Nine open-stock patterns of Dinnerware in our Crockery department. Some of them are just plain, everyday crockery and others are fine china, but they are all good patterns and good, clean stock without flaws.

Some of our customers select a pattern and buy a few pieces at a time until they gradually accumulate a complete set without feeling the expenditure.

No matter how little or how much you may want to spend on dishes, we have qualities to suit, and no matter if you don't want to spend anything we are glad to have you "look around."
