## ALDERMAN BULLOCK-WEBSTER LOOKS UP MINERAL EXHIBITS

PAYS A VISIT TO STEWART TO BOOST UP PRINCE RUPERT'S FALL FAIR—ANNOUNCES SPECIAL STEAMER RATES.

(Portland Canal Miner.)  
Alderman L. Bullock-Webster of Prince Rupert, secretary of the Northern British Columbia Agricultural and Industrial Exhibition, paid a brief visit to Stewart while the Prince George was in port last Thursday, to boost along the proposed fall fair, to be held in the neighboring city on September 24th, 25th and 26th. While here he announced that Percy F. Godenrath, the Stewart representative on the advisory board of the association had been appointed by the directors to handle the publicity end of the fair, to publish the prize list and take charge of the campaign for funds which will be undertaken at Prince Rupert and throughout the district.

"Every indication now points to our holding a most successful fair," said Mr. Webster to The Miner. "Besides the usual display of live stock, poultry, dairy products, flowers, fruits, garden and field crops and grains, there will be a dog show. The initial undertaking includes a most ambitious programme for the three days. There will be water and athletic sports and a log chopping contest at which ex-Champion Murray of Australia will participate. Ten Indian bands will be present in competition, under the direction of J. S. Gray, who has so successfully managed previous similar events.

"We are looking to Stewart to send down a notable display of its mineral wealth, as our directors have been advised by the Stewart Citizens' Association that you intend to make a strong effort to capture the cup for the best district display of ores. In the mineral department we are offering several special prizes," he concluded.

## HAZELTON TOWNSITE FIGHT IS NOW AT LAST CONCLUDED

OLD AND SOUTH HAZELTON MOVE TO NEW HAZELTON—THERE WILL BE ONLY THE ONE CITY REMAINING IN THE WHOLE VALLEY

After almost two years dispute, the great townsite fight which has been going on between South and New Hazelton has at last been amicably settled, and Mr. Saunders, on behalf of the owners of South Hazelton has agreed to join forces with Mr. Robert Kelly in advancing the interests of New Hazelton. Negotiations for this agreement have been finally decided.

In order to protect those who have already purchased property in South Hazelton, provision has been made whereby they will

be transferred to good locations in New Hazelton, and also arrangements have been made for the transfer of merchants and business men on fair and equitable terms. In order to allow of this change in property, the lots which are at present unsold in New Hazelton will be withdrawn from the market until August 1, when it is expected that all the transfers will have been made.

This controversy has been interesting investors in all parts of the Dominion, and has been brought before the Dominion

Railway Commission on more than one occasion. Now that it is settled and arrangements made for the transfer of those holding property in South Hazelton, the residents of the town of Old Hazelton will move to New Hazelton, and all the business now done there will be transferred to the new town. The old town is situated about four miles away from the new one, on the other side of the Bulkley river, and at present the rate of carrying merchandise from New Hazelton is \$10 per ton. This heavy rate for cartage makes it almost impossible for the merchants of Old Hazelton to compete with those of the new town.

The past week saw the big tunnel at the Portland Canal Tunnels Ltd. in a distance of 1650 feet. The bore has now passed through the contact between the greenstones and the argillites and the drills are working in much softer rock. The work is now entering on the final stage to tap the Glacier Creek vein series at depth.

Red Reef.—H. E. Newton, of Victoria, the owner of the property across from the townsite, on which a tunnel contract is nearing completion spent the past week in town.

Indian Mines.—Work is being continued with splendid results in opening up the ore-shoot in the main tunnel. The solid galena ore is being maintained.

Montana Group.—The leasers are continuing to sack high grade ore and are making ready for a good shipment.

Red Top.—Ben Erickson and his partner John McNeill are at the group doing the annual assessment work.—Portland Canal Miner.
