DUKE OF CONNAUGHT TO HAVE TEMPORARY QUARTERS IN QUEBEC—FIRE AT REVELSTOKE

PEACE IS AT LAST IN SIGHT IN WAR WEARIED BALKANS

THREE DAYS' EXTENSION OF ARMISTICE LOOKS LIKE PEACE—
NEW FRONTIER WILL OUTLINE TWO OF THE
OPPOSING COUNTRIES.

Bucharest, Aug. 4.—A three days' extension of the armistice between the Balkan states was agreed to today by the peace delegates of Roumania, Servia, Greece, Montenegro and Bulgaria. The new frontier between Roumania and Bulgaria as agreed upon will start twelve kilometres south of Bialik, a port on the Black Sea, run northwesterly to a point twelve kilometres south of Dobrich and finish nine kilometres west of Turtukai, on the Danube, about forty miles south-east of Bucharest.

It is reported the allies will abandon their demand for an indemnity from Bulgaria.

The disposition of Kalava, in the vilayet of Saloniki, on the Aegean Sea, is the thorniest problem with which the conference has to deal and seems destined to produce another war in a few years, even if now settled without further hostilities.

SIXTY THOUSAND DOLLARS IS OFFERED FOR GOVERNOR'S HEAD

SEVENTY TRAITOROUS SOLDIERS EXECUTED IN CANTON—
INTERNATIONAL FLEET LYING OFF CITY INCREASED
BY NEW ARRIVALS.

(Special to The Daily News.)
Hongkong, Aug. 6.—Although the southern rebels have suffered a number of disastrous defeats and several bodies are reported to have laid down their arms, the situation at Canton remains serious. The electric lights are cut off at midnight and the people are fearful of a mutiny. Trains, trucks and other vessels leaving the city are packed with refugees.

Seventy traitorous soldiers were shot in Canton on Friday. A reward of \$60,000 has been offered for the head of Governor Chan of Canton.

Men with guns from British and French warships are guarding the foreign quarter of Canton. The international fleet lying off the city has been augmented by the arrival of United States, German, Japanese and French men-of-war.

Soldiers have been sent from Hongkong to Canton and three naval vessels here are ready to start for that point at a moment's notice with stores and additional troops.

The Cantonese troops are made up of untrained rabble. They are demanding double pay for their services.

GREAT BRITAIN'S REASON FOR NOT EXHIBITING AT THE FAIR

SIR EDWARD GREY SAYS IT HAS NOTHING TO DO WITH THE
CONTROVERSY OVER CANAL RATES—CANADA WILL
BE AN EXHIBITOR, HOWEVER.

(Special to The Daily News.)
London, Aug. 6.—Sir Edward Grey, foreign secretary, has made a long statement with respect to the refusal of the government to participate in the Panama-Pacific exposition. He declares that Britain's refusal has nothing to do with the canal controversy. The reason for the refusal, he adds, is partly due to commercial considerations.

Ottawa, Aug. 6.—Canada will make a display at the Panama-Pacific exposition at San Francisco in 1915. The government has officially accepted the invitation sent it to participate in the event. The display, it is announced, will be national in its character.

HANSON SOLD LIQUOR TO AN INDIAN GIRL

Andrew Hanson Was Found
Guilty of This Offense
and Fined.

Andrew Hanson, the keeper of a store at the corner of Fifth avenue and McBride street, was found guilty this morning on the charge of supplying liquor to an Indian woman. He had pleaded not guilty, but in the course of the evidence his guilt was revealed.

The constable who made the arrest found under Hanson's bed a bottle of whisky, a bottle of port wine, two empty whisky bottles and seven empty wine bottles.

Hanson's guilt will be a surprise to many, as he has generally been regarded as a highly respectable man in poor circumstances and on that account a number of people are said to have given him a helping hand.

He was given the option of paying a fine of \$50 or spending two months in jail with hard labor.

PLANS OF NEW G.T.P. HOTEL HAVE ARRIVED IN THE CITY

New Two Million Dollar Structure Will Be Finest on The
Pacific Coast---It Will Be Fifteen Stories in Height,
With 450 Bedrooms

"Prince Rupert is to have a hotel that will probably be the finest on the Pacific coast," said Mr. Louis Swarz this morning to a representative of The Daily News.

Mr. Swarz arrived here from Victoria this morning, representing F. M. Rattenbury, the architect for the two million dollar hotel which the G. T. P. is about to erect here.

Mr. Swarz brought with him the plans for the hotel. This is to be a palatial structure, comparable with the great hotels of New York, Paris and London. It will be nearly double the size of the handsome Empress Hotel at Victoria, and will easily rank among the three or four best hotels in the Dominion.

The hotel will be situated on Second avenue, between Fourth and Fifth streets. It will have a length of 305 feet and an average depth of 150 feet. The central part of the building will be fifteen storeys in height, while the two wings will be twelve storeys high. The building will be in the chateau style of architecture.

It will be of steel construction with reinforced concrete floors. It will be faced with terra cotta and brick and will have a slate roof.

Work is already in progress on the preparation of the steel and terra cotta for the building. So far as is at present known to the architects the whole hotel will be constructed before the passenger trains have been running into Prince Rupert for any considerable time. Two years at most should see the completion of the entire building.

The visitor who passes into the hotel through the handsome entrance on Second avenue will walk across the terrace and through the loggia to the great lounge room, 64 feet square. Behind the lounge room will be a magnificent ball and tea room, 100 by 50 feet. Off the ballroom, facing the water, will be a palm room. On the same floor is a dining room, which will have a seating capacity of 365. This will be finished in mahogany. Carved columns and a highly colored ceiling will

add to its appearance of sumptuous elegance.

The floor below this will be called the ground floor. On it will be the grill room, the barber shop, the bar, the billiard rooms and the kitchen.

Below this floor will be that on which is to be placed the First avenue entrance. Owing to the slope on this property the hotel will have two more storeys on its First avenue elevation than on Second avenue. On this lowest floor there will be Turkish baths, both for men and women. Under the kitchen there will be room for the kitchen supplies and for storage. The rest of the space on this floor will be used for commercial travellers' sample rooms.

In the upper storeys of the hotel will be 450 bedrooms. They will be furnished in the best of style. Each bedroom will have a bathroom adjoining it.

It is likely that copies of the plans will shortly be placed on exhibition in the offices of the Grand Trunk Pacific Railway.

FISHERMEN'S STRIKE ON THE FRASER PRACTICALLY ENDED

WAS OF SHORT DURATION, BUT NO LESS THAN SIX THOU-
SAND MEN AND WOMEN WERE IDLE—JAPS
WERE THE STRONGEST.

(Special to The Daily News.)

Vancouver, Aug. 6.—In spite of the dangerous character the strike of fishermen on the Fraser River assumed a few days ago, it is now believed the difficulties are practically ended. Many of the men are returning to work at the old rate of 15 cents per fish, but some canneries are paying 20 cents, and it is believed that this will be the price for the balance of the season.

According to the figures given out by the strikers, there were over 6,000 men and women idle on the Fraser. The number includes 2,000 whites, 1,850 Indians, including women, and 2,500 Japanese, including women. The women on strike probably total 1,000.

Monday night the Japanese went out into the gulf with guns in order to prevent others from fishing. It is said here that the white men have no great objec-

tion to the 15 cent rate now offered by the canners instead of 25 cents per fish paid in July, but they are influenced to a great extent by the Japanese. The Japs contend that they had an agreement which specified that they were to receive 25 cents per sock-eye during July and August. They got this price in July, but on August 1st the canners issued a notice to the effect that the price would be reduced by 10 cents per fish. As a result the Japs immediately quit work and induced the white and Indian fishermen to leave their boats on shore as well.

There is no definite agreement between the Japs, Indians and whites, but it is quite clear that there is an understanding of sufficient strength to keep the latter off the gulf waters. Perhaps the understanding lies in the fact that the Jap fishermen are in the greater number and are also the most aggressive.

WELL KNOWN NEWSPAPERMAN NOW TOURING THE INTERIOR

FROM PRINCE RUPERT ALONG G. T. P. THROUGH NORTHERN
B. C.—PREPARING SPECIAL ARTICLE DEALING WITH
OPPORTUNITIES FOR SETTLERS.

With the rapid increase of rail laying along the transcontinental line of the Grand Trunk Pacific in the interior comes a quickening influence. The eyes of the speculative world, so to speak, are riveted on this "last and best great west." Particularly in Vancouver and at the principal centres in Southeastern British Columbia men of business affairs are looking for opportunities to invest. The dawn of a wave of prosperity is at hand and the completion of the new railroad will have the direct effect of turning the tide of capital this way. But perhaps even more important than that will be the tremendous influx of immigration which will swoop down on the fertile valleys through which the railroad passes. The development of the agricultural and farming resources will be the first wealth producing action—

mineral production will follow close in their wake.

Publicity of these facts is invaluable. Sidney Billingham, the well known Vancouver newspaperman, who, it will be remembered, wrote three long and descriptive articles on this country in the early summer, has been specially engaged by the Saturday Sunset to make a tour through the northern interior from Prince Rupert along the line of the G. T. P. and write his impressions, to be published with a new series of illustrations.

Many improvements and changes have taken place since Mr. Billingham last went over the territory, and they will offer plenty of scope for his realistic pen. His impressions and opinions will be looked forward to with interest, especially by those who read his former articles in the News-Advertiser.

FIGHTING JOE SAYS HE WILL NOT RESIGN

Hon. Joseph Martin, M. P. for St.
Pancras East, Declines an
Invitation to Quit.

(Special to The Daily News.)

London, Aug. 3.—The independent attitude adopted by Hon. Joseph Martin, the Canadian lawyer and M. P. for St. Pancras East, in voting with the opposition at the close of the Marconi debate, has brought its penalty, and Mr. Martin has been asked by the local association not to seek re-election.

Mr. Martin tells the Canadian Press he will do nothing of the kind, and that the rumor about his resignation is entirely without foundation.

It is understood that the local Liberal Association is withdrawing its support. Mr. Martin, however, will likely start a new association in the interests of Liberal-Labor.
