### SENATE'S AMENDMENT TO NAVAL BILL—ROOSEVELT SAYS HE NEVER DRANK A "HIGHBALL"

#### NAVAL BILL SEEMS BOUND TO BE REJECTED BY THE SENATE

LEADER ROSS SAYS THE SENATE IS NOT JUSTIFIED IN GIVING ASSENT UNTIL BILL HAS BEEN SUBMITTED TO THE COUNTRY.

(Special to The Daily News.)  
Ottawa, May 28.—"That this house is not justified in giving assent to this naval bill until it has been submitted to the country." Such was the motion made in the senate, upon the second reading of the naval bill, by Senator George Ross, Liberal leader of the senate, seconded by Senator Bostock. Senator Ross spoke from shortly before three yesterday afternoon to a quarter past five upon this amendment, and that it will be adopted there is not a reasonable doubt.  
Referring to Premier Borden's reference to the senate in his Toronto speech Senator Ross took occasion to denounce the Premier's statement that the Liberal majority in the senate would but echo the views of Sir Wilfrid Laurier in the house of commons. "We are here," he said, "not to suit any premier or any opposition leader, but we are concerned in that any legislation which comes from this house shall be in harmony with public opinion."  
Senator Lougheed gave a lengthy address in moving the second reading of the bill, making a strong appeal to the senate to pass it. In his conclusion he said:  
"Notwithstanding the threats which have been made by the op-

#### BRITISH PEACEMAKER

Sir Edward Grey Trying to Untangle the Balkan Snarl.

(Special to The Daily News.)  
London, May 28.—Sir Edward Grey is struggling to bring order out of chaos in the Balkan tangle. He is urging upon all the Allies the necessity of signing the peace treaty, but there are little hopes of success so long as Bulgaria and Greece are so widely estranged.

#### COURT OF REVISION HOLDS FIRST SESSION

Tomorrow Morning Section One Appeals Only Will Be Heard.

The first sitting of the Court of Revision for the City of Prince Rupert was held at the City Hall this morning, Acting Mayor Naden presiding. Sitting with him were Aldermen McCaffery, Dyb-havn and Sutherland. The greater number of appeals were from Section One, most of the complaints being that corner lots were not assessed proportionately with inside lots. There were also several complaints of inequalities, some of which are no doubt well founded. No adjustments were made, the entire time being spent in listening to the arguments of the appellants. The court adjourned at eleven o'clock this morning to resume at ten tomorrow morning at which session Section One appeals only will be heard.

#### HAS RETURNED FROM OLD COUNTRY TRIP

A. T. Parkin Returned From Five Month's Trip to His Former Home in Sheffield.

A. T. Parkin, of the Parkin-Ward Electric Co., who left Prince Rupert the latter part of December to visit his father in Sheffield, England, returned to the city on the Prince George this morning. He is looking extremely well after his trip and is glad to report that his father has quite recovered from his illness.  
In England, business conditions, he says, were never better and manufacturers are almost swamped with the orders that have piled up on them. The weather in the old country during February was exceptionally fine but March was wet and unpleasant.  
Mr. Parkin returned via New York, Montreal, Toronto and Winnipeg. Mrs. Parkin and little son, who also made the trip, are remaining in Vancouver for a month or two on a visit with her sister.

#### "TEDDY" IS FORGOTTEN

Colonel Roosevelt Testifies That He Never Drank a Highball.

(Special to The Daily News.)  
Marquette, Mich., May 28.—Colonel Roosevelt was on the witness stand yesterday, in the trial of his libel suit against Editor Newell. He testified that he had never drunk a highball nor a cocktail; that he does not smoke but drinks beer and takes liquors only as medicine.  
On his way here the one time president of the United States spent two hours and forty minutes in Chicago, learning how hollow and fleeting is fame. He received his lesson at the door of the Lincoln Park animal house. His tutor was a despised "sparrow cop," who the colonel decided later on must have voted for Taft.  
The animal house closes at 5 o'clock and the officer refused to open it as the Roosevelt party arrived a few minutes after 5 o'clock. Roosevelt explained who he was.  
"Yes, I've heard of you," said the officer. "You can not go in. We close at 5 o'clock."

#### PREPARE FOR ELECTION

(Special to Daily News.)  
Vancouver, May 28.—According to the statements of prominent members of the Liberal executive today, many local Liberals and party organizers have received word from Ottawa to prepare at once for a general election.

#### NO DISAPPOINTMENT IN "PRINCESS CHIC"

Bostonians Excelled Themselves in A Difficult Production at the Westholme Last Night.

Since the first announcement that the Juvenile Bostonians during their present engagement would present Kirke La Selle and Julian Edwards' famous production, "The Princess Chic," the theatre going public of Prince Rupert has looked forward to its presentation with the greatest of interest and possibly with some degree of misgiving as to the ability of a company of juveniles to handle successfully a comedy requiring the best efforts of seasoned actors. The packed house that witnessed the presentation at the Westholme last evening was evidence that the Bostonians in five different bills since opening their engagement have demonstrated that they do not undertake anything beyond them and it is safe to say the expectations of every member of the large audience were more than realized. The scenery was beautiful, the costumes gorgeous and the music extremely pretty, with sufficient humor throughout to keep even the most sedate in roars of laughter. The plot which was somewhat more than ordinarily interesting introduced several notable persons in French history, the Princess Chic of Normandy finally winning the love of the Duke of Burgundy.  
Patsy Henry as Chambertin, Stewart as the Duke, was as usual the star comedian of the company while Dixie White and Stubby Myling as soldiers of fortune were exceptionally funny.  
In the musical numbers Thom Hellen's rendering of "I Hear You Calling Me" was beyond question the feature of the evening. She responded to repeated encores. She also rendered "Weak as a Woman" and "Come Love, Go Love" in a most pleasing manner. "That's How I Need You" by Blanche Ogden in the last act was also a favorite and was again and again encored. The duet "The Story Book" by Vera Lockhart and Ina Mitchell is a very pretty song and was well rendered. The trio "A Soldier of Fortune" and the quartette "How Are We to Know" were of a humorous character and brought forth hearty applause. Doris Canfield in "Rolling" brought down the house.  
Beyond doubt the Juvenile Bostonians are living up to the reputation they have established and the splendid press notices received elsewhere.

#### CY WARMAN TO BE GUEST OF CANADIAN CLUB

Eminent Writer Will Be Guest of Honor at Luncheon on Saturday.

Cy Warman, the noted Canadian writer who arrived in the city on Saturday last, has been invited by the Canadian Club of this city to be the guest of honor at a luncheon at the G. T. P. Inn on Saturday of this week. Fred Schaefer, representing the Newspaper Enterprise Association of San Francisco, who has the reputation of being a humorist of more than the average type, will also be a guest. The members of the Canadian Club will undoubtedly enjoy a rare treat in hearing these distinguished writers.  
Mr. Warman and Mr. Schaefer returned last evening from a trip to the end of steel, the guests of General Superintendent Mehan. Both were delighted with the magnificent scenery along the line and extremely optimistic as to the future development of the interior both from an agricultural and a mineral standpoint.  
Tomorrow they will be the guests of the Canadian Fish & Cold Storage Co., Ltd., on the trawler "James Carruthers". Mr. Warman is particularly anxious to get first-hand information concerning the great fishing industry that promises so much for Prince Rupert. They will be taken to the fishing banks where the immense quantities of halibut are now being harvested.

#### AMERICAN VISITORS ARE OPTIMISTIC

San Francisco Fire Insurance Men Pay First Visit to Prince Rupert.

Messrs. H. E. Parkhurst and W. G. Fortmann of San Francisco, arrived in the city by the Prince George this morning and are registered at the G. T. P. Inn. Both gentlemen are interested in the fire insurance business and are en route to various points in Alaska to look over the situation in that territory. They expect to leave for Ketchikan tomorrow evening. Interviewed by a "News" reporter they said they were most favorably impressed with Prince Rupert on this, their first visit to the city. Considering the many difficult problems the city has had to grapple with they were surprised to see that such wonderful development had taken place in so short a period. They are optimistic as to the city's magnificent future.

#### PELKEY AND TOMMY BURNS ARE COMMITTED FOR MANSLAUGHTER

REFEREE SMITH AND McCARNEY THE MANAGER OF THE LATE McCARTY, ARE ALSO TO BE TRIED ON THE SAME CHARGE

(Special to The Daily News.)  
Calgary, May 28.—At the trial of the prize fighters and promoters yesterday the crown set aside the verdict of the coroner's jury exonerating Pelkey and those connected with the fight, on two grounds; first that Coroner Castello had no right to sit as coroner in the case because he had attended the fight, and second, because the jury was padded by friends of Burns. Upon this ruling by the Court McCarney, manager for the fighter McCarty who died in the ring Saturday, and Referee Smith were taken into custody and placed upon their defence.  
The cases of pugilist Pelkey, and his manager Tommy Burns, ex-champion of the world, were first heard, and after evidence both were committed for trial on the charge of manslaughter.  
In all probability a special session of the assize court will be called for the trial of these and other commitments that may be made in connection with the death of McCarty.  
Hard Name to Pronounce  
A Spaniard who spells his name Carovortie was placed in the jug last night and this morning was fined \$5 and costs for being drunk and disorderly.

#### HIGHLAND BOY GROUP WILL SOON BE HIVE OF INDUSTRY

PROPERTY SOLD TO MINING OPERATORS OF BUTTE, MONTANA, WHO WILL SPEND TWENTY THOUSAND IN DEVELOPMENT

The Butte and Rocher de Boule Mining Co. are now prepared to begin operations on the Highland Boy group which they purchased last winter upon the report and recommendation of P. J. Jennings who was here all last year. Mr. Jennings is in town again and he will have charge of the work this year. He stated to the Herald that his company had \$20,000 available for development purposes and that they were going to get busy immediately. He is leaving for the mine Sunday and upon arrival will first erect a camp on the Highland Boy claim close to the tunnel site. A trail about a mile long has to be built to connect the Highland Boy with the Rocher de Boule, but as there is considerable snow on the top of the mountain yet a snow trail will be made first to enable them to get supplies in and to get the work under way. On the property is a small basin through which the veins run, thus giving an ideal tunnel site. The company will drive several hundred feet into the vein. They will get a depth of 500 or 600 feet and the development will be in ore all the time. As soon as the necessary preliminary work is done Mr. Jennings states that his company will install the most modern machinery and develop the mine on a large scale. He expects that by this fall there will be some big doings on Rocher de Boule mountain.—Omineca Herald.  
Explorer Wright Invited  
A hearty invitation has been extended by the Vancouver Canadian Club to Dr. Charles S. Wright, of the Scott Antarctic expedition, to address the local club at whatever date will be most convenient for him, when he passes through Vancouver on his way from Prince Rupert to his home in Toronto.  
Another Red Devil.  
The fire committee reported to the council last night in favor of purchasing another Red Devil, at a cost of \$7,650, similar to the one at present in use by the fire department, and on the motion of Ald. Sutherland the report was adopted.  
E. F. Doyle returned this morning after spending a couple of weeks in the lower coast cities. Some of his most intimate friends were surprised to see him return alone.
