CARSON SAYS REDMOND IS DICTATOR OF EMPIRE

THE KING TO FORCE A HOME RULE CONFERENCE—TWO HUNDRED AND THIRTY MILLIONS CROP

TWO BIG EARTHQUAKES STIR UP THE ISTHMUS OF PANAMA

WORKERS THAT GATUN AND CANAL WORKS HAD BEEN BADLY DAMAGED IS CONTRADICTED BY CHIEF ENGINEER GOETHALS

(Special to The Daily News.)
Panama, Oct. 3.—Two earthquakes shook up the old city last night, the two shocks being the most severe since the Americans took possession of the canal zone. The disturbance was of nearly equal duration, during which houses rocked and church bells rung. There was a rush for the big square in front of the cathedral, as it was feared some of the older buildings might tumble over. But it was soon all over, and there was no particular alarm, except among the Americans, as the natives are well accustomed to earthquakes and solutions. The Americans were particularly alarmed for the safety of the Gatun dam, only recently

completed, and also that the disturbances would start a great slide in the Culebra cut. This alarm led to many rumors starting in regard to the great amount of damage done along the line of the canal, and some of these were cabled to the American newspapers. When this came to the knowledge of Mr. Goethals, the chief engineer, he obtained reports by wire from every point and was able to declare that there had been absolutely no damage done to the locks or any part of the canal works.
Some of the small towns of the isthmus, however, suffered from the quake, a few buildings at Old Panama and Ventura being shaken down, but no fatalities have so far been reported.

RICHEST QUARTZ EVER FOUND IN THIS RIDING OF PROVINCE

ENGINEER GROUP OF ATLIN CLEANS UP ONE HUNDRED AND FORTY-FIVE OUNCES FROM TWELVE HOUR RUN BY TWO STAMP MILL.

In regard to the very rich gold quartz from the Engineer group, it is shown here during the exhibition, the Skagway Alaskan assays that assays running as high as \$45,000 to the ton, and clean up of 145 ounces in twelve hours' run by a two stamp mill, the latest report of the mine. At the present time much of the work is being confined to one of the many veins definitely located, and it continues to increase in richness as the work proceeds. Three assays from different parts of this vein, run under the most exacting conditions, showed \$17,000, \$35,000 and \$45,000 per ton in gold values. Since July 1, the average daily clean up from the plates of the two stamp mill on the prop-

erty is one hundred ounces per running day of twenty-three hours. The best run to date produced 145 ounces for twelve hours' run, and when the Daily Alaskan correspondent was present the clean up was 64 1/2 ounces dry amalgam for the day run of eleven hours, from 7 a. m. to 6 p. m. Deducting one-third for the weight of the "quick," the weight in gold remaining is remarkable and is very encouraging to those whose confidence in the mine has never faltered and who have spent so much time and money in developing the property, which will undoubtedly prove to be one of the world's richest gold mines.
Captain Alexander expects to have one hundred stamps installed and working next year.

DOMINION ORDERS PORTRAITS OF ALL CHINESE IN COUNTRY

THESE WILL BE FILED AWAY WITH NEAT BIOGRAPHY—TWO THOUSAND CHINAMEN IN TORONTO ALONE FOR OFFICIAL CAMERA.

The peaceful Chinaman has once again been disturbed by the Dominion government. To every Dominion immigration department throughout Canada notification has been sent demanding that every Chinaman, whether a newcomer or not, be photographed and reregistered. Not only that, but two new certificates must be made out on which will be given a biography of the Chinaman, together with his picture. One certificate is to be sent to Ottawa, while the other may be kept by the man himself.
Such a demand has come as a surprise to those in charge of the immigration offices to whom the task falls. It will not be an easy one, for there are hundreds of Chinamen in each city and to persuade them to have their pictures taken and then to show up at the immigration office in order that they may be reregistered is what must be done within a month or so.
The Toronto officials will have their share of the trouble, as there are over two thousand Chinamen in this city. But it will all be done by one man, Mr. Birmingham, of the Dominion immigration department here. Mr. Birmingham, however, states that so far he has encountered

very little difficulty. Scores of the Chinese are turning up daily at the office in the Union Station. Some have brought their photographs with them, while a few of the more cautious ones hold some little suspicion that by so doing they may probably be cutting their own throats. But as they stand debating the question one of Mr. Birmingham's amateur photographers snaps them while they wait, and after they have been thoroughly cross-examined as to their occupation, whereabouts and birthplace, etc., they are asked to call within a few days for their certificates, each containing a handsome picture. Mr. Birmingham reports that already five hundred have passed through the ordeal.—Toronto Globe.

USE AMERICAN SIDE
Fillbustering Expedition to Capture Mexican City.
(Special to The Daily News.)
Piedras, Negras, Mex., Oct. 3.—A fillbustering expedition yesterday attempted to capture this city from the American side of the Rio Grande, but they were repulsed.
How a man does enjoy spending money if he can't afford it!

CROP OF TWO HUNDRED AND THIRTY MILLION

Nice Little Poke for Western Farmers to Pocket After Marketing Crops.

(Special to The Daily News.)
Vancouver, Oct. 3.—A well known local banker computes that the farmers of the western prairies will have \$230,000,000 to pocket after marketing their grain. He declares that in future, when the Panama Canal is open for traffic, it is certain that a great portion of this great crop will find its way to Europe by way of Prince Rupert and Vancouver.

DYNAMITE OUTRAGES RIVAL M'NAMARAS'

George Davis Confesses to Having Caused Most of Explosions Testified to at Trial.

(Special to The Daily News.)
New York, Oct. 3.—Dynamite outrages outrivalling the exploits of the McNamara brothers and Ortie McManigal were confessed to here yesterday by George Davis, a union iron worker. All the explosions Davis confesses to were testified to at the dynamite trial at Indianapolis, but the fact that Davis caused them all was unknown at that time.

FOR WILSON'S SIGNATURE

Tariff Revision Bill Handed to the President Tonight

(Special to The Daily News.)
Washington, Oct. 3.—The Democratic tariff revision bill will be handed to President Wilson for signature this evening. The Senate last night adopted the joint conference report by a vote of 36 to 17, four more necessary than for a quorum of the Senate.

AT THE WESTHOLME

"The Rosary" Illustrated with Moving Pictures Tonight.

When the Pollard company were here there were hundreds entranced by the beautiful singing of "The Rosary" by Miss McNamara. To these the show of "The Rosary," which is put on at the Westholme Opera House tonight, is especially recommended. The incidental music is exceedingly fine and the Westholme orchestra, one need not say, is well qualified to give it a sympathetic rendition. Also the pictures illustrating every phase of the song will be found charming.
Another film, "The Mother's Sacrifice," is an exciting war story, one incident in it being wondrously clever. A pursued soldier is galloping across a bridge. His horse is shot and he and his mount fall over the parapet into the stream below.

CANADA'S NEW LOAN

Fifty-seven Per Cent. Left in Hands of Underwriters.

(Special to The Daily News.)
London, Oct. 3.—Fifty-seven per cent. of the new Canadian three million 4 per cent. loan was left in the hands of the underwriters. The result was anticipated, but is regarded as satisfactory under all the circumstances.

Hospital Dance.

The annual dance given by the Ladies' Auxiliary in aid of the hospital will be held at St. Andrew's Society Hall (Kaia Island gym) on Friday evening, Oct. 3rd. Dancing will start at 9 o'clock with music by the Westholme orchestra. Gentlemen's tickets \$2, at Orme's Second avenue drug store. Ladies free. 228-32

REDMOND DICTATOR OF WHOLE EMPIRE

So Declares Sir Edward Carson in Most Vehement Speech of Whole Campaign.

(Special to The Daily News.)
Belfast, Oct. 3.—Speaking at Dungannon yesterday, in the constituency represented by John Redmond's son, where he reviewed twelve hundred Ulster volunteers, Sir Edward Carson declared that John Redmond was at present the dictator of the whole empire. The speech was the most serious and the most vehement of the present campaign.

Belfast, Oct. 3.—It is rumored here that King George will compel all parties to go into conference on Home Rule.

THAT CRITICISM OF MINISTER OF LABOR

Crothers Makes No Answer to Trade and Labor Congress' Call for His Resignation.

(Special to The Daily News.)
Ottawa, Oct. 3.—When Hon. Thomas Wilson Crothers, minister of labor, returned from England yesterday, he was met by a number of newspaper men, who asked if he had anything to say in regard to the criticism against him of the Dominion Trade and Labor convention at Montreal, when several members demanded his resignation. He replied that he was not yet familiar with the substance of the criticism, and until he was he had nothing to say.
"Come and see me tomorrow at my office," he cheerfully invited.
While abroad Mr. Crothers has made a special study of the methods of the British government in dealing with labor disputes, especially in those of the coal miners.

Board of Trade

The regular monthly meeting of the Board of Trade is postponed until Friday evening, Oct. 10th, at 8 o'clock.

IMPRISONED IN COAL FIFTEEN FEET THICK

Miner Entombed Since Last Friday Must Spend Eighteen Hours More in His Cell.

(Special to The Daily News.)
Centralia, Pa., Oct. 3.—Separated from freedom by fifteen feet of hard, solid coal, Thomas Tushesky, a miner, who has been entombed in the Continental mine since last Friday, must spend at least another eighteen hours in his dismal cell, one hundred feet below the surface, before he can be rescued.

KIRKPATRICK SAYS ALL IS HUNKY HERE

Financial Stringency Disappearing and Mining Given a Fresh Impetus.

(Special to The Daily News.)
Vancouver, Oct. 3.—The business of Prince Rupert and Northern British Columbia is improving and the financial stringency is disappearing, according to J. A. Kirkpatrick, a well known northern business man now visiting this city. The fact that business conditions are better, he says, was evident from the great success of the first annual exhibition held at Prince Rupert. This he said had given a fresh impetus to mining. The real estate market continued steady.

PRACTISING MAGIC

Two Brazilian Women Are Accused of the Charge.

(Special to The Daily News.)
Vancouver, Oct. 3.—Accused of practising magic among the Indians of the Powell River, two Brazilian women, Marie Stevenson and her sister Lezea, were brought up in court yesterday, but acquitted.

THE LOST SURVEYORS

Eight Men Working on Slide to Recover Bodies.

The Canadian boundary survey has a crew of eight men at work on the slide at Cape Muzon in an attempt to uncover the bodies of Roberts and Bode, the two surveyors buried in the slide a couple of weeks ago. G. D. Roberts, one of the victims, recently fell heir to a large sum of money in England by the death of a relative, and planned to leave this coast for the old country as soon as this season's work was finished.

FOR WHIPPING CHILDREN

Superintendent of Quebec Orphanage Summoned to Court

(Special to The Daily News.)
Montreal, Oct. 3.—Charges have been entered against the superintendent of the Quebec City orphanage for whipping four inmates of tender years with a dog whip.

NEWSPAPERS AS POLICE

What Largest Newspaper Proprietor of World Says.

(Special to The Daily News.)
Chicago, Oct. 3.—At a banquet tendered him by the Chicago Press Club last night, Lord Northcliffe claimed that the newspapers policed the whole world, but that they did not get any credit for it.

South Bruce Election.

(Special to The Daily News.)
Ottawa, Oct. 3.—The by-election for South Bruce, caused by the appointment of James J. Donnelly, M. P., to the senate, will be held on October 30th.

PASSENGER TRAINS WERE DELAYED BY BAD WASHOUT

EXCESSIVE RAINS, COUPLED WITH GALES WHICH UPROOTED TREES, RESPONSIBLE FOR DAMAGE ON G. T. P.

The regular passenger train due here from the interior at 6:10 last night, did not reach the city until about 6 o'clock this morning, approximately twelve hours late. The delay was due to a washout at Hardscrabble, about 119 miles up the line. During the past two or three days there had been some very heavy rains in that vicinity, accompanied by terrific gales, which uprooted trees and caused much havoc along Hardscrabble Creek. The fallen trees and other debris were carried down the stream and formed a jam just where the creek passes under the railway. The course of the creek was thus changed and the track was gradually undermined. The matter was promptly reported by one of the section foremen to General Superintendent Mehan, who immediately had a pile driving outfit at work to minimize the damage.
Wednesday's train for New

Hazleton was held up at Terrace until the track was sufficiently repaired to permit trains to pass over. At Terrace there is good hotel accommodations and the passengers suffered no serious discomfort. It was not until yesterday afternoon that this train was able to proceed.
To accommodate passengers from the interior wishing to connect with the Prince George this morning a special train was made up at New Hazelton and left practically on the regular train's schedule. There was thus no serious interference with the service both ways and the passengers from the interior reached here in ample time to connect with the steamer this morning. This train could have arrived here considerably earlier but on account of the excessive rains all along the line Superintendent Mehan issued orders to proceed cautiously.

WELL KNOWN PROSPECTOR HOLDS UP MAIL CARRIER

MADE CARRIER RIP OPEN SACK WITH KNIFE AND DELIVER THE MAIL ADDRESSED TO HIM.

Joe Belway, who acquired considerable fame in October last as one of the discoverers of what was reported to be a very rich gold strike about twenty-five miles from Kitsumkalum, was brought to the city this morning by Constable Doolittle, charged with a rather serious offence—namely, interfering with His Majesty's mail. It appears from the story that has been told that Joe met the mail carrier on the trail between Terrace and Rosswood carrying the mail bag. Evidently he was expecting either a letter from his sweetheart or news of the recent strike at Chisana, as he was particularly anxious to get his mail. Stopping the mail carrier, who, by the way, was making his first trip, Joe asked for his mail, but was told that the bag was locked and that the carrier did not have the key. It

appears that Joe was very insistent in the matter and went for the mail carrier in a very threatening manner, the latter being told to open the bag with a knife. Rather than cause a scene, the carrier, it seems, complied with the order, and the two men assorted the mail, in which two very important letters for Joe were found.
When the mail carrier arrived at Rosswood, Mrs. Ross, the postmistress, immediately wired the post office inspector at Victoria of the occurrence and instructions were sent to Chief Owen to arrest the accused. In Chief Owen's office this morning the mail bag, with a slit some seven or eight inches long, was hanging on the wall.
Belway comes up for election before Judge Young at 2:30 this afternoon.

TEN YEARS AND LASHES FOR SERIOUS CRIME

"Kitimat" Brown Will Pay Penalty for His Unmentionable Crime.

William Brown of Port Essington, better known as "Kitimat" Brown, who pleaded guilty a couple of days ago to a crime, the particulars of which are unfit for publication, was this morning sentenced by His Honor Judge Young to ten years in the penitentiary at New Westminster with ten lashes ten days after his arrival there. Brown is a man about 50 years of age.

Complimentary Dinner.

A complimentary dinner will be tendered at the G. T. P. Inn tomorrow evening to F. Seelye by the Prince Rupert committee of the Mainland Fire Underwriters' Association. Mr. Seelye, as announced in yesterday's News, is here for the purpose of making a thorough investigation of the local conditions affecting fire insurance rates. Plates will be set for about twenty-five.

Candidate for Mayoralty.

(Special to The Daily News.)
Vancouver, Oct. 3.—Mayor Baxter announces that he will again be a candidate for the mayoralty.

STEAMER CHELOHSIN TO BE OVERHAULED

Only One Passenger Steamer Per Week on Union Steamship Line During Winter.

Starting this week the Union Steamship Company will run only one regular passenger steamer between Vancouver and Prince Rupert instead of two, as during the summer months. The weekly boat will arrive from the south on Tuesday mornings and leave for the south on Wednesday afternoons. For the next three weeks the Venture will be put on the run in order that the Chelohsin may be given a thorough overhauling for the winter traffic. The Vadsö, which also carries passengers, will make two or three trips per month between Vancouver, Prince Rupert and Granby Bay. The steamers Goquitlam and Capilano will also be engaged in the freight service.
It is expected that with the assistance of the three freight boats the passenger steamer will be able to keep up a regular schedule.

Martin O'Reilly left by the steamer Prince George this morning for Vancouver. Mrs. O'Reilly and children, who have been visiting there for the last three months, will return with him.
