TURKEY DEMANDS NEW BOUNDARY—LISBON POLICE ARE KILLED WHEN CAPTURING BOMBS

FINANCIAL CONFERENCE MAY BE HELD SHORTLY IN LONDON

**MINENT CANADIANS LEAVE FOR ENGLAND—RAID ON CAN-
ADIAN SECURITIES TO BE CAUSE OF SUB-
JECT OF INQUIRY.**

Ottawa, July 17.—Indications suggest that an important financial conference, at which apparently organized on the part of certain Canadian securities in Europe will be discussed, will be held in London early in August.

Returning financiers and members of parliament who have been through the capital have emphasized the seriousness of the situation. R. B. Bennett, who is on his way west, has expressed the idea that certain Canadian securities are not being properly treated and he reported that the movement was extending to provincial and municipal securities from the west.

Mr. W. T. White is at present in London, having changed his plans at the last moment of a trip to the coast. Sir Byron Lee, of the Bank of Commerce, has also sailed for England, and the latest reports here are that after a short conference with department officials on Monday Sir William Mackenzie decided to make another trip to England and will sail this morning from New York.

It is would suggest that Mackenzie & Mann interests will be

discussed and gives weight to the rumor published some time ago that the Dominion government is contemplating some scheme to clear the financial atmosphere caused by heavy financing by the provinces relative to the Mackenzie & Mann projects.

Records have already been published of informal conferences between Sir Thomas Shaughnessy and Premier Borden at St. Andrews, where both are summering. It is said the financial situation has been discussed generally at these conferences. Although the Canadian Pacific is in splendid financial shape and is not concerned on its own account, it is interested in maintaining the integrity of Canadian securities.

Returning financiers are inclined to think that the raid on Canadian securities in London particularly has been engineered by a crowd which is heavily interested in South American and especially Argentine investments.

Unless there is a radical change in the general financial situation Parliament will surely be called to meet early in November.

DRUNK ON CIDER

An Indian Became Riotous from Soft Drinks

"When are soft drinks hard?" is the interesting question raised by the case of William McDonald, an Indian, in the police court this morning. McDonald had been imbibing drinks of so-called soft cider until he became quite lively and was taken in charge by a police constable. He was fined five dollars for being drunk and disorderly.

At the same time another McDonald, Michael, an Irishman, was haled before the magistrate. He was curious to know how the Indian had come by his name but the only information that he received was that he would have to pay for being drunk and disorderly. His fine was \$10 and \$2 costs.

TURKEY IS ASKING FOR NEW BOUNDARY

Demand of Porte Is Regarded as Declaration of War—Adrianople Falls.

(Special to The Daily News.) Constantinople, July 21.—In a note from the Porte to the powers Turkey makes demands for a new boundary. This is fore-shadowed as a declaration of war. With the advent of a new cabinet Sofia seems bright. Negotiations for peace have been closed. Adrianople falls after a short fight. The Turks are now in possession.

PRODUCE COMING IN

Graham Eggs Meeting with Favor in Prince Rupert.

Mr. C. C. Grange, the enterprising young merchant at Woden River, has been endeavoring since he came to Graham Island, to establish a reputation as well as a market for island eggs, and although he has met with many disappointments and losses in the beginning, he believes that he has already achieved a large share of success. Last week he received two letters from different Prince Rupert dealers requesting larger shipments as the flavor and freshness of Graham Island eggs appeal to the palates of the Ruperites and they are now considered very choice on the market.—Masset Leader.

SENSATIONAL ESCAPE IS MADE BY LEADER OF SUFFRAGETTES

**WEAK FROM HUNGER STRIKE MRS PANKHURST ADDRESSED
A MEETING ONLY TO BE STOPPED BY THE POLICE
—ESCAPED IN TAXICAB**

London, July 19.—Mrs Emmeline Pankhurst, leader of the suffragettes made her escape from the police recently under exciting circumstances.

With Annie Kenney, one of the most ardent of the militants she appeared at a meeting of the Woman's Social and Political Union.

Both women, although suffering severely from the effects of their recent hunger strike in prison, delivered stirring addresses. Mrs. Pankhurst announced that she would rather die than submit to the government.

"My challenge to the government is 'give me freedom or kill me,'" she said.

Miss Kenney auctioned off two of her licenses under the "cat and mouse" act for \$30 each.

The police undertook to arrest

Mrs. Pankhurst and Miss Kenney. Mrs. Pankhurst escaped in a taxicab. She was pursued but so wild were the scenes of disorder outside the pavilion that she escaped. Late tonight she was at her apartment in Westminster and the police made no further attempt to arrest her.

COLLECTING FISH FOR BIG EXHIBIT AT TORONTO FAIR

**WILL ATTRACT ATTENTION TO THE LITTLE KNOWN WEALTH
OF THE FISHERIES AT PRINCE RUPERT—ITS
GREAT EDUCATIONAL VALUE.**

The Dominion government is arranging, through the department of marine and fisheries, for a ten thousand dollar exhibit of food fish at the Toronto exhibition this year. The exhibit will be the first of its kind ever attempted in Canada, and is expected to be of great educational value. Arrangements for the display are now being completed by W. A. Found, Dominion superintendent of fisheries. A large number of the leading fish companies of Canada will contribute toward the exhibit under the direction of the department. The display will include live fish in tanks, cured fish, fresh fish in cold storage and mounted specimens of some rare varieties. Andrew Halkett, curator of the fishery museum at Ottawa, will be in charge.

The exhibit will consist principally of several varieties of commercial fish, representing the fisheries of the Atlantic and Pacific coasts, and of great inland waters of Canada. Large cold storage refrigerators, with a capacity of six tons, will be installed, storage fish being visible from the outside by means of glass doors.

Special means will be adopted for diffusing information in regard to fish by means of lectures and the distribution of literature, and finally by the novel but conclusive method of giving visitors to the exhibit samples of the fish to eat. There will be a kitchen in connection with the display, and the chef will fry fish steaks, which will be served free of charge.

PROSPECTS FOR NEW TRANSCONTINENTAL

Mr. Verschoye Tells Bella Coola People of the Pacific & Hudson Bay Road.

Mr. Verschoye arrived yesterday on his way to Tatlayoko Lake to look over some iron claims in which he and Mr. and Mrs. Kieklenton are interested.

He reports that the state of the money markets in London and New York make it practically impossible to obtain money for new ventures at the present time, but there are, however, indications that the worst stringency is over and that there should be improvement shortly. As regards the Bella Coola railway he has nothing new to report. After a very strenuous campaign at Ottawa he succeeded in getting the Pacific & Hudson Bay Railway on the revised list: that is to say, it was put ahead of about one hundred and fifty schemes, that were applying for government assistance. If any new schemes had received any help this session this railway would have been the first on the list. The big demands of the C. N. R. and the G. T. P. made it impossible for the government to consider new business.—Bella Coola Courier.

ALWAYS FAVORED THE BIG CORPORATIONS

Two Companies Own Practically All the Big Timber on Masset Inlet.

G. G. Davis, logging superintendent for the British Columbia Lumber Corporation, returned to Vancouver last week, after spending a week at Sewall and adjacent country looking over timber limits. The B. C. Lumber Corporation owns 180 square miles of timber lands on Graham Island, principally around the lake at the inlet. The holdings of the Graham Island Settlement Company, owner of the townsite of Sewall, adjoin those of the lumber corporation and the two companies own practically all of the big timber on Masset Inlet.

Mr. Davis will make his report to the company and he is of the opinion that within a very short time they will begin the construction of a big mill, similar to the one at New Westminster, which employs about five hundred hands.

The Sewall townsite people own about 30,000 acres of land, about 15,000 acres of which are fine timber lands, but some other parts of it have a light growth of timber.—Masset Leader.

SBYTERIANS AT THE ANYOX MISSION

on Supt. Wilson Pays a Visit Inspection to the Smelter Town District.

(Special Correspondence.) Anyox, B. C., July 17.—The George A. Wilson, B. A., superintendent of home missions the Presbyterian Church for the province of British Columbia, arrived at Anyox Sunday morning the steamer Prince Rupert. Mr. Wilson preached an evening sermon to a large congregation in First Church. He left Monday and Tuesday visiting the Granby mines and large company with Rev. N. D. Peterson, the Presbyterian minister at Anyox. Tuesday afternoon he addressed a large number of ladies who met in the church quarters for the purpose of organizing a ladies' aid.

At that meeting the following were elected to the different offices of the organization: President, Mrs. Campbell; vice president, Mrs. Wooley; record secretary, Mrs. Spate; treasurer, Mrs. Jones; convener social committee, Mrs. King; convener singing committee, Mrs. Morgan. Tuesday evening a meeting of the congregation of First Church was held, at which Rev. Mr. Wilson gave a lecture on the province of British Columbia. The following were elected as board managers at this meeting: Chairman, Mr. Jones; treasurer, Mr. Campbell; envelope secretary, Mrs. Spate; missionary secretary, Mrs. Wooley; John Pipe, I. King.

The program for the remainder of the evening consisted of songs and recitations by the young men of the congregation. Rev. Mr. Wilson left Tuesday morning on the steamer Chelohsin for some of the southern points along the coast.

BELLA COOLA HARBOR RAILWAY TERMINAL

Eminent Engineer Is Impressed with Its Natural Advantages as a Trans-Pacific Port.

The C. P. R. steamer Princess Beatrice on arrival at this port yesterday had on board Mr. Edward Bath, M. A., B. Sc., of London, England, and Ottawa, the well known consulting engineer of the new great trans-Atlantic winter port at St. John, N. B., on which the Federal government is expending \$15,000,000.

Mr. Bath came to inspect the harbor for a terminal of a new transcontinental railway and expressed himself as greatly impressed with Burke Channel as a safe entry to the Pacific for the largest steamers, also that the harbor with its nearly two miles width of water would be safe anchorage for a fleet of cargo boats, while the waterfront is most suitable for the building of docks and grain elevators to accommodate the immense traffic that will incur from the opening up of the Peace River district—trans-Pacific port and terminal for the railway has no equal north of Vancouver.—Bella Coola Courier.

Langara Island Fishing.

The spring salmon fishing at Langara Island came to an abrupt end last week. Two of the purchasing companies decided to stop buying from the fishermen, and the launch Gryme, of the B. C. Fisheries, located at Alford, B. C., conveyed the Indians and white men to the west coast, where it was found that fish were plentiful within a few miles of their plant.
