VIOLATED BANK ACT BY A FORECLOSURE

Important Decision Handed Down by Supreme Court of Alberta as to Bank Powers.

Calgary, May 8.—The climax to one of the most important cases ever before the supreme court here came today when Chief Justice Harvey ruled that the Northern Crown Bank had violated the Bank Act through carrying on the business of the Great West Lumber Company.

The case arose out of the action of the bank in trying to obtain judgment against the company for nearly \$600,000, which had been advanced in various ways. The bulk of the money was advanced after the bank had acquired control of the company and Judge Harvey allowed only the claim for \$79,000, loaned before this control was obtained.

His lordship ruled that the bank in taking over the business had violated Section 76 of the Bank Act. It is reported this afternoon that the case will be taken to the privy council by the bank.

SILK MANUFACTURE IS AT A STANDSTILL

Mill Hands in New Jersey Demand an Increase in Wages and a Decrease in Hours.

Jersey City, May 10.—Responding to the appeals of silk mill workers in Paterson, where a strike of 15,000 workers has been in progress for several weeks, between 6,000 and 8,000 workers in the silk mills in Northern Hudson County, near this city, went on strike late today. The employees make the same demands as the Paterson strikers—an eight hour day and an increase of about 20 per cent. in wages. Ten hours is the present day's work.

JILTED THE PRINCE AT THE VERY ALTAR

Only Daughter of Gaekwar of Baroda Will Wed a Young Englishman.

London, May 10.—The lovely Princess Indira, only daughter of the reigning Gaekwar of Baroda, loves a handsome young Englishman with all the warmth of her East Indian nature. The princess and the young Englishman will be married in England within

THE GAEKWAR OF BARODA

the next few weeks, it is said on good authority. The deep mutual affection explains why the princess jilted her fiancé, Prince Jilendra, brother of the Maharajah of Cochin Behar.

As the despatches told, their marriage was to have been celebrated with due solemnity in Calcutta last Monday. At the last minute the princess refused to marry the prince. When her father and mother learned that her affections were fixed on the Englishman they withdrew their consent to her marriage with Jilendra.

COLONEL ROOSEVELT ON PANAMA TOLLS

Makes a Speech to Peace Centennial Delegates Strongly Arguing for Arbitration.

Oyster Bay, May 10.—Theodore Roosevelt would have the United States and Great Britain agree in advance to arbitrate any question which might arise between them, so he told the international conferees, who are arranging the centennial celebration of peace among English speaking peoples, in addressing them as their host today at luncheon at his home on Sagamore Hill. Newspapermen were not admitted to the function, but a summary of his remarks, "approved by Mr. Roosevelt," was made public.

Although it was said he did not specifically mention the Panama Canal dispute, members of the foreign delegation said that he unmistakably referred to it in speaking of a question as one which should be settled by arbitration if settlement could not be reached by negotiation.

AFFECTS PICTURE SHOWS

New Provincial Act as to Censorship May Cause Rise in Price of Admission

Vancouver, May 10.—The cost of admission to the moving picture shows in British Columbia may be increased owing to the charges to be made by the censorship under the new Act to the Provincial Government. The moving picture theatre managers assert that the fees are 100 per cent. higher than in any other province in Canada. The managers of the houses in Vancouver have decided to call a meeting in the course of the next few days to discuss the situation.

A milkman in a country town not far from New York was brought before the local court to answer a charge of adulteration of milk.

"You are charged," said the judge, "with a most serious offence, that of selling adulterated milk. Have you anything to say in answer to the charge?"

"Well, your worship," answered the milkman, "the night before it was raining very hard, and the only cause I can give is the cow must have got wet through."

TO JOIN STEFANSSON PARTY FOR THE NORTH

Canada Sending Doctor Who Went to Antarctic with the Shackleton Expedition.

Montreal, May 10.—Dr. A. Forbes Mackay, who was one of the medical men attached to the expedition to the south polar regions which won Sir Ernest Shackleton his knighthood, was a passenger by the Allan liner Grampian, which arrived here from Glasgow this evening.

Dr. Mackay stated that he had come out to join Mr. Stefansson in his expedition to the far north, and expected to be absent for from three and a half to four years before returning to civilization.

Dr. Mackay had received a letter from Mr. J. Desbarats, of the marine and fisheries department, asking him to come at once to Ottawa in order to organize the vitalizing and other details connected with the voyage of Stefansson's ship, the Karluk. The delay which the Grampian, in common with many other ships, experience owing to adverse weather conditions, has left Dr. Mackay very little time to assist in the organization.

You Are on the Bench

YOU—the Public—are the judge. On your good opinion and your good word depends the success of the advertised article. For no amount of advertising will induce you to buy a second time what you do not like. No advertising will offset the bad effect of a dissatisfied buyer.

That is why advertisers must and do maintain the quality of their goods.

Advertisers realize that to turn their outlay for advertising into profit they must give good value.

They are not looking for one-time sales. First sales, in most cases, would not pay for the advertising.

To be successful, they must make steady customers. So, quality is being put in to hold the trade that advertising produces.

Thus, to be sure of quality, one naturally turns to goods that are advertised. And isn't it only reasonable?

No manufacturer can afford to advertise for long an inferior article. From the moment the advertising begins, the quality must either be kept uniform or improved—to go back means ruin.

The day is passing when you ask for a pint of pickles. You name the brand.

You don't ask for Rolled Oats. You name the brand you prefer.

The unknown article may be good, but you are not so sure of it as you are of the advertised article, which bears the seal of quality, —a well known maker's trade name.

TO MANUFACTURERS

You who make good goods and do not advertise—show your confidence in your product. Advertise it. Let the public know that you stand back of your goods to maintain their high quality. Make your trade name the recognized standard in your line.

Advice regarding your advertising problems is available through any good advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.
