

## WILSON WARNS ALL AMERICANS TO LEAVE MEXICO

HAW'S CASE TO BE TRIED AT OCTOBER TERM—ARTICLES SIGNED BY RITCHIE AND WELSH

### HARRY THAW WINS THREE POINTS IN LEGAL BATTLE

COUNSEL FOR STATE OF NEW YORK DENIED RIGHT TO BE A  
PARTY TO PROCEEDINGS—THAW'S TRIAL FIXED  
FOR OCTOBER TERM.

(Special to The Daily News)  
Sherbrooke, Que., Aug. 28.—  
When Harry K. Thaw appeared in  
Superior Court yesterday he  
received an ovation from the  
people of Sherbrooke, and there  
was also cheering when Judge  
Bensky made a ruling in  
Thaw's favor. The court then  
advised the spectators that a  
portion of the cheering would  
probably result in a jail sen-  
tence.  
The Thaw counsel scored vic-  
tories on three points, the im-  
portant one being that the New  
York state authorities were de-  
nied the right to be a party to the  
proceedings. The attempt to

quash the indictment on which  
Thaw is held, on the ground that  
it is defective on several material  
points, also failed. Had this  
been maintained Thaw would have  
had to be released to the immi-  
gration authorities, who would  
no doubt have deported him back  
to the United States. The plea  
of Thaw's counsel for the dis-  
continuance of the writ of habeas  
corpus, which would have brought  
about his immediate release if  
sustained, was allowed.

Thaw is therefore locked up in  
the Sherbrooke jail, committed  
for trial on the original indict-  
ment, and his case will not come  
up for hearing before the October  
term.

### D SUPPLIES WORTH MENTION IN THE NEW SHUSHANA CAMP

CAIRNES SAYS THERE WILL BE MUCH SUFFERING AND  
PERHAPS STARVATION IF PROSPECTORS DO  
NOT GET OUT SOON.

(Special to The Daily News)  
Vancouver, Aug. 28.—Dr. D. D.  
Cairnes, the Dominion geologist,  
arrived here from the Shu-  
shana gold diggings and ex-  
presses the belief that the strike  
is the greatest since the Klondike.  
We met stampedees all  
through the woods," says Dr.  
Cairnes, "while on our way back  
Dawson. The men seemed to  
be unable to follow the trail up  
Snag. Forty miles this side  
the diggings we met a man in  
which who shouted over to us  
asked if we had reached the  
mines. It seems a good many  
absolutely no knowledge of  
getting through a wild open  
country.

The people in the diggings at  
the time we left, nine days ago,  
were perhaps not more than 300.  
Some had come in light, and had  
to return. Others were arriving  
at the rate of about 50 a day. As  
soon as men got there they raced  
over the creeks already staked  
and finding no place to get ground  
disappeared, apparently going off  
to other distant streams with  
hopes of finding something.

"Benches are being staked sev-  
eral tiers back from the creek  
claims. Good panning have been  
found on some of the benches.

"The discoverers were doing  
well working on Little Eldorado,  
and were getting \$300 to the eight  
hour day per man. They found  
it impossible to hire help until  
just about the time we left, when  
they secured four men. The  
wages are \$12 a day and the men  
board themselves.

### BURGLAR LADEN WITH LOOT ARRESTED AT POINT OF GUN

POLICE OFFICER FACING ROGUE'S REVOLVER COOLLY FELLED  
THE MISCREANT TO EARTH—PRISONER ONLY 19  
YEARS OLD

Vancouver, Aug. 25.—Pockets  
laden with booty, fear driving  
him headlong, and a cocked re-  
volver in his hand, Tom Grant

plunged from the back door  
steps of the home of Mr. Steven  
Maddison, at 11 o'clock last night  
and was embraced by the wait-  
ing arms of P. C. Galland. Drag-  
ged into the light of the police  
station by the hurrying patrol, a  
youth of 19 stood revealed, the  
name given above was duly in-  
scribed on the police blotter, and  
the prisoner was locked away to  
await the course of the law.

While the officer who made the  
arrest patrolled his beat on Bar-  
clay Street last night, he noticed  
that the darkened windows of  
Mr. Maddison's house was faintly  
illuminated at intervals and his  
suspicions were excited. The  
first pedestrian who chanced by  
was hastily pressed into service  
and asked to advance to the front  
door and ring the bell. It was  
that little tinkle of sound in the

#### THRILLING WAR SCENES

Greatest Films Ever Shown of  
American Rebellion.

The evening at the Empress  
Theatre is largely taken up by a  
film in three parts called "Shen-  
andoah," but there is not a mo-  
ment that is not crammed with  
thrilling battle movement. The  
bombardment of Fort Sumpter at  
the opening of the war is shown,  
the escape from the horrors of  
Libby prison at Richmond and  
other episodes. One spectacular  
scene is of a midnight combat,  
and the terrible and awe-inspir-  
ing battle of Winchester is  
shown. To produce these films  
over one thousand trained sol-  
diers were employed, and the  
scenery is that of the places  
these battles made ever memora-

the Westholme. There is the ex-  
travagant son, the impoverished  
southern gentleman and the de-  
voted old time slaves who suc-  
ceed the poverty of their old time mas-  
ter. This is one of several do-  
mestic dramas to be seen there

wonderfully entertaining.

St. Petersburg, Aug. 23.—  
Eight monks of the orthodox  
church, who were exiled from  
Mount Athos because of their  
heresy in regard to the divinity  
of the name of Jesus, have ar-  
rived at Moscow and are going  
voluntarily to farthest Siberia.  
They declare many more of the  
monks are going to Kamchatka.  
Most of the newspapers condemn  
the holy synod for persecuting  
the monks.

The synod has not been moved

Brother Anthony Boulatsvitch,  
leader of the rebellious monks,  
who came here to plead their

### PRESIDENT WILSON'S MESSAGE ON THE SITUATION IN MEXICO

MAKES IT CLEAR THAT THE HUERTA RULE MUST END BUT  
ADVISES STRICT NEUTRALITY—ALL AMERICANS  
WARNED TO LEAVE MEXICO.

(Special to The Daily News)  
Washington, Aug. 28.—Presi-  
dent Wilson in the senate yes-  
terday personally delivered his  
message to congress upon the  
Mexican situation. This con-  
tained all the recent correspon-  
dence between the two govern-  
ments, a special report on the  
situation by Governor Lind and  
outlined the policy of the United  
States in the premises.

Huerta having failed to agree  
to the peace proposals so far as  
pledging himself not to be a can-  
didate at the free election pro-  
posed, President Wilson in his  
address said that there should be  
no armed intervention but a  
strict neutrality observed, and  
that the exportation of arms to  
Mexico should be strictly forbid-  
den. Under no circumstances  
should there be any encourage-  
ment given to any of the parti-  
zans in the contest now distract-  
ing Mexico.

President Wilson makes it clear  
that the Huerta rule must cease,  
and declares that the United  
States can no longer sit idly by in  
such a crisis as the present.

Washington, Aug. 28.—Presi-  
dent Wilson last night sent out  
despatches warning all Ameri-  
cans to leave Mexico at once, at  
the same time instructing the  
American embassy and all the  
consular representatives of the  
United States in Mexico to notify  
the officials and military author-  
ities of Mexico that they will be  
held strictly responsible for any  
harm or injury to Americans or  
their property.

Mexico City, Aug. 28.—Not un-  
til late last night were any great  
number of Mexican people aware  
of the character of President  
Wilson's message to congress,  
and among those well informed  
in regard to it it did not arouse  
any great excitement.

### MORE MYSTERY ATTACHING TO JAPANESE WHALING SCHOONER

VESSEL WAS GIVEN ITS CLEARANCE PAPERS BY CUSTOMS  
AUTHORITIES BUT IS NOW DETAINED BY IM-  
MIGRATION DEPARTMENT.

The mystery attaching to the  
Japanese barque which is at  
present tied up at the Govern-  
ment wharf is far from clearing  
up. It is, in fact, increasing.  
It was expected that the barque  
would leave port this morning on  
her trip to the Fraser River for  
salmon. The customs authori-  
ties had given her the necessary  
clearance papers and said that  
they no longer had any reason  
for detaining her. It appeared  
that the troubles of the Japs were  
at an end, and that they could  
now proceed on their way.

But if the customs officials de-  
clared themselves through with  
their business with the Japs, the  
immigration officer, Dr. Neil Mc-  
Neill, did not. His department  
is now holding her.

"I can say nothing further at  
present than that the vessel is  
being detained by our depart-  
ment," said Dr. McNeill this  
morning when plied by a repre-  
sentative of The News with ques-  
tions as to the why and where-  
fore of the barque's detention.  
It is generally understood that

this action was taken in response  
to a telegram from the head-  
quarters at Ottawa. Since the  
immigration authorities are so  
interested in the ship the old  
question arises again: Did the  
vessel smuggle any Orientals into  
this country or Alaska?

The officers of the vessel will  
know all about Prince Rupert be-  
fore they get away. They are  
taking their present opportunity  
to see the town. In return, they  
have been entertaining some of  
our citizens. One who was  
aboard the barque was delighted  
with the reception accorded him  
and greatly enjoyed the experi-  
ence of eating dinner with chop-  
sticks.
