Your **WEEKLY LETTER** Home

How difficult it is, sometimes, to carry out your good intention of writing a letter every week to your relatives or friends back home or in the particular locality in which you lived before you settled in Northern British Columbia. A good way out of the difficulty is to order the "Weekly News" to be sent to them. It gives all the news of Prince Rupert and district.

You will accomplish a twofold purpose by doing so. Not only will you be sending a weekly letter home, but you will be contributing in no small means to the advertising abroad of Prince Rupert and Northern B. C. Just think how a newspaper from Prince Rupert will be passed on by your faraway friend to some other person who will be interested in learning something of the wonderful opportunities of this pioneer land. Is it not your duty to do that much for your city? It would be money well invested.

The "Weekly News" posted to any place in Canada or the United Kingdom is only \$2.00 per year; to points in the United States, \$2.50 per year.

FORT GEORGE IS NOW A VERY BUSY PLACE

All Available Lumber Is Utilized for Building as Soon as It Is Cut.

Edmonton, Sept. 4.—Representing a syndicate of capitalists of Bay City, Mich., A. G. MacFarlane, lumber expert, has been investigating the timber possibilities of the Fort George district for the past two months. Mr. MacFarlane, who returned to Edmonton a few days ago, is enthusiastic in his belief in the development of Fort George.

The timber to be obtained around Fort George is as good as is to be found anywhere on the continent, according to Mr. MacFarlane, and the lumber business has grown to huge dimensions. The Upper Fraser Timber Company, which owns 280 square miles of woodland, Mr. MacFarlane stated, is doing \$1,500,000 worth of business daily. The Mercantile Lumber Company of Fort George and the Fort George Freight and Lumber Company are doing a similarly large business.

Great activity prevails at Fort George, Mr. MacFarlane stated, and building operations are being carried on so rapidly that all the available lumber is utilized just as soon as it is cut. The fact that all cheques given by Foley, Welch & Stewart are now payable on Fort George have given a big impetus to the town. The cheques issued by the G. T. P. contractors alone on Fort George amount to over \$6,000 daily, according to Mr. MacFarlane. All the stores are doing a very large business, and new concerns are springing up rapidly.

DOES VANCOUVER IMAGINE PRINCE RUPERT SLEEPING?

(Continued from page 1)

on the line of the Grand Trunk Pacific right down to Tete Jaune Cache and even farther west, but they have not the chance which we have if we will but take hold of it.

"The Progress Club has a trade extension excursion to the end of the steel on the Grand Trunk Pacific, leaving Vancouver next Saturday and going right through that territory which naturally belongs to this city. We do not know whether there are any reservations left on the excursion, but we do feel that it is a duty to point out the opportunity which is open for Vancouver merchants to take hold at first hand of the openings which are at their doors."

MT. ROBSON NO CLIMB FOR A TENDERFOOT

Highest Point in Canadian Rockies Presents Many Difficulties in Ascent.

Robson, the highest peak in the Canadian Rockies, which rises 13,700 feet above sea level, will never be a playground for the inexperienced climber, according to reports of members of the Canadian Alpine Club who spent ten days' this summer in the heart of the Jasper National Park.

The apex was reached twice this season, five members of the party of sixty American, English and Canadian climbers, accompanied by Swiss and Austrian guides, achieving their object. Dr. Walcott, secretary of the Smithsonian Institute, found interesting fossils, and Mary Vaux, of Philadelphia, gathered much data in measuring glaciers in this district.

The first white man to scale the heights of Mount Robson was Rev. G. B. Kinney, who was accompanied by Donald Phillips. They made the ascent the middle of August, 1909, when they were forced to camp for ninety-six hours at an altitude of 10,000 feet during a blinding storm, and subsisted on such birds and marmot as they could capture.

Pope Again Suffering.

Rome, Sept. 4.—Pope Pius X is again suffering an indisposition, recalling the serious illness through which he passed last spring. At the Vatican it is said that his present trouble is slight, due to a cold. The Vatican physicians have suggested a complete rest. His Holiness, however, insisted on keeping engagements he had made for today.

WOLGAST AND McFARLAND Matched to Meet in Milwaukee Late This Month.

San Francisco, Sept. 4.—Ad. Wolgast announced today that he had received an offer from Milwaukee, which has barred heavy-weight contests, to go ten rounds with Paeky McFarland late in September, and he intimates that he will accept it. McFarland has offered to make 134 pounds at 3 o'clock for an evening fight, and as Milwaukee has lately been supporting the game well Wolgast thinks the bout would draw a big house. The former champion of the lightweights trained in Oakland for the Labor Day bout with Azevedo. He has been doing considerable boxing lately and weighs 135 pounds at the present time.
