Today's News Briefs

French moving atomic testing ground?

PARIS (A) - The French defence ministry refused to confirm or deny today a report that plans are being made to shift the French atomic testing ground from the Sahara to a Pacific island. Rumors of plans have reached Pitcairn Island which is concerned over health hazards.

Bride-to-be gets three years on drug charge

VANCOUVER (6 - Patricia Wells, 20-year-old bride-to-be was sent to Kingston penitentlary for three years today by the B.C. Court of Appeal for operating a drug pool during an acute heroin shortage in Vancouver. The sentence shattered marriage plans of the girl who had previously been acquitted on a charge of trafficking in narcotics.

Compromise forecast on test ban

GENEVA (A) -- Neutral delegates said today they see an ultimate compromise on the nuclear test ban issue involving annual on-site inspections in the United States and the Soviet Union. But they believe agreement is still a long way off.
