Be Suspicious

RE suspicious of that of which nobody is proud. Be suspicious of the mere low-_ price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.
