At a party given by the Nome Igloo of Pioneers recently, a vote of women was taken on the question of woman's suffrage for Alaska, and the vote was 23 to 17 against the suffrage bill.

George Black, of Skagway, came in contact with a circular saw, which inflicted a wound 20 inches long, extending from the shoulder joint to the sternum, which it took about one hundred and fifty stitches to sew up.

The freight rates of the Alaska Northern railroad have been cut from 20 cents to 12 cents a pound. The cut was authorized by Colonel Swanitz, the new manager of the road.

It is reported that John W. Troy, at present editor of the Juneau Empire, is to be given a fat job under Democratic rule in the State of Washington.

Over two hundred men are now employed at the shipyards at Whitehorse.

From Whitehorse to Dawson in seven days is considered good time for an automobile.

A jury in the U. S. District Court at Valdez gave Mrs. Reed, widow of J. E. Reed, a judgment against the Copper River and Northwestern Railway Co., for \$20,000. Reed, an employee of the company, was killed January 1, 1912.

Yukon Pioneer Is Dead.

James Hamilton, one of the pioneers of the Yukon, died recently in Fairbanks. He succumbed after a protracted siege of cancer. The death was quiet, and occurred at St. Matthew's Hospital, where he had been confined for the past two weeks. Mr. Hamilton was 60 years of age. He went to Circle thirty years ago from Idaho.

You can blind some men by throwing gold dust in their eyes.

BECOMING HAT AND FASHION-ABLE CORSAGE

For summer wear. The bodice shows an entire absence of collar, characteristics of the newest gowns.

LAND PURCHASE NOTICES

Skeena Land District—District of Coast, Range V. Take notice that Emma Waterous Agnew, of Victoria, B. C., occupation married woman, intends to apply for permission to purchase the following described lands: Commencing at a post planted on the south shore of Lake Hayward, near Falls River, a branch of the Heceta, thence north 20 chains, thence east 20 chains, thence south 20 chains, thence west 20 chains to place of commencement, containing 40 acres more or less.

Skeena Land District—District of Coast, Range V. Take notice that Margaret B. Grant, of London, England, occupation gentleman, intends to apply for permission to purchase the following described lands: Commencing at a post planted at the northeast corner of Lot 604, Coast District, Range V, thence east 20 chains, thence south 20 chains, thence west 20 chains, thence north 20 chains to place of commencement, containing 40 acres more or less.

Skeena Land District—District of Coast, Range V. Take notice that I. L. N. MacKechnie, of Vancouver, B. C., occupation surgeon, intends to apply for permission to purchase the following described lands: Commencing at a post planted at the northeast corner of Lot 20, thence north 40 chains, thence east 40 chains, thence south 40 chains, thence west 40 chains to place of commencement, containing 160 acres more or less.

DO YOU KNOW YOUR WINTER GIRL? Now she has dispensed with her furs and has a most bewitching slenderness.

STEWART NOTES

There are more agricultural experts in Stewart than in the whole of the Fraser Valley, and they are very, very free with their criticism and advice.

Harry Gibson has gone up to Bitter Creek. He announces to the travelling public that the Forks Hotel will shortly be reopened with accommodation for all comers.

Last week saw the completion of the building of a 40 inch sidewalk from Victoria street west following the north side of Fifth street to the townsite limit. It will prove a great boon to those living in that section of the town.

Prospectors and mine operators are warned that all free miners' licenses expire on the 31st inst. Every person holding a free miner's license is furnished a gun license free of cost, and it is compulsory to carry a gun license in packing arms in the hills.

The Stewart Tennis Club had its opening game for the season on Sunday last. The concrete court weathered the winter in good shape, and with a few repairs to the netting the grounds will be in first class condition for the enthusiasts of the racquet.

Sidney Chalmers has returned to town after doing development work on the Little Cave group, opposite Glacier Creek. He reports a decided improvement in the showing.

The face of the big tunnel reached the 1,100 foot mark on the 14th. Good progress is being made, although the rock has become considerably harder during the last few days.

Reports from Vancouver indicate that a considerable number of prominent mining men will visit the camp during the coming summer. There is a probability of quite a few properties changing hands this year.

H. E. Newton, who arrived here last week, has let a contract for 70 feet of tunnelling on his Red Reef property. Richard Olson, Gus Carlson and A. Peterson were the successful bidders. Work has already commenced on the contract.

George and Roy Clothier returned to Stewart on Tuesday from the Indian Mines, Salmon River. They report four feet of ore in the face of the lower tunnel, while in the upper tunnel the drift is being pushed on to undercut the splendid showing on the surface, 150 feet vertically above the tunnel.

An enjoyable dance which was greatly appreciated by a large number of lovers of the light fantastic was held at the Northern Hotel on Wednesday night. The dance was given by Mrs. Angus.

Brighten up! You can make your home more cheerful at slight cost with wallpaper from Wallace's.

Most girls' names sound as if their mothers were novel readers.

BELLA COOLA NOTES

The Cariboo Observer says: J. D. McLean, divisional warden for this fire ranging district, has resigned and is succeeded here by P. Sharkey. Mr. McLean, we understand, will be appointed to the district extending from Bella Coola to Blackwater.

Robinson, Wheeler & Robinson have taken over the contract for the construction of Mrs. Nygaard's new residence, which was commenced some time ago.

Foreman Keough and his bridge gang are engaged in making some very necessary repairs to the long bridge over the Bella Coola River, two miles from town.

Lack of material is delaying the start of construction on the new bridge over the Necleets-conny River. The necessary plans have arrived from Victoria and it is understood that this is the first bridge to be constructed when materials arrive.

Captain O'Connor, chief officer of the steamship Venture, arrived on the yacht Veranda in company with Messrs. C. A. Rainsford (owner) and W. and H. Sutherland.

The B. Brynildsen Company are having alterations made to the inside appearance of their general store, among other late innovations being a new light plant.

A power boat from Ocean Falls called here Thursday to take out a party of timber cruisers.

Mr. W. Little, well remembered by many people in this place, is now in the employ of the government as forest ranger and has lately started out to patrol the country between the Nazco and Blackwater Rivers.

Frank Johnson of Sloan was in town during the week, taking back a load of supplies for Max Hickman's road gang.

Mr. R. Leese, who is engaged as fishery officer, leaves to take his station at the head of Rivers Inlet, where he will remain during the fishing season.

Mrs. Thorson comes from Stavanger, Norway, to visit her brother-in-law, Captain Thorson, whom she meets for the first time in some thirty years, and will probably spend the summer here. Mrs. Thorson and daughters booked passage direct from Norway to Bella Coola by the C. P. R.

Mr. W. T. Walker of Buenos Ayres, Argentine Republic, arrived by the Camosun on Sunday morning. Mr. Walker comes to join his brother, Mr. R. Walker, who is at present engaged in clearing up a farm close to Hagensborg.

Should a bye-election take place in the Skeena district, whatever the result in other localities, Bella Coola could be trusted to show a Liberal majority that would smack of the old days before so many good people were so hopelessly befogged in the steam of the McBride machine.—Bella Coola Courier.

Find it through a Daily News Want Ad.

2-IN-1 SHOE POLISH. GOOD FOR THE LEATHER IN ALL KINDS OF WEATHER. EASY TO USE GOOD FOR THE SHOES.

Save One Ton of Coal in Every Six

The Economizer will do it. While the cost of living has undoubtedly been growing greater, at the same time it is true there are some inventions that will offset this increased cost of living, and the careful housewife takes advantage of these inventions.

On every Gurney-Oxford range there is an Economizer which controls not only the drafts but also the entire combustion or burning of fuel to create heat.

This Economizer will save 1 ton of coal in every 6 that you would use with the ordinary range.

The Economizer is a simple device, absolute in its control. By merely moving the lever you can obtain any degree of even heat in the oven. This insures the satisfaction of always having light, delicately crusted bread and biscuits.

The kitchen fire ceases to be a worry if the Economizer is on your stove.

The Gurney-Oxford is the final result of experimental thought. Science has given it a Divided Flue, a new Special Grate, and a Broiler attachment.

This Gurney-Oxford range is primarily a saver of money, time, and energy.
