

FATAL ACTION OF SUFFRAGETTE AT DERBY RACE

HUGE CONSIGNMENTS OF ARMS FOR ULSTERMEN SEIZED—BULGARIA STILL ON THE WAR PATH

PARCELS POST BILL BROUGHT UP IN THE HOUSE AND PASSED

SIR WILFRID LAURIER SUPPORTS SENATE AMENDMENT TO HIGHWAYS BILL AND THINKS GOVERNMENT SHOULD ACCEPT IT.

Subscribe for the Daily News, Ottawa, June 6.—In the house of commons yesterday the parcels post bill was brought up, read a third time and passed. Sir Wilfrid Laurier, in opening the debate on the motion of the minister of railways that the house do not concur in the senate amendment to the highways bill, said it was regrettable there should be a difference of opinion

between the commons and the senate on the bill. The amendment of the senate providing that the appropriation for good roads be made on a basis of population should not prevent the government from accepting the amendment if they were earnest in their expressed desire to provide roads where roads were most needed.

MOST DRAMATIC DERBY EVER RUN ON HISTORIC EPSOM DOWNS

SUFFRAGETTE ATTEMPTS TO SEIZE BRIDLE OF THE KING'S HORSE IN THE FINISH—WOMAN FATALLY INJURED AND JOCKEY BADLY HURT.

(Special to The Daily News) Epsom, Eng., June 5.—(Delayed in transmission.)—The most dramatic Derby ever run on the historic course of Epsom Downs was accompanied by a series of events of the most startling character. Just before the finish a suffragette attempted to seize the bridle of the king's entry, Anmer, while the horse was running at its topmost speed. The horse fell, the woman was fatally injured and the jockey badly hurt.

The deplorable incident was witnessed by the King and Queen and a score of other royalties. Jones, the jockey who was riding Anmer, was unable to disengage himself from the stirrups and fell with the horse. He was badly injured and had to be attended by a surgeon at once. The woman lies unconscious in a local hospital. Her name is given as E. Davidson and she is thought to be Miss Emily Davidson, member of the Social and Political Union, who, since 1909, has been sentenced eight different times to imprisonment for participation in suffragette outrages.

Emily Davidson was the woman who assaulted a Baptist minister at Aberdeen station, mistaking him for Right Hon. David Lloyd-George, chancellor of the exchequer. She has been found hidden in the house of commons three times and ejected. Whenever she has been in prison she has started a "hunger strike."

In the great race the first to pass the winning post was Craganour, who was the favorite at 5 to 2, but he was disqualified for fouling and the prize given to the second horse, Abayder, a long odds horse, standing at 100 to 1. The second prize went to Louvois, a 7 to 1 shot, and the third to Nimbus, a Canadian horse that stood 100 to 12 in the betting.

DIAMOND BROKERS SCORE A VICTORY

Importers Show Committee That High Tariff Would Lead to Increased Smuggling.

Washington, June 2.—Diamond importers have scored a victory before the senate finance committee in charge of the sundries schedule of the tariff bill, the committee having decided upon a reduction in the proposed Underwood rate of 20 per cent. ad valorem on cut diamonds. The present 10 per cent. rate may be restored, but it seems more probable that a 10 per cent. rate eventually will be determined upon.

When importer after importer appeared before the committee and declared that any rate more than 10 per cent. on cut diamonds would increase and greatly encourage smuggling, the members of the committee began to investigate their statements. Finally when large importers insisted that a high rate on cut diamonds, assessed with a view of obtaining revenue on a luxury, would force some importers to ally themselves with the smugglers, the committee took up the matter with customs officials.

Members of the Diamond Trade Tariff League of New York had declared that a 20 per cent. duty would force dealers to buy diamonds from smugglers despite their unwillingness to do so and that in many cases they would buy smuggled goods unknowingly. Customs officials were inclined to verify this view and informed members of the committee that they would be opposed to so high a rate.

DIED

At the Prince Rupert General Hospital

Thursday, June 5th, 1913

William David Black

Of the Staff of the Prince Rupert Daily News

Aged Twenty-four Years

The entire staff of the "Daily News" today mourns the loss of one of its much esteemed members and in length of service its oldest member, in the person of W. D. Black, whose death took place at the Prince Rupert General Hospital at 7:30 o'clock last night. Notwithstanding that his condition was known to be serious the news came as a very great shock to his associates in this office and to his other numerous friends in the city. Although far from being well for the past two or three months, he did not give up until a week ago last night, when he laid aside his "stick" for the last time. On Monday on the advice of his physician he went to the hospital where even yesterday afternoon he showed slight signs of improvement. About six-thirty however, his condition became very critical and he gradually sank but retained consciousness to the end.

Deceased came to Prince Rupert over three years ago when he joined the staff of the "Optimist" (now the Daily News) and has been a member of the staff and a resident of Prince Rupert continuously since that time. He has filled various positions in the typographical department during that time. For the past two years he was secretary of the local branch of the Typographical Union, and he was extremely popular with all of its members.

In athletics until recently he took quite an active part, being one of the early members of the Indoor Baseball League. He was a member of the Presbyterian Church choir and was secretary of the Ramblers' Club, an organization in connection with the church formed for the purpose of taking outings of various kinds in the district surrounding the city.

Deceased was only 24 years of age and unmarried. His home was at Fergus, Ont., where his parents still reside. Two sisters reside at Lethbridge, Alta., one of whom is a trained nurse. The latter is now en route to Prince Rupert, having started as soon as she was advised of her brother's serious condition. She will likely arrive here on Monday, when the funeral arrangements will be decided.

NEW CIGAR STORE IN WESTHOLME BLOCK

Two Popular Young Men Have Formed Partnership and Will Open New Shop.

C. L. Youngman, for some time accountant in the local branch of the Union Bank, left for Vancouver on the steamer Prince George this morning to purchase show cases and other fixtures for a new cigar store, to be opened in the Westholme Theatre Block in the premises at present occupied by Rochester & Munroe, who have about closed arrangements to move into the Haskamp Block on Second avenue. Mr. C. A. Vaughan, of the Bryant Co., Ltd., is joining Mr. Youngman in the new venture and has resigned his position with the Bryant Co. Both young men are popular and well known in the city. The stand in the Westholme Block is a very desirable one for this particular line of business and is likely to become more so with the building of the new Premier Hotel and the permanent G. T. P. Hotel. Messrs. Youngman and Vaughan expect to open their new business about the end of the present month.

Rochester & Munroe are leaving their present premises on account of increased business demanding more room.

(Special to The Daily News.) New York, June 6.—Becker, the police lieutenant under sentence of death here, is seeking a new trial on the grounds that new evidence has been discovered and that the verdict of conviction was contrary to law and against the evidence. UNPROTECTED STATE OF COAST IS BROUGHT UP IN THE SENATE

SENATOR POWER DECLARES PRINCE RUPERT WOULD BE LOST TO CANADA IF JAPANESE LANDED THEIR FORCES ON THESE SHORES.

(Special to The Daily News) Ottawa, June 6.—In the senate yesterday the matter of Pacific Coast defence was brought up by Senator Power of Halifax. He said this was an age when wars came suddenly, and asked what would happen if the Japanese should land their forces on the Pacific Coast of Canada. He answered the question himself by declaring that Vancouver,

Victoria and Prince Rupert would be lost to Canada, and the Dominion would have a "hard time in getting them back."

In the case of such a landing of Japanese troops the Canadian Pacific railway in British Columbia would be seized by the Japanese residents, and Canada would be helpless to prevent it.

BULGARIA'S NEW CABINET IS LIKELY TO BE VERY BELLICOSE

ROUMANIA JOINS BULGARIA TO FIGHT SERBIA AND GREECE —GREEK PREMIER HANDS IN HIS RESIGNATION.

(Special to The Daily News) London, June 6.—Instead of the new cabinet of Bulgaria making for peace as was confidently prophesied, it promises to be more bellicose than its predecessor even. It is reported that Roumania has offered to join Bulgaria, so there is little doubt that the combined forces will make war against Serbia and Greece.

The Greek premier, who attended most of the peace conferences here, has handed his resignation to King Constantine, declaring that he does not desire the responsibility of the disposition of the troops in regard to Bulgaria. His successor has not yet been announced; in fact there seems to be no rush of applicants to take up the responsibility he has laid down.

But while the Balkan States who were allies against Turkey are likely to start hostilities among themselves, steps making for permanent peace are being taken by the powers. Italy has ceded to Greece the coast line of the former Turkish province of Epirus, between the river Kalamas and the Bay of Phetelia; France has agreed to the southern frontier of Albania running from the south of Cape Silyos to Goritza, the town of Goritza to be included in Albania.

DECLARES WAR TALK IS SILLY NONSENSE

Member of Japanese Diet Says Little Affair of Alien Law Will Not Break Friendship.

Portland, Ore., June 3.—Y. Yamaguchi, member of the Japanese diet and a leader in the new constitutional party, who arrived in Tacoma Saturday from Japan, passed through Portland today, en route to San Francisco. In an interview Mr. Yamaguchi, who was formerly secretary of the Japanese diet, declared that talk of war between the United States and Japan was foolish.

"That little affair in California is nothing," said the visitor. "Japan and the United States need feel nothing but the greatest friendliness."

The Japanese statesman has come to this country primarily to tell the people of his race in California that the situation there should not in the least strain the friendly feelings which the two nations have so long enjoyed. He represents the American Friends Society, an organization of those Japanese who have visited the United States. The society is made up of some of the highest dignitaries of the island empire.

From California Mr. Yamaguchi will go to Washington to visit Viscount Chinda, Japanese ambassador to the United States, and he expects to call on President Wilson and Secretary of State Bryan to assure them that the Japanese people still feel a close bond of friendship which in no way has been weakened by the California incident.
