Mrs. Robert Zielke was welcomed as a new member of the Women of the Moose Wednesday when the Prince Rupert Chapter No. 211 held an enrollment ceremony at the Moose Temple.

Mrs Zielke was presented with a corsage and welcomed into the defending circle by Mrs. Mathew Garbelya and the members of the committee who were in charge of the meeting.

During the business meeting chaired by Senior Regent Mrs. John Jordan, a vote of thanks was extended to Mrs. Kenneth Hardy following her report on the successful bake sale held Saturday. Mrs. Hardy announced that the sum of \$158.10 would be sent to Moosehaven for the breakwater fund.

Representative of the Civic Centre board, Mrs. Michael Karasosky, reported that the Vancouver Symphony Orchestra would be coming to the city March 23, and the meeting voted to support this undertaking. Mrs. Joseph Long gave a re-

VALENTINE'S DAY will see thousands of bouquets of roses, carnations, and other pink and white flowers wired across Canada. Accompanying them will be greetings ranging from oldfashioned "I love you, Valentine" to corny puns such as "It strikes me that you bowl me over, Valentine". The history of St. Valentine's day goes back to the second half of the third century when Bishop Valentine was beaten with clubs and then beheaded on the orders of the Roman Emperor. The little girl is Sue Jane Robertson of Ottawa, but, unfortunately, this miniature — Photo by Malak, Ottawa sweetheart doesn't go with the flowers.

# SHOPPING

It's been a wonderful week for shopping, dry and crisp, and there are many new and interesting things in the shops.

My first call this week was at FASHION FOOTWEAR where Johnny showed me the Valentine slippers, fluffy and soft in petal-pretty pastels and rosy reds. It's a Cupid approved gift for Mom and sisters, and especially nice with a pair of nylons tucked in. Don't forget that the man in your household must be remembered and new shoes or slippers from Fashion will do the trick nicely. Dom's half price sale of ladies' pumps and flats is still on. There are over 600 pair to go at this price as well as big reductions on children's shoes and ladies' overshoes.

Remember, last week that I told you that this is the "Do-It-Now" season. There must have been a mistake made because it just isn't, so there, at least when it comes to repairing radios, phonographs, sounders, public address equipment, small appliances and the like yourself. That is a job for experts and those that know what they're about. These are the folks that you'll find at RUPERT RADIO & ELECTRIC. When I went in on Monday Bert showed me their repair room

with rows and rows of test equipment, shelves loaded with tubes of all kinds, condensors and parts. On another shelf were small appliances, coffee percolators, toasters, irons and sewing machines that had been repaired and ready to be picked up. So you see it is quite necessary to have more than a monkey wrench and screw driver and know what you're doing, or for sure, you'll wind up with parts left over. Oh, speaking of small appliances, Bert showed me the Hoover steam and dry iron that's on special, regularly \$21.95, now \$16.88. There's something different about it and that is the stainless steel soleplate that just won't scratch even when you fron over zippers or domes. So many do these days and then when it comes to ironing silks and nylons the iron pulls and snags. If you're in the market for an iron you must

inquire at Rupert Radio & Electric first. Help! Wanted! Listings, that is, for ARMSTRONG AGENCIES. If you have a one, two, or three room apartment, a house for rent or sale, give Jim Georgeson a buzz at 3134 or 2688. It could be that you're looking for a place. Armstrong Agencies are in the know and if you drop in to the office Jim will be pleased to explain prices, conditions and drive you around for a look-see. There's more—no one can possibly afford to be without fire insurance. It's the least expensive item in any houseowner's, or for that matter, anyone's budget.

Wasn't it Dale Carnegie who wrote "How to Win Friends and Influence People"? Well, I can't write a whole book but I can tell you how to influence hearts and win sweethearts. That's important at this time of the year and Jack and the girls at the VARIETY STORE are anxious to be Cupid's helpers, with Coutt's Valentines for every member of the family. The embossed, satin and lace Heirloom cards reminded me of the calendars and cards that we used to get years ago. They also have romantic cards with fold-out pure red hearts, comic cards for all ages and some of these have raised plastic comic animal figures. In the children's line there are cut-outs and push-outs and bags of 15 cents, 25 cents and 39 cents and packages of "Dennis the Menace" cards. For your Valentine party Variety has candy hearts, place mats, serviettes and the Coutt's Hallmark Sweetheart Centrepiece. It's a beauty and at \$1.50, who can complain? A good coat is your best investment! That is a simple statement of fact. When I was in

UNIVERSAL earlier this week Doug and the girls had several cartons of coats that they were unpacking and the girls modelled a few of them then and there. These coats are laminated fabrics by Niccolini and styled for fashions of '62. The chic black, houndstooth and spring colors are right and so is the modest price -\$25. Universal is almost always first with spring suits and dresses and this year is no exception. The cottons and knitted jerseys that are on sale range in price from \$7.95 to \$12.95 and there is a marvellous selection of silk prints in half sizes. Women's winter coats, ear coats, men's jackets and boys' jackets are all on sale and there are many good bargains to be seen.

On my way back from lunch on Tuesday I called in for a little visit with the Weinreich's at NORTHWAY UPHOLSTERY. They are a busy couple these days and I found out that Helga is almost as adept as her husband with a hammer. I browsed through drapery samples, not too far, as I didn't have much time. They have over 350 patterned samples and twice that many plain, many designed for certain rooms, boy's, girl's, dens or living rooms and they also have materials for schools and industrial use that has been flame-proofed. What I started to tell you about was the carpeting at Northway. Of course, they have the popular Trilan lines, Barrymore and Wiltons, too, but the newest is Propylon Broadloom Twist which carries a 10year guarantee and has the highest crush resistance of any carpet. The color shades are soft and decorator-toned. Propylon is an easy-care, luxuriant, yet reasonably priced necessity for your home. Next week I'd like to tell you about the Panelrama Mandu fabric sample book. It's

fascinating, but then you can see for yourself at Northway. The food is the finest . . . the atmosphere congenial and relaxed . . . at the BROADWAY. It's a treat to dine out for a special occasion, to celebrate an anniversary or for Sunday dinner, where the food has been temptingly prepared and graciously served. The Bamboo Room at the Broadway is the ideal spot for business men's luncheons or for private parties, It's easy to reserve a table. The number is 4332.

Undecided? In a quandry over decorating the living room . . . or hedroom . . . or front hall? It's almost that spring cleaning time again and GORDON'S HARDWARE on McBride Street are willing and eager to help. As a spring event of note, Earl has put all his wallpaper, on at half price and most of it is the pre-pasted type with plastic coating. It's wonderful, it's wearable, and it's washable and no matter what anyone says, there is something about a nice wallpaper that makes a room cozy and homey. There's no need to be all stuck up as it is simple to apply and you'll get the hang of it easily. The patterns are mostly in quiet tones of beige, rose, green and white and the selection is excellent. A further memo: Latex paint is on sale at a special low price at Gordon's Hardware and they have all the accessories, brushes, roller-coater, fillers and all, that you'll need for a profesional looking job.

Would you like to be a well tressed Valentine? Would you like to have admiring looks from your husband, flattering comments from your lady friends and best of all, a pleasing appearance in your mirror? It's quite possible when your hair has been done by a skilled stylist at the HOUSE OF BEAUTY, 206 4th Street. I called in on Monday for a chat with Peggy Forbes and Lorill. Peggy was saying that they both have 20 years experience in hairdressing and have kept up with the latest trends. They know what the older ladies like, sometimes a finger wave or marcel, or they'll 'Character's create the new spring styles for the younger girls. The decor of Peggy's House

of Beauty is most relaxing and it is a pleasure to have your hair done while sitting in one of the comfortable hydraulle gold leather upholstered chairs. There are two of these and on the drying side she has three ottoman chairs so that you can rest your feet at the same time. You'll be enthralled with the fibre-glass screens with real butterflies and pressed autumn leaves and with her planters. The number for appointments

Tomorrow is February 10th and opening day for the Salmon Derby. Les Stevens at GATEWAY SPORTING GOODS was telling me that there have been several large fish caught already this week. I suppose they are practising up for opening day and getting their gear in order. The entrance fee for the derby is five dollars and there are three prizes awarded each week. If you need a salmon trolling rod and reel Les will be pleased to show you the best. He also has a good supply of Lucky Louis, Herring Magic plugs and all the equipment that you'll need. Another sign of spring at Chateway are the rows and rows of baseball mitts. It won't be

It's bargain week at EATON'S and you won't want to miss these money saving values if you're in need of a fridge, washer, electric or gas range. This is trade-in merchandise and most of it is in good condition. Gerry or Archie will show it to you. Right now the display floor is packed with furniture, chesterfields, radios, bedroom suites and smaller items. It's all available either for eash or on budget terms. By the way, the Eaton catalogue is out and it's packed

with nice things this year.
