## Today's News Briefs

Strikes cripple Paris bus system

PARIS (Reuters) — A series of lightning strikes almost paralyzed the Paris bus system today. The traffic chaos that resulted had a sharper impact on the public than the strike of 240,000 coal miners.

#### Bomb explodes in Montreal federal building

MONTREAL ( -- A bomb exploded today in a federal government building in Montreal housing internal revenue offices, but no one was injured. A newspaper was tipped off that the explosion would occur, by a caller who said the incident was planned by the Quebec Liberation Front.

#### New York newspaper strike ends

NEW YORK (A) --- New York's 114-day newspaper strike has ended with the roar of high-speed presses. A series of labor disputes had shut down the papers and cost the city's economy an estimated \$250,000,000.
