HUNTING JAP JUNK THAT LANDED AT BELLA COOLA

CHINESE REBELS CABLE PRESIDENT WILSON TO INTERVENE—SERVIA TAKING A FORTRESS

AROUSING SPEECHES DELIVERED BEFORE LIBERAL ASSOCIATION

WALTER BAER SHOWS UP THE CORRUPTION OF PRESENT GOVERNMENT AND HOW ITS LAND POLICY IS RUINING THE PROVINCE

Enthusiastic optimism was the note struck by the speakers at the monthly meeting of the Liberal Association, held yesterday evening in K. of P. Hall, Helgeron Block. The speakers were M. Manson, the president of the association; Walter W. Baer, Victoria, the Liberal organizer, and H. F. McRae, who had been a local delegate to the Liberal convention at Revelstoke. In opening the evening's session Mr. Manson spoke shortly of the present state of Liberalism in the province. Liberalism, he said, had been undergoing a great change within the last thirteen months. Then the party possessed no organization at all that was worthy of the name. When it had started to reorganize it had done it in the wrong way. It had organized from the bottom up, not from the top down. The success of Liberalism now therefore depended not on the good will of a few financiers, but on the hearty support of the people of the province. In commenting on the reorganization of the party Mr. Manson mentioned especially the wisdom of the choice of Mr. Creed as the provincial organizer and spoke of the executive ability of Walter Baer, the organizer for outlying districts. Mr. Baer gave an address that was a startling indictment of the

FEDERAL FISHERY CRUISERS HUNTING JAPANESE SAMPAN

JUNK LANDED ELEVEN JAPANESE AT BELLA COOLA IN DEFIANCE OF THE IMMIGRATION REGULATIONS—CABLE SENT TO TOKIO.

(Special to The Daily News.)
Vancouver, July 26.—Two of the government fisheries cruisers have been ordered out by the department of marine and fisheries to search for a Japanese junk which landed eleven Japanese at Bella Coola and of whom only two were captured, one later being released. The junk was last reported to have been within the three mile limit and if apprehended the government can collect \$600 for each Japanese released, \$500 for the infringement of the Oriental immigration regulations and \$100 for discharging members of the crew without registration. The fisheries cruisers will also be organized into a patrol to watch for other junks which, it is believed here, have already left Japan. A cable regarding the incident has been sent to Tokio and the Japanese authorities will, it is expected, co-operate, as it is obvious that the men captured left their own country without passports, which are necessary under the Lemieux agreement.

LABOR CONDITIONS HERE ARE INVESTIGATED BY COMMISSION

MCMORDIE FAVORS GOVERNMENT CONTROL OF WORKMEN'S COMPENSATION—MR. MASON EXPLAINS CONDITIONS IN HIS DEPARTMENT.

A session of the Provincial Labor Commission was held in the court house this morning. H. F. Mason, the city engineer; B. McDonald, accountant for Archie Dougall, the contractor, and T. Muse, contractor, gave evidence before the commission this morning. P. McMordie has contracts for street grading. He pays his men 37 1/2 cents an hour. They

MOUNT RAINIER FIRES

Three Started but Damage Done is Said to Be Small.

(Special to The Daily News)
Tacoma, July 26.—The three fires which started in and near the government national park at Mount Rainier are under control, according to Park Superintendent Allen. He reports that the most dangerous blaze was at Carleton Pass, but that little damage before it was under control. The two other fires are believed to be extinguished.

WOUNDS PROVE FATAL

Soldier Dies of Injuries Suffered at Hands of I. W. W.'s.

Port Townsend, July 22.—Sergeant A. E. Wallace, one of the three soldiers beaten up by the I. W. W.'s in Seattle last Thursday night, when they and two sailors were set upon and seriously assaulted, died at Fort Flagger last night of blood poisoning, the direct result of his wound. Although the death occurred yesterday, knowledge of it was not had until an unofficial report drifted about the reserve headquarters shortly before noon today.

AUSTRIA INTERFERES IN BALKAN SQUABBLE

Sends Warning What She Will Not Allow Bulgaria to Be Too Greatly Humiliated.

(Special to The Daily News.)
London, July 26.—An important development of the Balkan situation is the demand yesterday presented by the Austrian representatives at Athens and Belgrade for an immediate cessation of hostilities. This was conveyed with the warning that Austria would not permit Bulgaria to be too greatly humiliated. On the military side the principal news is that the Servians have invested the ancient fortress of Viden, in Bulgaria, and that the fall of the fortress will not be long delayed. In fact, the despatch says the Bulgarian troops are already beginning to surrender.

WHALING AS SPORT FOR MILLIONAIRES

Party is Heading for North in a Handsomely Fitted Yacht, the Adventurers

San Francisco, July 21.—The Adventurers, \$50,000 auxiliary schooner yacht, touched here and went north on her way from Boston to the Arctic to demonstrate whaling de luxe. Millionaires, scientists and sportsmen will make the passage that will penetrate the frigid waters on the coast of Wrangel Island, Point Barrow and beyond in search of adventure, data, pictures and the elusive bowhead, least known of the whale kind. Mr. John Borden, a New York millionaire, owns the yacht and heads the party. He is accompanied by Mr. Ray C. Andrews, representing the New York Natural History Museum; Mr. William Brown of the Chicago Gull Club, and Mr. Harry Scott, son of Mr. Henry T. Scott, chairman of the directors of the Pacific Telephone & Telegraph Company. Capt. D. F. West, a veteran of many whaling cruises, is navigating officer of the vessel. Mr. Andrews' chief aim in making the trip is to get, if possible, a skeleton of the bowhead whale for the "whale room" of the New York museum he represents.

CHILDREN'S WARM WEATHER DRESSES

Children's warm weather dresses—in gingham, galatea, prints, etc., smartly cut, well made, ages 2 to 14; reasonably priced. Wallace's. 1731f

REVOLUTIONARY CAUSE APPARENTLY WANING

Rebel Leaders Cable President Wilson to Propose a Basis for Peace Negotiations.

(Special to The Daily News.)
Shanghai, July 26.—The revolutionary cause appears to be waning despite the large reinforcements that appeared when the southerners attacked the arsenal. The attack failed completely and today Dr. Wu Ting Fang, the former Chinese minister to the United States, and other prominent rebels have cabled to President Wilson requesting him to propose a basis for peace negotiations.

CHINA'S REVOLUTION

Government Encouraged by its Continued Successes

(Special to The Daily News)
Shanghai, July 25.—During the past twenty-four hours the rebels have made several attacks on the arsenal but were successfully repulsed. The government is encouraged by its continued successes and have assumed the offensive, forcing the rebels back to Nanton. Admiral Tseng has formally informed the commissioner of commerce at Nankao that unless the rebels disperse he will bombard the forts at the mouth of the river and will also prevent the landing of the southerners.

HELD UP TWO STAGES

Masked Highwaymen Armed with Rifles and Revolvers.

(Special to The Daily News.)
Blairdsdon, Cal., July 26.—Two masked highwaymen, armed with rifles and revolvers, last night held up the Blairdsdon, Gold Lake & Green Camp stage. They had relieved the passengers of their valuables when a second stage came up which they also attempted to loot. They took little from the second stage, however, for at this point the drivers opened fire on them and they beat a hasty retreat.

GREAT STAMPEDE TO SHUSHANNA DIGGINGS

Prospectors Hurrying from Cordova, Chitina, Strelina and Other Camps in District.

Cordova, Alaska, July 21.—This morning's train was crowded with stampedees to the Shushanna placer strike. Twenty-five from Cordova, including George C. Hazelet, Dr. Montgomery, Chief of Police Hennick and other business and professional men, left for the new diggings. Thirty-two prospectors and eighteen horses from Chitina, sixteen men and three horses from Strelina and others from along the railroad have joined the rush. Practically all the employees of the Bonanza mine at Kennecott, Sasterly's crew at Nizinia and Steven Birch's men on Dan Creek have quit work and joined the stampede. All placer camps in the interior are pretty well abandoned. A launch is on the way from Katalla with a number of men, and Valdez and Seward are sending over a crowd on today's steamer Mariposa. M. Finkelstein wired the chamber of commerce from Kennecott yesterday that the strike had been confirmed and means a big stampede.

PRESBYTERIAN SERVICES

On account of the opening of the Baptist Church there will be no Presbyterian morning service. In the evening Rev. F. W. Kerr will preach on "Is it a Disgrace to Die Rich?" and who will deal with the Christian attitude towards riches.

BIRTH

Scoble—At Prince Rupert, on July 25th, 1913, to Mr. and Mrs. R. L. Scoble, Seventh avenue, a daughter.

EASY MONEY

Money saved is money made. Go to Scott, Froud & Co.'s shoe sale and pick up some of the snaps.

ST. PETER'S CHURCH, SEAL COVE.

KITSUMKALUM ENTHUSIAST HAS FACTS TO ENTHUSE WITH

CORN IN THE TASSEL AND TOMATOES IN BLOOM—ONE FARMER WHO CLEARED AND PLANTED OVER FOUR ACRES IN SIX MONTHS.

That sturdy pioneer of Kitsumkalum, R. Braun, is a "boomer" from Boomville on his present visit, and he not only has a gift of enthusiasm but produces the facts to convince with. Everything he says about the country and what he has proved it capable of producing has a ring of personal pride that is eminently proper and not boastful. In speaking of some of his experiments, he said: "In regard to sweet corn, I have seven different varieties and it is now three and a half feet high and has started tasselling out. As to tomatoes, which many people do not believe will ripen in our country, I have twenty-two varieties, all in bloom, their stage being a month ahead of what it was at this date last year. They ripened then, and some of them were as big as a breakfast cup. "I have pumpkins in blossom, the vines running as long as

PRINCE RUPERT CLUB SAID FAREWELL TO J. M. CHRISTIE

PRESENTED WITH CASE OF STERLING SILVER AND A GOLD WATCH—WAS MEMBER OF CLUB SINCE ITS INCEPTION AND FILLED ALL IMPORTANT OFFICES.

At the Prince Rupert Club last evening there was a large gathering of the members, together with other representative citizens, to say farewell to J. M. Christie, manager of the local branch of the Canadian Bank of Commerce for the last six years, who has been promoted to a similar position at Cranbrook, B. C. Mr. Christie has been an active member of the club ever since it was instituted and has filled the important offices of director, secretary and president. The proceedings last night were of an informal character. Shortly after 9 o'clock, with J. H. McMullin, president of the club, presiding, the members and their friends assembled in the sitting room. Mr. McMullin briefly explained that the gathering was for the purpose of saying farewell to an esteemed member and called upon Judge Young to convey to Mr. Christie the club's regret at his departure. In a brief address the judge said that he was confident that all sincerely regretted the removal from the city of both Mr. and Mrs. Christie. He referred to the peculiar conditions that exist in the building up of a city in a pioneer community and the lasting friendships that are formed. Those who had assembled to say farewell deeply regretted the departure of Mr. and Mrs. Christie but wished them abundant prosperity in their new home. As tokens of the good fellowship that existed between Mr. Christie and the mem-

POLITICAL CRISIS IN MEXICO IS BELIEVED TO BE DISTANT

AMBASSADOR WILSON BELIEVES THE SUGGESTED TRIPARTITE COMMISSION WOULD BE AGAINST THE MONROE DOCTRINE AS IT CALLS FOR OUTSIDE AID.

(Special to The Daily News.)
Washington, July 26.—While administration officials believe that the crisis will not reach Mexico until the northern rebel armies press closer to Mexico City and the federal strongholds, there are indications that an effort will be made by the Washington government to pursue a well defined policy before events have reached that critical stage. Ambassador Wilson is of the opinion that a tripartite commission would be against the Monroe doctrine, as it involves the calling upon outside governments for help. He is reticent upon the policy of American intervention and also upon the recognition of the Huerta government by the United States.
