PRINCE ALBERT AS A CANADIAN LAKE SAILOR.

This picture is a snapshot of His Royal Highness Albert, second son of King George, taken on the Richelieu and Ontario steamer Chippewa on her way from Toronto to Niagara. The Prince is in the centre and on the right and left are two midshipmen chums of H. R. H. from H. M. S. Cumberland. The Chippewa's passenger list included the sixty-nine naval cadets from the Cumberland, and they all went over to see the great cataract. Prince Albert said that he was enjoying his Canadian trip very much. He looks it in the picture. He remarked that he should like to see more of the country, including a baseball game and a lacrosse match. On the way up the Niagara River some of his fellow cadets showed blissful ignorance of Canadian history by asking who on earth was General Brock, whose monument confronted them. Prince Albert rose to the occasion by telling the story of Queenstown Heights.

MINING NEWS OF THE PROVINCE

Revised statistics of mineral production in British Columbia in 1912 will, when published, show that the preliminary estimate of the Provincial Mineralogist, given out about the middle of January, was within \$200,000 or \$300,000 of the actual recorded value of the production, but it is known that the total is in excess of \$39,000,000. The approximate proportions are:—Metaliferous minerals, \$18,000,000; non-metaliferous minerals, \$14,000,000. In round figures the value of the respective minerals included may be stated as about as follows: Gold (placer and lode), \$5,800,000; zinc, \$300,000; coal and coke, \$10,500,000; building material, etc., \$3,500,000. As already stated, these are not to be accepted as indicative about what the official records may be expected to show when they shall be available for reference.

Placer gold reached the highest total in the four years since 1908. Lode gold was within \$11,000 of the highest total on record in the province, namely, that for 1910. Not so favorable is the comparison of total gold—placer and lode together—for in five previous years was the total of 1912 exceeded, as follows: As against a total of less than \$5,900,000 in 1912, totals of higher years were—1910, \$6,073,380; 1908, \$5,929,880; 1905, \$5,902,402; and 1902, \$6,061,409. Silver is higher in value than for any other year since 1906, and in quantity since 1905. Lead has the highest figures, both quantity and value, in five years, 1908-1912. Copper figures are the highest on record in all years, as to both quantity and value. In zinc, the comparison is not favorable to last year.

Coal shows a value of nearly \$600,000 less than in 1910, but it is \$1,500,000 higher than the 1911 total, and more than \$2,000,000 higher than that of 1909, with earlier years showing a still greater disproportion. The coke total is the highest on record as to value, but not as to quantity, for in 1905 the production was 7,450 tons greater. Taking coal and coke together, there was on-

ly one year—1910—when a higher total value was reached, that year having been credited with \$321,500 more than was 1912. A considerable reduction was made in the value placed on miscellaneous products, as compared with that shown in the preliminary estimate, thus bringing the total for these below that recorded for 1911. There is much difficulty in arriving at the value of these products, for comparatively few of those directly engaged in their production will make returns. Yet it is believed the value given by the Provincial Mineralogist each year is as near as can be arrived at under the conditions.—Canadian Mining Journal.

FRANK BARRIEAU TO MEET DANNY O'BRIEN

Vancouver Welterweight Matched With Seattle Boxer for Fifteen Rounds.

Vancouver, June 14.—Articles were signed yesterday by Frank Barrieau, ex-amateur champion welterweight of Canada, and Danny O'Brien, the well known Seattle boxer, for a scheduled 15 round bout at Edmonds, Burnaby, on the evening of June 24. Mr. Eniss of New Westminster, is promoting the match and he got the managers of the boys together yesterday and they affixed their signatures to articles. Barrieau needs no introduction to Coast boxing fans. He held the Canadian and Pacific Coast welter title for two years and has never been defeated in his ring career. He recently outpointed "Red" Robinson over eight rounds, scoring a decisive victory. O'Brien is one of the best-known boxers on the Coast and has a long string of victories to his credit. The boys will meet at 140 rounds.
