GRANBY MINES BEYOND THE EXPERIMENTAL STAGE

(Continued from Page 1.)

this narrow-gauge track has already been constructed and as the most of it is for the purpose of climbing the mountain side many difficulties have been encountered. One trestle now under construction is over one hundred feet high.

The ore is a low grade copper ore, but the immense quantity makes the mine an extremely valuable one.

One feature that was especially striking was the splendid conditions and surroundings provided for the workmen. At the mine boarding house a large number of shower baths are provided. Each man is provided with a locker in which he puts his regular clothes while on shift. There is no excuse for the men not keeping themselves clean and there is little doubt but that the cost of providing the baths is paid back to the company many times over in better work from the men. The sleeping quarters are bright and airy. That there is perfect satisfaction among the men in regard to conditions was evident from their appearance and general bearing.

When the smelter is completed and operations are running in their regular way the works will support a population of 2,500 or 3,000. At the present time more than 500 men are employed.

The residents of Granby should consider themselves extremely fortunate in having such a splendid and regular freight and passenger service as is supplied by the G. T. P. People having business to Granby are provided with travelling accommodation seldom seen in pioneer communities.

The G. T. P. officials were greatly pleased with their visit to the smelter city. They realized that its future success is beyond all doubt and look upon it as one sure adjunct to Prince Rupert.

THE TELEGRAPH POLES HUNG WITH CORPSES

Rebel and Federal Troops are Alike Guilty of Massacre in District of Northern Mexico

El Paso, April 18.—Bodies hang from nearly every telegraph pole along fifty miles of the Mexican Central railway below Chihauhau city, report refugees arriving here tonight. Both the Federals and Insurgent state troops are said to have participated in the execution of prisoners that prefaced this public display of cadavers.

In a quarrel over the disposition of silver bullion stolen from a train last week Juan Dobal, a former Orozco chief, was excuted by order of Pancho Villa, whose men held up the train west of Chihauhau city. Dozal joined Villa in an expedition against the Federals.

From the Casas Grandes district come reports of mutinies against the Huerta government. Francisco Portillo and Meximo Castillo, with small groups of men, have deserted the Insurgents. So far as is known General Inez Salazar is keeping his agreement with General Huerta. All Federal regulars have been removed from the district, where extensive American lumbering interests are located.

A BANK OF ENGLAND OFFICIAL ABSCONDS

Sensation Caused in Financial Circles by His Disappearance and the Loss of Securites

London, April 19.—A Bank of England sensation is one topic in financial circles just now.

No details of the affair have been made public from official sources, but it is understood the investigations following the disappearance of a responsible official of the bank, showed that securities valued at several thousand pounds were missing. In the absence of any authoritative statement with regard to the description of the missing securities, an advertisement, published last week concerning the bonds, attracted a good deal of notice. This advertisement did not mention the Bank of England.

PORTLAND HAS GONE CRAZY OVER BASEBALL

Hundreds Tore Down Fences and Rushed into Grounds Without Paying.

Portland, April 18.—Judge McCredie stated today that the official paid attendance at the opening game in the Coast League yesterday between Los Angeles and Portland was 16,128. Added to this were about 1,500 who stormed the bleacher gates and crowded through without paying. Several hundred tore down a section of the fence and raced through before the policemen on guard had an opportunity to close up this means of ingress. This is believed to have been the largest number of people who ever witnessed a minor league game.
