NEWSY TELKWA NOTES

The surveying of the townsite was completed Thursday and Friday morning Mr. Affleck, who had charge of the work, took his party across the grade and are now surveying the Kelly mineral claims. These claims overlap the G. T. P. yards, and the place where Mr. Kelly has opened up the ore chute is less than half a mile from the station.

Sunday afternoon a fire broke out at the upper end of the railway yards and burned fiercely through Sunday night and Monday, destroying in the neighborhood of 5000 ties.

T. L. Carr has had a small force of men working all week draining off the water along the railway grade. Later on a ditch will be dug along the grade from which smaller arteries will be run at right angles to drain the lower flat of the townsite.

The Williams-Carr Lumber and Investment Co. have erected a large tent in the temporary business quarters and as soon as they receive the lumber for flooring and their office supplies will open up for business in the new town.

Broughton & McNeil have established a restaurant near the yards, and are boarding a number of men engaged in clearing.

Remarkable progress has been made on the clearing contracts and there is now about twenty-five acres slashed. On the opposite of the grade the timber has all been slashed on the sixty-acre tract to be used by the railway company, and a force of men are now engaged in taking out the stumps. A fill of about 3 ft. will be necessary here to bring the sidings up to grade.

The road gang is doing excellent work on the road between

FORFEITS NOT POSTED

Important Part of Preliminaries for Ritchie-Rivers Unsettled.

San Francisco, June 14.—Although the Ritchie-Rivers articles have been signed, the most important part of the transaction between Nolan and Levy remains to be completed. Until forfeits called for by the articles are posted, the articles are not worth the paper they are written on. If a hitch occurs the whole match will be up in the air.

The articles, which were drawn up by Levy at Nolan's suggestion, call for a forfeit of \$2,500 for weight and appearance in the ring within twenty-five minutes after weighing in. The latter clause was inserted by Levy and without objection by Nolan, Levy evidently fearing that after weighing in Ritchie would "fudge" to gain all the strength he could. It was left to the party not at fault to take this additional forfeit or refuse to go on, as he chooses.

ANOTHER MINE STRUCK

Third Vessel Destroyed by Turkish Mines in Smyrna Bay.

(Special to The Daily News.) Constantinople, June 17.—An unidentified sailing vessel last night struck a submarine mine in the harbor of Smyrna. The vessel was destroyed, and it is feared with all on board.

Read Jabour Bros.' advertisement, page 2.

Telkwa and Smithers, and it is expected they will reach the new town within a month. The new road crosses the railway grade at a point about four mile this side of Smithers and will follow a straight line to the edge of the townsite, from where it will follow one of the streets running parallel to the railway.—Telkwa Tribune.

Keep Out the Weeds

Weeds unchecked will ruin the crop.

It isn't sufficient to plough and sow well in Spring and Fall and leave the rest to nature.

There are weeds to fight.

There are weeds in Business, too—weeds of competition and opposition—of public indifference from without, and of lack of enterprise from within—weeds that unchecked seriously retard business growth.

Cultivation is the only effective weed-killer. Keep cultivating and the weeds never get a chance to thrive.

There is a combination plough and harrow, fertilizer and spray, for every business—an effective weed-killer that will keep out the weeds.

It is Advertising

It is not enough to plough and sow well with advertisements in Spring and Fall and leave the rest to human nature.

Human nature and the respect your customers bear you are not proof against the Summer weeds that can thrive on rest and apathy.

You must keep busy in the hot weather—yo must keep cultivating.

Turn Summer dullness into activity by Summer Advertising. Plan Summer attractions, and plant for a crop of Summer profits, and the Advertising cultivation will keep out the weeds.
