BOARDS OF TRADE ASKING FOR SUSPENSION OF COAL DUTIES

PRINCE RUPERT AND VANCOUVER BOARDS REQUEST COMMISSIONER OF CUSTOMS TO CANCEL DUTIES DURING PRESENT GREAT SHORTAGE OF FUEL

Fifty three cents a ton knocked off the price of coal. This may be the effect of the resolutions passed by the Board of Trade of Prince Rupert, Vancouver, and, it is expected, of other cities in the province.

There was no discussion when the Board of Trade met at two o'clock on Saturday afternoon. One and all agreed to act on the suggestion of the sister body in Vancouver and telegraph to the Commissioner of Customs a request that the duty be taken off United States coal while the present shortage, due to the strike, continues.

The immediate cause of the meeting and of the resolution was a wire received by F. G. Dawson, President of the Board, from the Vancouver Board. This stated that the Vancouver Board was working hard with the Minister of Customs for temporary cancellation of the duty on coal imported from the United States and suggested that the Prince Rupert Board should make a similar request by wire. This, it was declared, would greatly strengthen their application and benefit all concerned. There was immediate relief in sight for the supply of coal from collieries in British Columbia.

The action taken by the Prince

Rupert Board of Trade was to despatch the following wire: To Hon. John Dougald, Commissioner of Customs, Ottawa, Ontario.

Resolved by the Prince Rupert Board of Trade that owing to the present coal shortage now existing in British Columbia, caused by the United Mine Workers strike, it is deemed advisable to temporarily cancel the duty on coal from the United States.

(Signed) J. LORNE McLAREN, Secretary
When asked by the Daily News what the chances of success might be in his estimation, Secretary MacLaren spoke in very hopeful and confident tones. A little over a year ago, during the strike at the Crow's Nest mines, the government had complied with similar requests and for some months cancelled the duty on coal coming from the United States.

Mr. MacLaren added that information had been received that all the animals had been taken from the mines where the strike is in progress and that the machinery was now being taken out. No coal could be expected for at least six months. The receipt of this information had borne direct influence on the decision of the Board to ask for a suspension of duties.

FOUR CHARGED WITH ARCHIBALD'S MURDER

Chief of Police Believes They Have Sufficient Evidence as to the Killing of Constable

(Special to The Daily News.)

Vancouver, June 9.—H. F. Clarke, Frank Davis, Joseph Seymour and possibly James Hamilton, will be charged with the murder of Constable Archibald, is the statement of Chief of Police Mulhern. "We have obtained sufficient evidence," he says, "to make the laying of the serious charge a positive fact, and if they are not laid in the police court today they will most assuredly be some time during the next few days."

NO DANGER ANTICIPATED

No Alarm Felt at Seward Because Volcanoes Become Active

(Special to The Daily News.)

Seward, Alaska, June 9.—Although a west wind is driving the smoke and flames from the Katmai volcano over Seward, no alarm is felt here as there are four craters on the mountain giving vent to intermittent convulsions, and a terrific outburst like that of last year is therefore not anticipated. It is believed, however, that Katmai may continue to emit vast columns of smoke indefinitely.

The C. P. R. s.s. Beatrice leaves this afternoon at 6 o'clock.

IN MEMORIAM

Friends and Comrades Pay Final Tributes To

William David Black
Deceased
Late of the Daily News Staff

A large number of friends and acquaintances assembled at Hayner Bros. funeral chapel yesterday afternoon to pay their tribute of respect to the late William David Black, for three years a member of the typographical staff of the Daily News. The Typographical Union, of which deceased had been secretary for the past two years, turned out full strength and the Presbyterian choir, of which he was a member, was well represented.

Owing to the absence from the city of Rev. F. W. Kerr, who is attending the General Assembly of the Presbyterian church at Toronto, the funeral service was conducted by Rev. Warren McLeod of the Baptist church, who took as the basis of his address the immortality of the soul. Great as is the sting caused by the decease of a young man in the prime of life the address was of such a character as to mitigate the sorrow of those present.

JAPANESE IN HAWAII PASSED RESOLUTIONS

Asking That Immigration Officials Be Discharged Owing to Their Unfairness

(Special to The Daily News.)

Honolulu, June 9.—Resolutions were adopted at a Japanese mass meeting yesterday praying that their United States federal immigration officials here be discharged, owing to their unfairness and harshness dealing with the Japanese on returning from Japan. It set forth that many Japanese women have been insulted by the offensive remarks of the officials.

MILITANTS ON TRIAL

Sir Array of Counsel Appears On Both Sides

London, June 9.—The trial of the suffragette leaders charged with conspiracy to do damage to property began today. "General" Flora Drummond, did not appear, the case having been postponed owing to her illness. A big array of counsel appeared, Sir John Simon, head of the government counsel, opening the case.

BALKAN ALLIES PREPARE FOR WAR AMONG THEMSELVES NOW

BULGARIA TRYING TO EFFECT RE-APPROACHMENT WITH TRIPLE ALLIANCE--DECLARES SHE WILL NEVER CONSENT TO REVISION OF SERBIAN TREATY

(Special to The Daily News.)

London, June 9.—Vienna despatches of this morning say "War is almost inevitable between the Balkan Allies, according to a Sofia despatch to the Neue Frei Press, which declares that a solution of the cabinet crisis is not looked for before June 12. The Daneff cabinet is expected to effect a re-approachment with the triple alliance, and meanwhile the meeting of the Premiers is extremely doubtful. Intense excitement prevails. Serbia is allowing the passage of no Bulgarian messages. From to-

day a more drastic state of war will be observed. All houses close at nine at night."

Sofia, June 9.—The Semi-official Mir, declares "No Bulgarian Government will ever consent to a revision of the Serbo-Bulgarian treaty."

Belgrade, June 9.—The feeling of alarm is becoming pronounced here, the belief being that Bulgaria is delaying her reply to the Serbian note only to gain time to distribute her troops to the best advantage.

MILITANT IS DEAD

First Martyr to Militant Suffragette Efforts Passes Away

(Special to The Daily News.)

London, June 9.—Emily Wilding Davison, the first martyr to the militant efforts of women to obtain suffrage, died today at the Epsom hospital, as a result of a fracture of the skull sustained in the attempt to stop the King's horse, Anmer, during the running of the Derby on Wednesday. Only the matron of the hospital and two nurses were present at the death-bed.

News reached the city today that the general store conducted by F. L. Charlson at Telkwa, was entirely destroyed by fire a couple of days ago. Mr. Charlson, who has been in business at Telkwa for a number of years, carried a heavy stock of general merchandise. Definite particulars as to the amount of insurance have not been received. Mr. Charlson, it is understood, is at present in Vancouver on business.

GEORGE WYNDHAM DEAD

Was Chief Secretary for Ireland for Five Years Under Balfour

London, June 9.—Rt. Hon. George Wyndham, for some time chief secretary for Ireland, died in Paris yesterday, at the age of fifty. He was born in 1863, educated at Eton and Sandhurst and was for a time in the Guards, but feeling drawn to a political career became private secretary to Mr. Balfour. In 1889 he became member for Dover, and in 1898 he was made chief secretary for Ireland with a seat in the cabinet. He resigned his ministerial position in 1905. He married the Countess Grosvenor, mother of the Duke of Westminster in 1899.

BENEDICTS WIN

Exhibition of Good Play in Football Match.

A close football struggle between the married men and single resulted in a hard-won victory for the former and a fine exhibition of good play by both sides. The game was played at 8 o'clock Saturday evening on Second avenue, where it was watched by an attentive crowd.

At half-time the score stood four to one in favor of the married men, but the bachelors scored two more points in the last half. The final score, four to three, was a better indication of the closeness of the contest. The play on both sides was a credit to the Callies. A. Holmberg acted very ably and with good judgment as referee.

KILLED IN BATTLE

Organizer of Industrial Workers Stoned to Death Yesterday

(Special to The Daily News.)
Seattle, June 9.—A special to the Post-Intelligencer from Wilson Creek, Washington, says an unidentified organizer of the Industrial Workers, was stoned to death yesterday, during a pitched battle between the members of the I. W. W. and a gang of Italian laborers employed by the Great Northern.

CANNOT ENTER DOMINION NOW WITHOUT TWENTY-FIVE DOLLARS

IMMIGRATION REGULATION TO THAT EFFECT, WHICH WAS FOR A TIME RELAXED, IS NOW AGAIN TO BE ENFORCED

(Special to The Daily News.)

Ottawa, June 9.—Owing to the scarcity of help which existed early in part of the present year, the government decided to relax the immigration regulations so as to permit the entry into Canada of railroad construction laborers, general laborers and others coming to assured employment, without requiring them to be in possession of \$25 as in the general law. This relaxation applied to persons from the British Isles and Northern Continental Europe. Owing to the present stringency of the money market and the possible consequent decline of building operations and industrial development, it is felt by T. W. Crothers, Minister of Labor, that the continuance of this relaxation of the

money qualification regulations, increasing materially, as it does the inflow of other than agriculturalists, is no longer justified. Consequently instructions have been issued to officers of the Department of Immigration that immigrants arriving on and after July 1st must have in their possession \$25 each, as required by law.

Publicity is being given to this rule in countries where Canada is carrying on immigration work so that persons contemplating coming into Canada will be fully aware of the conditions governing their entry to the Dominion. Farm laborers and domestic servants are in great demand in all the provinces, so they will not be required to have upon arrival any specific amount of money.

DAMAGES FROM THE BIG BLAST ONLY TWELVE HUNDRED DOLLARS

This Is Present Estimate---Hundreds Assembled to Watch Volcanic Spectacle---One of Biggest Fired in Rupert

The crowd of many hundreds of people who assembled to watch the firing of the big "shot" at the foot of Centre street on Saturday witnessed a fine spectacle. Just after 5 o'clock in the afternoon the whistles began to blow. Ten minutes later there was a great "Boom!"

Not only was the roof of No. 2 freight shed battered in, but a great deal of the planking on the docks was smashed. A good many boxes of freight will be found to have been opened en route to their buyers, but not by the hand of man. Several barrels

steadily on the roof of the freight sheds for a few seconds and when they had all fallen, that roof looked like a lace pattern. It was fortunate that no one remained in the sheds although there is said to have been some trouble in inducing one somnolent and slightly inebriated gentleman to come forth from his hiding place and take himself to a safe spot, away from the vicinity. The crowd was kept out of the sheds while the extent of the damage was inspected, and a crew of men was set to work to clean up the debris—a job which they accom-

plished in a remarkably short time.

While the blast was spectacular, the damages resulting were not so serious as many at first surmised. It has been estimated that \$1,200 will cover the whole, \$600 for the damage to the freight shed and planking, and another \$500 or \$600 for damage to freight. Not a window was

broken in the two hotels near-by, but they were deserted by their inhabitants.

It is expected that this will be the last big blast for some time. For one thing it costs to fire off over twenty tons of powder, besides paying out \$1,200 for damages. However, there is more rock to be blown away yet, and Archie McDougall does not venture to predict how long it will be before the Grand Trunk asks for another blast.

Except for the damages done, the shot was a perfect success. While the possibility of wrecking

property is always taken into account, it was not in this instance regarded as a certainty, as some have supposed. But compared with the magnitude of the work done, the damages consequent were slight. Archie McDougall and his men are to be complimented on the success of their skillfully laid shot.

ULSTER MAKING BITTER FIGHT AGAINST THE HOME RULE BILL

CLAIM THAT UNIONISTS DO NOT SHOW SUFFICIENT HOSTILITY TO BILL, AND SUGGEST TURNING COMMONS INTO SHAMBLES

(Special to The Daily News.)

London, June 9.—The Home Rule for Ireland's bill is scheduled to come before the House for its second reading today. preliminary to its second passage, it is stated that three passages are necessary for it to become law over the veto of the House of Lords. It is assumed the latter will throw it out again as it did last year, and it will then have to go through the usual routine in a 1914 session before becoming law.

In the forthcoming fight in the House the Ulsterites can be depended upon to oppose the bill by every means in their power. In Ulster itself it has been ob-

jected to that many of the Unionists have not shown sufficient hostility to the bill. They have been urged to adopt "militant methods" and if they cannot defeat the measure by ordinary debate to turn the House of Commons "into a shambles" and prevent any business being transacted.

Sir Edward Carson, however, opposed provoking a fight in the house, which would be the only result of militancy on the part of the Unionists, and he advised against it.
