UNITED STATES TROUBLES WITH MEXICO INCREASING—EXPERIMENTAL FARM FOR BULKLEY

PORTS SPLENDID PROGRESS IN CONSTRUCTION OF G. T. P.

CHAMBERLIN, BROTHER OF PRESIDENT OF THE ROAD,
TELLS OF GOOD WORK BEING DONE ON THE
WAY TO FORT GEORGE.

(Special to The Daily News.)
Vancouver, July 17.—Splendid progress in construction work on the new Grand Trunk Pacific between New Hazelton and Fort George is being accomplished, according to Mr. F. E. Chamberlin, who has lately inspected that end of the line, and has been in Vancouver for a few days. Mr. Chamberlin is a brother of the president of the Grand Trunk Pacific and has had supervision of the construction of the new road between British Columbia during the last two years. The railway company, he says, will expend \$1,000,000 in improvements at the end of the line to facilitate the handling of the railway business at that division point, and eight miles of track and sidings will be laid in the Smithers yards.

A. E. Griffin, who has completed a twenty mile contract on the Grand Trunk Pacific along the south fork of the Fraser, and who was also in Vancouver recently, says he expects the rails from the east to reach Fort George by the end of the year. Mr. Griffin has just started work on a new contract of thirty miles, starting at a point twenty-five miles west of Fort George. He states that grading is in full swing in the last gap between Bulkley summit and Fort George.

"CHARITY BALL" IS SUCCESSFUL PLAY

Crowded House Welcomes Return
of Griffith Stock Company
at Westholme.

The crowded house which watched the presentation of "The Charity Ball" by the Griffith Stock Company yesterday evening at the Westholme Theatre was certainly not disappointed. They all felt that they had their money's worth from a good evening's entertainment.

"The Charity Ball" is a drama concerned with Wall Street and with love making, high finance versus high feelings. The strain of the more serious moments is, however, relieved by the excellent comic acting of the Griffiths themselves. Lillian Griffith as Mrs. De Peyster, the widow, was excellent, while S. M. Griffith was a great funmaker as Peter Queney Knox, the judge whose love for Mrs. De Peyster shook for a while on a faulty pedestal. Richard Frazier as Richard Van Buren, the central character of the piece, acted his part with creditable skill, while little Miss Julia Fehr as Cain, a wife, was the favorite of the house.

"The Charity Ball" will be presented again tonight. Tomorrow and Saturday the company will present the well known comedy, "Girls."

RUSSIAN WHEAT

Great Increase in Production as
Against Last Year.

(Special to The Daily News.)
Ottawa, July 17.—A cablegram received today from the International Agricultural Institute gives the official preliminary estimate of winter wheat in Russia, in Europe, as 277,683,000 bushels compared with 243,764,000 last year, winter rye 947,168,000 bushels, compared with 1,006,641,000.

HAS RESUMED RUN

Prince Albert Again on Regular
Schedule to Charlottes.

The steamer Prince Albert, of the G. T. P. coasting service, which has been for some time off the route while undergoing repairs, has resumed her regular schedule in conjunction with the Prince John on the Queen Charlotte run. The Prince Albert left here last evening for Masset.

The cost of the repairs to the Albert was expensive. It is estimated that the work cost \$35,000.

OUR FISHERIES VALUABLE

Cabinet Minister at Last Awakes
to the Fact

(Special to The Daily News.)
Winnipeg, July 17.—"The fisheries of British Columbia are even more valuable than those of Nova Scotia," said Minister Hazen last night, upon his arrival here en route to Prince Rupert. He says that great development of the fishing industry of Western Canada can with confidence be expected.

TROUBLE WITH MEXICO

Ambassador Lane Is Summoned
Home for Conference

(Special to The Daily News.)
Washington, July 17.—Mr. Lane, the United States ambassador to Mexico, has been summoned home for a conference on the Mexican situation, the relations between the two governments having become badly strained.

PRACTICE WHAT YOU PREACH, MR. MERCHANT

A short time since the "Daily News" published a letter written by "A Local Business Man" voicing a complaint of the merchants of this city in regard to the pernicious habit, followed by too many of our citizens, of sending to the large departmental stores for dry goods, groceries and merchandise of all descriptions. Now, Mr. Merchant and Mr. Business Man of every description, practice what you preach. There are in the City of Prince Rupert five job printing establishments, two at least of which are run in connection with newspaper offices which are exerting every possible influence to attract capital and industry to the city. These establishments merit your patronage in every possible way that they can cater to your wants. When you require anything in printed matter send your order in to one of the local offices rather than give it to an out-of-town printer who cares nothing for Prince Rupert more than what he can get out of it. Even though you may have to pay a little higher price to the local printer, do not forget that it is the local printer who is helping you to sell your goods at higher prices than merchants get in the eastern centres to an increasing number of customers.

THE LARGEST DOCK ON THE CONTINENT

To Be Built Opposite Quebec at
a Cost of Nearly Three
Million Dollars.

Ottawa, July 12.—Tenders for the largest dock in America, to be constructed at St. Joseph de Levis, opposite Quebec, have been considered by the department of public works for some time past, and it is expected that a contract will be awarded immediately. While nothing official can be ascertained, the successful bidder is said to be M. P. Davis, the big contractor, with headquarters in Montreal. The contract is said to be \$2,700,000. This is considerably below the estimate of the engineers, but Mr. Davis has the advantage of having an extensive plant and contracting equipment practically upon the ground. The firm was the contractor for the Quebec bridge superstructure and also for the Transcontinental Railway in the Quebec district. The dock is to be 1,250 feet long and 420 feet wide. It will be so built that two ships of the largest type now in operation on the St. Lawrence may be accommodated at once. It is of sufficient size to accommodate a ship of the magnitude of the Imperator. It is being constructed by the government.

BOXERS TRAINING

NO ELECTION AND NOT EVEN A FALL SESSION OF PARLIAMENT

PREMIER BORDEN DETERMINED TO PRESENT THOSE THREE
BATTLESHIPS WITHOUT ASKING CANADA'S CON-
SENT—SIR WILFRED LAURIER BETTER.

(Special to The Daily News.)
Ottawa, July 17.—The Evening Citizen says there is an impression prevailing in high political circles that there will be no fall session of parliament. It is believed that the redistribution bill will be brought down immediately after New Year, but in regard to this no definite announcement has been made.

Ottawa, July 17.—Sir Wilfrid Laurier, who has been suffering from a severe attack of bronchitis, was reported much better this morning and his physician says there is now no doubt of his complete recovery.

Ottawa, July 17.—Premier Borden's stay at St. Andrews,

N. B., is not altogether a holiday. He is reported as now being engaged in negotiations with the imperial authorities to present three warships to the mother country. The presence of Minister White in England lends color to this report. It is understood that three ships will be laid down under the naval act, to be paid for by Canada. Premier Borden's parting words to parliament at the close of the session were to the effect that Canada would pay for three war vessels when they were constructed.

Ottawa, July 17.—Hon. Hugh Richardson, the veteran journalist, is dead. He was a native of the Island of Guernsey, and was the first publisher of the Canadian Hansard.

SMUGGLING CHINESE THROUGH DANGEROUS PASS IN ROCKIES

WILD AND UNFREQUENTED PASSES OFFER EVERY FACILITY
FOR SMUGGLERS TO OUTWIT CUSTOMS OFFICERS ON THE BOUNDARY.

Edmonton, July 14.—Dangerous passes in the Rocky Mountains are being used to smuggle Chinese from the Province of British Columbia into the States of Washington, Idaho and Montana, according to A. T. Lunney, connected with the immigration department of the State of Washington, who was in Edmonton on official business a few days ago.

These passes, Mr. Lunney said, are wild and unfrequented, and offer every facility for

smugglers to outwit the customs officials. He added that Chinese are taken in motor cars and landed within walking distance of a remote railway station on the American side at a certain price per head. The traffic was flourishing a few years ago, he continued, but was finally broken up. Now, however, the smugglers appear to have found a new means of continuing their work, and as a result many Orientals are going into the States.

ANGLICAN PICNIC

It Was Held in Spite of Rain at
Metlakatla Bar

The Anglican picnic, which was held yesterday, was a fair success despite the malevolence of the spirit of showers. The party left about 10 o'clock in the morning in a scow towed by the church mission boat, the North-east Cross, and went to Metlakatla bar. The weather promised to be fine in the early part of the day, but later clouded up and the picnickers were obliged to eat their second meal in the rain. On the whole, the picnic was a success, however, although it was not found possible to hold the sports as had been intended. The party returned about 7 o'clock in the evening.

EXPERIMENTAL FARM FOR BULKLEY VALLEY

Director of Dominion Government
Farms Will Shortly Pay
Visit to Prince Rupert.

(Special to The Daily News.)
Vancouver, July 17.—It is learned here that the Dominion government has decided to establish an experimental farm somewhere along the Grand Trunk Pacific Railway between New Hazelton and Fort George. It is officially announced that Mr. Grisdale, director of government farms here, will go north to Prince Rupert soon to make a selection of the ground for the farm.

JOHN BULL WAKES UP

Gives Uncle Sam a Nasty Slap
About Mexico.

(Special to The Daily News.)
Washington, July 17.—Great Britain has served notice upon the United States that order must be preserved in Mexico. The British foreign office invokes the Monroe doctrine to show the responsibility of the United States in the matter. Great Britain has not recognized the Huerta government, while the United States tardily did so.

How Proctor Was Killed.

Victoria, July 12.—Seymour Clifford Macdonald, an electrician, was arrested tonight on a charge of manslaughter in connection with the death of Thomas G. Proctor. He was released on \$10,000 bail. Macdonald has confessed to running down Mr. Proctor with his automobile.

Mrs. John Flewin of Port Simpson is in the city, a guest at the G. T. P. Inn.

ANTI-AMERICAN AGITATION IN THE CAPITAL OF MEXICO

AMASSADOR LANE WARNS MEXICAN GOVERNMENT AGAINST
PERMITTING ANY FURTHER ANTI-AMERICAN
DEMONSTRATIONS IN CAPITAL.

Mexico City, July 14.—The Mexican ambassador, Henry Wilson, has protested to the effect of foreign affairs against anti-American demonstrations, but up to a late hour no answer had been received at the embassy, and students who are planning to hold demonstration assert they will be troubled by the authorities.

In his note to the Mexican government the ambassador declared that the youth of the capital were to be permitted to indulge in violence to Americans present in Mexico. He indicated

the danger of allowing persons to use as tools students and others who expected to participate. He reminded the Mexican government that in case any American was injured he would use all the power at the command of the embassy to secure reparation.

Alarmed at the development of hostile feeling as displayed by the newspapers, the number of Americans leaving for Vera Cruz was greatly augmented today. Ambassador Wilson is sending frequent reports to Washington regarding the situation.

PORT SIMPSON MOURNS LOSS OF INDIAN GIRL

One of the Brightest Pupils
the Crosby Home—Popular
with All.

Port Simpson, July 16.—Much sorrow is felt here over the death of Laura Pearl Legaie, the year-old daughter of Chief Legaie, which sad event took place at Tucks Inlet canyon on Monday at 6 o'clock from hemorrhage. Since the death of her mother three years ago she has been a pupil at the Crosby home here along with her sister who was regarded as exceptional bright and clever for her years. She was well liked by both Indians and whites. Besides her sister, she is survived by two brothers, living at Metlakatla. It is expected that the remains will be brought here for interment. Present they are at E. L. Herber's undertaking parlors in Prince Rupert until the final arrangements are made.

BRYAN FINDS IT OUT

Washington, July 17.—Secretary of State Bryan declares that cannot live on his salary of \$2,000 a year and will have to be lecturing during the congressional vacation.

ENGINEERS COMING

Test Water Flow of Principal
Streams of Coast.

(Special to The Daily News.)
Vancouver, July 17.—Engineers parties are leaving here in a motor launch to take the flow of water of the principal streams along the coast between Powell River and Prince Rupert.

EXCAVATIONS DELAYED

Extra Work for Hotel Basement
Would Cost Heavily

The builders of the new Premier Hotel have not yet decided whether they will use the permission granted to them by the City Council to make extra excavations on Sixth Street in order to provide good light for the basement of the hotel. Such further excavations would add a considerable sum of one thousand dollars to the cost of the building. They will not therefore be undertaken in a hurry, but word from the Vancouver architects in charge of the work will be waited for. This is expected tomorrow.
