Prince Rupert, the manager of the Northern British Columbia Agricultural and Industrial Exhibition paid a flying visit to Stewart on Thursday in connection with the work of the September exhibition.

Asst. Commissioner of Fisheries, John Pease Babcock, has returned to Victoria after an inspection of construction work that was undertaken at Meziadin Falls last winter, for the purposes of providing a more easy access to the lake by the spawning salmon. He was reticient regarding the work so far accomplished. - Portland Canal

"Western Lumberman.

'Western Lumberman' has just been received. It contains, among other interesting articles, a review of the conditions of the lumbering industry and a surmise as to its prospects under the title "Anticipation and Retrospection." There is an article on 2 "The Effects of the Proposed 7 Days' Outing U. S. Tariff," by T. F. Paterson of Vancouver. Another contribution, written by Ernest McGaffey, is entitled "Among the Big Trees —Seattle P.-I. of British Columbia." The effect of the Panama Canal on the timber industry and the possibil- 2 ities of Vancouver Island and the coast of British Columbia are therein considered. Ample information, too, is given in num-Rights, Parliament Buildings, Victoria.

Dated at Prince Rupert, B. C., this 13th the credit of the former says:

Only for \$15.75; regular price state of the lumbering in the commissioner says: Dated at Prince Rupert, B. C., this 13th day of June, 1913.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion-momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he almost turns the whole circle. If you stop pushing, the momentum will die out and the swing come to rest at "dead centre."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is:

Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
