the old cannon and "In Honor of Mrs. Pankhurst," on another. A quantity of suffragette literature was scattered about. The police found no clue to the perpetrators.

One account of the explosion says the suffragettes loaded and fired one of the big guns which was a relic of the Crimean war. It was a Russian cannon captured at the siege of Sebastopol.

RUPERT'S GO-AHEAD PEOPLE

Municipal enthusiasm is keen, and Prince Rupert people manifest an admirable interest in all questions pertaining to the growth and advancement of their thriving city."

SEVERAL PASSENGERS LATE THIS MORNING

S. S. Prince Rupert Waited Out in Harbor While Launch Came Up Alongside.

Just as the G. T. P. steamer Prince Rupert was backing away from the wharf this morning a number of belated passengers, including several laborers packing their blankets and personal effects, were seen running down Centre street at breakneck speed. Luckily for them the launch Fredella, of the Canadian Fish & Cold Storage Co.'s fleet, was at the wharf and the belated passengers were hustled aboard and taken out to the Rupert, which signalled that she would wait. The delay did not amount to more than ten minutes, which the fast steamer will have no difficulty in making up.

Among the saloon passengers were the following: Joseph A. Rogers, Dr. Cade, Mr. Eaton, F. B. Chetleburg, E. P. Tingras, Mr. Kotzin, E. J. Van, A. Rogers, M. M. Stark, Ed. Fritz, J. H. Randall, J. H. Waugh, C. Barie, Mr. and Mrs. W. L. Tallard, George Scott, ex-Alderman Montgomery, A. Anderson, S. Gottfried, J. E. Merryfield, J. Hall, Captain Groves, D. Francis, Finlay Kerr, B. Beverlin, W. Fuller, P. Lowe, Mr. and Mrs. E. Rogers, Dr. H. F. Sproule and Mr. Price.

SUING G. T. P. S. S. CO. FOR \$25,000 DAMAGES

David Graham, Injured at Wharf Last Fall, Is the Plaintiff in Civil Action.

Among the southbound passengers on the Prince Rupert this morning were Dr. Cade, Captain Groves of the Pacific Stevedoring & Contracting Company, and ex-Alderman Montgomery, who are en route to Vancouver to give evidence in an action in the Supreme Court by David Graham against the Grand Trunk Pacific Steamship Company. Graham, the plaintiff in the action, sustained very serious injuries in October last at the G. T. P. wharf here by getting caught in a winch. The action is to recover \$25,000 damages. Mr. Graham also went down on the Prince Rupert this morning.

SCOTTISH CUP FINAL

(Special to Daily News.)

Glasgow, April 14.—The final game for the Scottish cup was played on Hampden Park, this city, on Saturday and ended in a victory for the Falkirk team over that of the Raith Rovers by 2 to 0. The cup, which now goes to Falkirk, has been out of Glasgow only twice in the last fifteen years. That Glasgow should be out of the finals added to the widespread interest in the result.

GREATEST STRIKE THE WORLD HAS EVER SEEN

Probably Five Thousand Belgians Strike for Political Principle of Manhood Suffrage.

(Special to The Daily News.)

Brussels, April 14.—Belgium tomorrow will be the scene of one of the greatest general strikes the world has ever witnessed. It is expected to effect every branch of industry within the kingdom. At least 300,000 and possibly 500,000 will cease work this evening. A large strike fund has been raised and if the government fails to grant the principle of manhood suffrage, to obtain which the strike is made, there will be a terrible struggle.

CANADIAN RAILWAYS' SEATTLE TERMINAL

Proposition for Canadian Union Depot at Cost of Over Half a Million.

Seattle, April 14.—Is Seattle to see the expenditure of more than \$500,000 in the construction of a new Canadian union terminal?

Information which leaked out today from people who should know what they are talking about pointed strongly toward the affirmative answer.

In short, rumor has it that the Canadian Pacific, Grand Trunk Pacific and Canadian Northern have joined hands for the erection of a tremendous terminal on the Seattle waterfront between Pike and Virginia streets. This terminal is to be reached through tunnels running from the south end of Lake Union under the Denny regrade district. A tremendous hotel is said to be planned for Western avenue, Pike and Pine streets—the structure to rise far above the level of First avenue.

MIGHT SAVE STEAM AND LOWER RATES

Early Sunday Morning Whistling of Steamer is Somewhat of a Nuisance

Citizens who sleep in the down town section of Prince Rupert were wondering yesterday if Capt. McKenzie of the ss. Prince Rupert is in league with the local clergy. At any rate there was no excuse for the late attendance at the various morning services yesterday. The four much prolonged blasts of the whistle at seven o'clock prior to the departure of the steamer for Granby at 8 o'clock were sufficient to waken the dead. For the past two or three weeks the slumbers of down town residents have been greatly disturbed by the blasting operations at the station site excavation. The latter is only too cheerfully borne as it indicates that no time is being lost in the preparation for anxiously awaited improvements in this promising city, but the unnecessarily prolonged blasts of the steamer's whistle yesterday morning, to say the least, was extremely annoying.

The G. T. P. steamship company might save a little on its steam in this respect and give such citizens of Prince Rupert as may desire a Sunday outing a somewhat more reasonable rate to Granby and return.

INJURED MAN DIED ON BOARD STEAMER

Nick Tadich, En Route to Hospital, Died Yesterday Morning.

While en route from Granby Bay to the hospital at Port Simpson yesterday morning, Nick Tadich, a bridge carpenter and a native of Montenegro, died on board the Princess Mary. Deceased sustained severe injuries a few days ago by falling from a bridge at Granby, where he had been employed for some months. The remains were brought to Prince Rupert and are now at E. L. Fisher's morgue. Deceased, who was 28 years of age, is survived by a brother, A. Tadich, and a cousin, Louis Tadich, both residents of Prince Rupert.

BROODING OVER THE DEATH OF HIS WIFE, MIDDLE-AGED SCOTCH FARMER COMMITS SUICIDE.

(Special to The Daily News.)

Vancouver, April 14.—Brooding over the death of his wife, which occurred several months ago on an Alberta farm, Alexander Crawford, a middle aged Scottish farmer from the prairies, committed suicide in the London Hotel, Main street, by swallowing carbolic acid. His body was found early yesterday afternoon. It is judged that death took place some time on Saturday.

Crawford is known to have a married daughter somewhere in this province, but her address has not been ascertained.

LARGE CROWDS ATTEND THE FUNERAL OF PIERPONT MORGAN

ADMITTANCE TO CHURCH ONLY BY INVITATION—SIMPLE SERVICE DEVOID OF POMP AND REFERENCE TO VIRTUES OF DECEASED.

(Special to The Daily News.)

New York, April 14.—At the funeral of the late J. Pierpont Morgan Stuyvesant Square was densely crowded from an early hour; but admittance to St. George's Church was by invitation only. His relatives and friends, in endeavoring to carry out the expressed wishes of the deceased for a quiet and simple funeral, had appointed a committee to make out a list of relatives and friends of long standing, but even with much pruning there were fifteen hundred names on the list, as many of the prominent members of the church in which Mr. Morgan had passed the

plate for many years had to be included.

When the services opened the edifice showed a great gathering of the leading people of the nation, all in deep mourning. The simple services were conducted by the vicar, a life-long friend of the deceased, and was confined to the Episcopal ritual without the customary references to the virtues of the deceased.

The Forty-second street depot was also densely crowded as the funeral cortege passed through on its way to Mr. Morgan's birthplace in New Hampshire, where the interment takes place this afternoon. The will will be opened and read tomorrow morning.

HYDRO-ELECTRIC COMPANY TO SUSPEND OPERATIONS

FOR THE PRESENT THE WORK AT PORT EDWARD WILL BE CONTINUED—OPERATIONS AT FALLS TO BE CLOSED.

For several days past it has been rumored about the city that the Prince Rupert Hydro-Electric Co., Ltd., are about to close down all their operations in this locality. Mr. W. C. Durant, the local manager of the company, interviewed by the "News" this morning in regard to the matter, said that the work at Port Edward is to be continued for the present at least in accordance with the plans made some time ago. This work, which consists chiefly in the erection of power house buildings, has recently been turned over to the contractors, who have some sixty or seventy men employed.

In regard to the work at the

Falls, Mr. Durant stated that instructions had been received from headquarters to proceed with no new operations or further development. The work undertaken there so far has been the construction of a dam and this is now practically completed. Mr. Durant said that work at the Falls will be suspended almost immediately.

As the reason for the suspension of operation Mr. Durant said that the company did not intend to proceed further with the work at the Falls, which will entail a large expenditure of money until a definite arrangement with the city in regard to the supply of power is reached.

WAR AMONG GREAT POWERS IS GRAVELY FEARED IN EUROPE

AUSTRIA AND RUSSIA READY TO CLASH OVER MONTENEGRO RETAINING SOUTARI—SIR EDWARD GREY STATES HIS OPINION.

London, April 14.—There is no disguising the anxiety among British statesmen of all shades of opinion lest the blockade of Montenegro be the beginning of a general European conflagration. Sir Edward Grey last night staved off the parliamentary opposition by declaring the war, in which Britain now takes a protesting lead, has ceased to be a war of liberation and has become a war of conquest on the part of Montenegro. Only sixteen anti-war

ministerialists supported the Radical member, who asked leave to move an adjournment to discuss the British participation in the blockade, and Sir Edward Grey has received the assurances of Hon. A. Bonar Law and the opposition that they will not encumber him in the present crisis. But nobody pretends to be certain what will happen in the next fortnight. The powers seem to
