Your plans for your children's future education and other long-range goals are big reasons for systematic saving. And Royal Bank's TWO-ACCOUNT PLAN helps, by providing a Savings Account to use strictly for saving, together with a separate account for paying bills. I works this way . . .

PAYING BILLS

You write all your cheques against this special Personal Chequing Account. Cheques cost less: only 10¢ each. And you also get a statement, complete with cancelled cheques, every three months. It's a simple, businesslike way to keep finances straight and guard your savings too.

BORROWING

Another way to avoid "eating into" your savings is to finance your new washer, car or TV, or take care of other large expenses, by using a Royal Bank termplan loan. You pay reasonable interest --- often less than elsewhere — and you know what you are paying. No "extras"!

... These and other Royal Bank services are designed to help you manage your personal finances in a businesslike way at low cost
