Your WEEKLY LETTER Home

How difficult it is, sometimes, to carry out your good intention of writing a letter every week to your relatives or friends back home or in the particular locality in which you lived before you settled in Northern British Columbia. A good way out of the difficulty is to order the "Weekly News" to be sent to them. It gives all the news of Prince Rupert and district.

You will accomplish a twofold purpose by doing so. Not only will you be sending a weekly letter home, but you will be contributing in no small means to the advertising abroad of Prince Rupert and Northern B. C. Just think how a newspaper from Prince Rupert will be passed on by your faraway friend to some other person who will be interested in learning something of the wonderful opportunities of this pioneer land. Is it not your duty to do that much for your city? It would be money well invested.

The "Weekly News" posted in any place in Canada or the United Kingdom is only \$2.00 per year; to points in the United States, \$2.50 per year.

FANCY DANCER CAN'T KEEP OUT OF PARIS

Isadora Duncan, Living There in Seclusion, Has No Plans for Future.

Paris, Aug. 23.—Isadora Duncan, who for some months after her late bereavement has been living in Albania and Corfu, has stolen back to Paris and has gone into strict seclusion in her studio. She said:

"I could not keep away. My intention after leaving Corfu and Albania was to go to Italy, but I simply had to come back to this place, where I had known such dreadful suffering.

"I have no plans. Dancing seems impossible. I cannot endure even the sound of music. I have been released from my South American engagement."

STILL A CORPSE

Attempt Failed to Raise Girl from Dead.

Chehalis, Wash., Aug. 23.—Lying dead since about 6 o'clock Monday morning on the bed where she passed her last hours, the body of Miss Mabel Dempsey, 20 years old, daughter of W. J. Dempsey, a well known farmer whose home is three miles south of Chehalis, has been left undisturbed three days. No undertaker has been called as yet, but instead, from Seattle, in response to a summons from relatives of the girl, there came a leader of the Apostolic faith, to whose doctrines the family subscribe, the purpose of the latter being to bring the young woman back to life at the end of the third day's sleep, which was this morning. However, despite the efforts of the faithful ones to bring about a resurrection, the young woman is dead.

NAVAL GUN BURSTS

Three Are Killed and Six Others Badly Injured.

Pola, Austria, Aug. 23.—An eight inch naval gun burst at a test here today, killing three officers, fatally wounding six others and less seriously injuring a score more.

Among those wounded is Admiral Count van Wellenburg, of the Austrian navy, president of the naval technical committee. His legs were torn off by a flying piece of steel. The stumps were so shattered that an immediate operation was necessary. The gun was of the new "305 ventimetre" type, and carried a charge of about 150 pounds.

Cargo for Granby.

The tug Amur brought in the barge St. David this morning with a load of coal for the Grand Trunk Pacific Railway. The St. David will be taken north to Granby Bay. She has a big cargo of machinery and other goods for the smelter at Granby, and will be there some three weeks to unload.

CLEARING STREETS FOR ANOTHER TOWN

The Bulkley Valley and tributary territory is to be one of the best advertised sections of British Columbia. The Natural Resources Security Company of Vancouver, the company which placed Fort George on the map and kept it there in the face of powerful opposition, has selected the new town of Hubert, in the heart of the Bulkley Valley for its next big development. Hubert is located about three miles east of Aldermere on the main line of the Grand Trunk Pacific. A large gang of men is now at work clearing the townsite. Streets are being opened, sidewalks laid, and with a substantial population to start with Hubert gives evidence of rapidly becoming one of the important points of the interior. Surrounded by a rich area of agricultural land, in many places overlaid with large deposits of coal, with the rich mineralized Babine Range to the north and the Copper River district, which is showing some remarkable mineral values, to the south, it is such to cut an important figure in the development of that rich section of the province.

LESSENING TOURIST TRAFFIC NORTHWARD

Since the State of California Disaster Fewer Have Taken Trip.

The steamer Prince George arrived from the south this morning, once more well ahead of time. She brought many passengers to Prince Rupert, but there was a decidedly noticeable falling off in the number of tourists aboard. This may be in some degree attributable to the effect of the State of California disaster, which has probably made many people disinclined to take the northern trip. This seems the most probable explanation, as at this time of the year the tourist traffic is usually great and special rates are allowed.

Among those arriving here this morning were the following: G. Russell, Dorothy Dowling, Mrs. Morris, C. Hellings, George Kelly, Robert Reid, A. Lapointe, G. O. Graham, G. Thorp, J. F. Venables, N. P. Moran, T. G. Chinnick, T. C. Patchen, Mrs. Jacobson, H. Lafont, Bert Long, W. O. Rowan, C. Charlton, D. R. Shewan, L. Scrimgeur, Clarence Burns, R. J. McDonnell, Mrs. I. Singlehurst, Rev. and Mrs. Laycock, G. H. Collins, J. McAleenan, Mrs. Newell, E. Montador, J. R. Jackson, James Scott, Mrs. H. Steen, J. R. Bayne, George Scott, A. Mortinson, G. A. Ohren, H. Troland, M. Winkler, K. Johnson, A. Johnson, G. Swanson, Mr. and Mrs. W. L. Stevens, Mr. and Mrs. F. H. Sharkey, W. C. Burt, Mrs. L. Laird, Mrs. A. Williams, Miss Gladys Fulton, J. G. Johnston, D. Woolsey, J. C. Page, W. Reade, J. H. Huggard, H. E. Morris, J. N. Burdick, D. Robertson, H. E. Newton.

EARTHQUAKE PANIC

Populace of Messina Had One Terrible Experience.

Messina, Sicily, Aug. 23.—A strong earthquake occurred here this afternoon. It was brief in duration, not more than four seconds, but caused a great panic among the populace, who ran out of the wooden huts where they have lodged since the earthquake of 1908.
