PORT EDWARD, B.C.

Prince Rupert's Industrial Annex

This industrial addition to Prince Rupert comes now at a time when opportunity is greatest. Prince Rupert and the entire great Northern British Columbia country are on the eve of a tremendous movement. Values will go up remarkably during the present year and the years immediately following. Port Edward prices are low now. This is the time to buy.

Mr. Olier Besner, of the Knox Hotel, Notified of Death of His Father While on Train.

Mr. Olier Besner has been paying a visit to his old home at Quebec and left his father, who is 68 years of age and for some time in poor health, in apparently an improved condition. When nearing Vancouver on the train he was apprised by wire of his father's death and of the date set for the funeral. It was too late to get back to Quebec in time for the funeral, so Mr. Besner will reach here on Saturday morning.

The late Mr. Besner was a life long resident of the town of St. Clet, near Montreal. About two years ago he paid a visit to Prince Rupert, spending several months here. A family of eight children survive—four daughters and four sons. Mr. Olier Besner is the only member of the family living in the west, his sisters and brothers all being in Quebec, the greater number residing in Quebec City.

Accident at Ketchikan.

Ketchikan, May 10.—Edward Benson, an old time resident of this place, fell from the wharf yesterday and was drowned. Benson was seen to fall by the crew of the United States survey boat McArthur and a small boat immediately put out and in a few minutes had Benson aboard the ship, but life was extinct. It is thought he died of heart failure before he hit the water.

WEDDED IN SEATTLE

A. S. Walker, engineer on the G. T. P. dry dock under J. H. Pillsbury for the past seven months, and Miss Stauffer, of Washington, D.C., were united in marriage at Seattle on Monday, May 12th. Mr. Walker, who is a well known and popular engineer in this city, has recently built a home for himself and bride on Sixth Avenue, E. Mr. and Mrs. Walker are expected here from the south on Saturday morning.

"TEDDY" COWPER WAS STOLEN AT DOG SHOW

Little Persian Poodle is Removed from His Bench an Hour before Judging

The recent dog show at Victoria developed a case of some interest to Prince Rupert people. Mrs. J. S. Cowper was one of the exhibitors, her entry being one of the little white Persian poodles bred by Mr. David H. Hays, and well known here. Everyone knows that Mr. Hays' dogs are pure bred and it was therefore probable that Mrs. Cowper's "Teddy" would prove a prize winner.

But just one hour before the judging of this class of dogs began Teddy was missing from his bench. How he was stolen is still a mystery. Whoever committed the crime had to run the gauntlet of the caretaker of this class of dogs and of the two men guarding each of the entrances, who must have connived at the removal of the animal. Legal procedure against the management of the show is likely to be taken.

FAMOUS ENGINEER IS RETURNING TO CANADA

Sir Percy Girouard, Formerly of Imperial Service, Coming to Advise Dock Construction.

London, May 10.—The secret of the retirement of Sir Percy Girouard from the imperial service to join the board of directors of the great ship building firm of Messrs. Armstrong, Whitworth & Co. is out.

Sir Percy is a Canadian by birth and he is about to return to the Dominion to advise on the suitability of certain Canadian ports for the construction of docks and other engineering works in connection with future ship building. He will also consult with the Dominion ministers in regard to the dry docks to be built at Halifax, Quebec and Esquimaux. It is understood that the private tenders for these docks having proved unsatisfactory the Canadian government has decided to build them itself.

Sir Percy Girouard was born in Montreal. He joined the Royal Engineers, and making railway construction a specialty, rendered splendid service to Great Britain in Egypt and South Africa. He built the railway which took Kitchener to Khartoum and re-organized the Egyptian railways, and when Kitchener went to South Africa he immediately sent for the French-Canadian, who became commissioner of railways in the Transvaal and Orange River Colony, rebuilding what had been destroyed during the war. A few years in Nigeria and East Africa as chief of the administration of those colonies followed, and Sir Percy resigned to go into the ship building business.

This notice is altogether unnecessary to call attention to the whist drive and dance of the St. Andrew's Society this evening, as the popularity of these entertainments always ensures a large sale of tickets directly after the first announcement, and no doubt the society's hall on Second Avenue will this evening see the usual gay crowd in attendance.
