UNKNOWN TRAMP SAVES EAST PASSENGER TRAIN - GREAT NORTHERN LIMITED WRECKED

WATER, WATER EVERYWHERE BUT NEVER A DROP OF DRINK

A BOLD RUSSIAN SAILOR RISKS LIFE IN HONOR OF BACCHUS AND SWIMS ACROSS THE HARBOR TO HIS BEER.

Leander swam the Hellespont to kiss his fair love Hero, and Lord Byron performed the same arduous feat to add fresh laurels to his wreath of fame. But there is a Russian sailor aboard the Albert Meyer who accomplished an adventure last night fraught with almost as much danger, which was undertaken not in honor of Venus but of Bacchus.

The ship of whose crew this Russian is a member, the Albert Meyer, is starting today for the cod fisheries of the Behring Sea. In order, therefore, to have the crew in shape for the trip and to make sure that none of the sailors would be half seas over before they got to sea at all, the

AN UNKNOWN TRAMP PROVES LIFE SAVER

Flagged Train Before it Reached Burning Bridge and thus Prevented Disastrous Wreck

(Special to The Daily News.)
Ashland, Ore., July 29.—An unknown tramp saved the south-bound Shasta Limited from disaster by flagging it before it reached a burning bridge near Oakland. The train was behind time and running at an unusually high speed in order to make up. A distance ahead the engineer saw a flare and later a man beside the track waving a firebrand. The train stopped and the tramp told the engineer that the bridge ahead of him was on fire.

The train proceeded slowly until the bridge was reached. The train was found to be already badly damaged and had the train gone on to it at the speed it was going when signalled there is no doubt the bridge must have collapsed.

TARIFF REVISION TO BE LONG DRAWN OUT

Progressive Republicans Will Perfect Substitute Schedules to those of Democrats

(Special to The Daily News.)
Washington, July 29.—That there is a wide division in the Republican ranks over the tariff revision bill became apparent when a dozen of the Progressive Republican senators began to hold serious conferences to perfect a set of substitute schedules. These will be offered as amendments to the proposed tariff bill under the leadership of Senators LaFollette and Cummings.

This move of the Progressive Republicans originated in a belief that the leading senators of their faction will be unable to support the substitute schedules to be offered by Senator Smoot of the Republican party.

REBELS SHELLING FOREIGN SETTLEMENTS OF SHANGHAI

BRITISH BOAT AND STANDARD OIL STEAMER FIRED UPON BY REBELLIOUS PROVINCE OF HANKOW—HALF THE CABINET OFFICES VACANT.

(Special to The Daily News.)
Shanghai, July 29.—After two nights of quiet firing was resumed at 9 o'clock last night, the shells bursting over the band stand and the foreign settlement. The Portuguese consul received mortal injuries and other foreigners had narrow escapes. It is suspected that the rebels are deliberately training their guns upon the foreign settlement in revenge for the Shanghai volunteers having disarmed three hundred rebel soldiers and twelve officers at Chapei on Saturday. There is a panic among the Chinese crowds, owing to the large number of foreigners flocking in from the native cities to take refuge in the embassies and consulates.

British Boat Fired Upon.
Peking, July 29.—The American consul at Hankow reports that the Standard Oil boat and a British boat were fired on yesterday near Yechewnan, indicating that the troops of that rebellious province are still continuing their murderous work.

The government is in a state of chaos. Half the cabinet offices are vacant and there are no applicants for the vacancies.

Fierce Attack on Arsenal.
Shanghai, July 29.—Rebels to the number of two thousand started another fierce attack on the arsenal yesterday and maintained a brisk fire. The government warship shelled the rebels' position and the firing on both sides was intermittent for three hours. Many shells from the rebels fell into the foreign settlements.

Rebels Are Dispersed.
Hankow, July 29.—The rebels were dispersed yesterday from the forts on both sides of Lake

NEW RAILROAD PROJECT WITH BELLA COOLA AS THE TERMINUS

A NEW ROAD IS PLANNED FROM BELLA COOLA TO ALEXIS CREEK, CHILCOOTIN, AND THENCE TO CONNECT WITH C. P. R. AT BEAVER.

In last week's issue the Bella Coola Courier announced the visit of Mr. E. Bath, M. A., B. Sc., to inspect the harbor and its immediate surroundings with a view to ascertaining its suitability for railroad terminal purposes.

Mr. Bath expressed himself as greatly surprised and intimated that there was little doubt that Bella Coola would be utilized for the above mentioned purpose at a not far distant date.

It has now been ascertained that Mr. Bath's visit was in connection with a railroad project which includes the building of a line from Bella Coola to Alexis Creek, Chilcootin, thence crossing the Cariboo road at a point between the 103 and 105 Mile houses and following the various waterways to Beaver, at which point it will connect with the C. P. R. line at present under construction from Red Deer, Alberta, which latter line is completed practically two-thirds of the distance, the steel reaching to a point in the vicinity of Coldwater Lake.

Mr. Bath spoke highly of the productive nature of the country which this projected line is intended to open up, of which he has a thorough knowledge, and further intimated his belief that the information he had personally acquired during his visit to Bella Coola would add considerably to the already favorable prospects of early railroad construction at Bella Coola.

FAREWELL MEETING FOR REV. MR. McLEOD

Fellow Workers of the Retiring Pastor Express Their Regret at His Departure.

The new Baptist Church was the scene of a fraternal platform meeting yesterday evening. The retiring pastor, Rev. Warren H. McLeod, presided. The address of the evening was given by Rev. W. J. Scott of Vancouver, who will occupy the pulpit until a successor to Mr. McLeod has been appointed. Expressions of greeting to the new pastor, commingled with expressions of regret at the departure of the popular and much liked minister, Mr. McLeod, were made by the clergy of the other churches. Rev. F. W. Kerr, of the Presbyterian Church, spoke feelingly of his regret for the loss of his fellow worker, Mr. McLeod, from the ranks of the church workers in Prince Rupert. Rev. John F. Dimmick extended farewell greetings on behalf of the Methodist Church, and Captain Eva Stride spoke on behalf of the Salvation Army. Rev. H. G. Estabrook spoke as representative of the Baptists of British Columbia. In reply, Rev. Mr. McLeod delivered a short but fine address, in which he spoke in high terms of the work being done by his fellow ministers and assured them that though no longer a pastor he would still be a worker in the cause of Christianity.

This evening there will be a reception for Rev. and Mrs. McLeod given by the ladies of the church and the Baptist Brotherhood. It will also be the occasion of the formal opening of the social rooms of the church. After the delivery of farewell addresses there will be games, special music and refreshments.

SEVENTY THOUSAND FIRE

Factory of Kilbury Medicine Company Destroyed.

(Special to The Daily News.)
Toronto, July 29.—The factory of the Kilbury Medicine Company broke out in a blaze yesterday while twenty girls were working on the upper floors. Fortunately a quick alarm was given of the outbreak and the girls managed to escape down the narrow stairs through the thick smoke.

THE BAGOTS RECONCILED

Five Years' Disagreement as to Family Religion.

(Special to The Daily News.)
Baltimore, July 29.—After a separation of five years Lady Bagot has become reconciled with Lord Bagot. The disagreement which brought about the separation was as to whether the daughter should be educated as a Catholic or a Protestant. The brothers and sisters of Lord and Lady Bagot are greatly pleased at the reconciliation.

AERIAL EXPRESS MAY BE RUN TO REACH THE GOLD DIGGINGS

CAPT. MARTIN, WHO HAS BEEN MAKING FLIGHTS IN NORTH, IS ASKED TO RUN PASSENGER EXPRESS TO SHUSHANNA PLACER FIELDS

Cordova, July 26.—Excitement over the Shushanna strike continues at fever heat, and stampedeers are exhausting every means to reach the new strike at the earliest possible moment.

A movement is on foot to secure Captain Martin, the aviator who made the aeroplane flights in Fairbanks, July 4, and who is expected in Juneau in a day or two, to prevail upon him to go to McCarthy and run an aerial express for passengers from that point to Shushanna. The distance is about 100 hundred miles and it is believed that many stampedeers would avail themselves of this means of travel.

Last evening a party of thirty chartered a special train, which left at 7 o'clock yesterday morning for McCarthy, the point at which the trail to Scollia Pass leaves the railway line.

ROYAL BRIDE MISSES A MOST ROYAL GIFT

That Stolen Sixty-Seven Thousand Necklace Intended as Wedding Gift to Duchess of Fife

(Special to The Daily News.)
London, July 29.—The Morning Observer prints without reserve that the \$67,500 necklace, which was in transit from Paris jewelers to London and was stolen from the registered mail, was to be submitted to the Princess Royal and probably purchased by her, for presentation to her daughter, the Duchess of Fife, when she became the bride of Prince Arthur of Connaught.

MAY SELL THE TIMBER LANDS OF OCEAN-FALLS COMPANY

TRUST DEED TO SECURE LOANS OF \$3,500,000 IS SAID TO OFFER SECURITY ON LANDS OF COMPANY ONLY TO EXTENT OF \$100,100.

That the trust deed to secure the loans of \$3,500,000 made by the English debenture holders to the Ocean Falls Company only offers security on the lands of the company to the extent of \$100,100 is the startling discovery made by Mr. Charles S. Arnold, solicitor for the Crane Company of Chicago and Vancouver, who is now taking steps to sell the lands of the Ocean Falls Company to satisfy a judgment of \$20,330.

Mr. Arnold contends that as the trustee for the debenture holders has registered the trust deed as a security against the lands only for a specific amount of \$100,100, that the Crane Company can buy the lands in for that amount. With the lands, of course, go the buildings, so that Mr. Arnold's contention is correct his clients can acquire the 20,000 acres of timber leases, together with the townsite of Ocean Falls, the hotel, power plant, lumber mill, pulp mill, wharves, etc., for \$100,100, leaving the debenture holders only the personal property, such as cut timber, pulp wood and moveable plant and machinery as security for the remaining \$3,399,900.

Such a proposition is certain to be contested to the utmost limit of the courts, and before the matter is through will involve some important points of land registry law which will probably

FAST TRAIN WRECKED

(Special to The Daily News.)
White Fish, Mont., July 29.—Great Northern fast mail train was wrecked near Rock Hill last night. The engineer and fireman were both killed and the express manager badly injured. The cause of the accident is not yet known. The engine left the rails and turned over, the mail car piling on top. Some of the mail is said to be missing.

HIS PROUDEST DAY

When He Leads United States Fleet Through Panama Canal.

(Special to The Daily News.)
Portland, Ore., July 29.—Secretary of the Navy Daniels, in the course of his speech at a banquet given in his honor last night, said that the proudest day of his life would be when he came through the Panama Canal on the bridge of the battleship Oregon, followed by every ship of the United States navy, and took this fleet into every harbor on the Pacific coast.

James Conmee, ex-M. P., Dies.
Port Arthur, Ont., July 24.—A message last evening from Prescott, Ariz., announces the death of Mr. James Conmee, ex-M. P., who had been ill for about five years. His illness became serious while at Ottawa during the term of 1910.
