50TH WEDDING ANNVERSARY The 50th wedding anniversary of Mr. and Mrs. Joseph Innes of Kitkatla was celebrated December 17 at Friendship House with friends of the Native Fellowship present. The couple were married in a shack tent church on what

is now First Avenue West by Rev. W. H. Collison and are believed to be the first Native couple married there. Mrs. Innes was the former Jessie Jackson. Mr. Innes said that the day they were married, there was a

great deal of blasting going on. Just as he was to place the ring on his bride's finger there was a terrific blast which caused her to run off.

When this happened again, she did not run, but the ring missed her finger. A third attempt was successful and they were finally married.

The couple have a home at Kitkatla and have nine children, nine grandchildren and two great grandchildren.
