PRICE FIVE CENTS

DUBLIN STRIKERS AND EMPLOYERS IN A DEADLOCK

HOME PARTLY DESTROYED BY STORMS—SHI KAI RE-ELECTED PRESIDENT CHINESE REPUBLIC

ONE HUNDRED HOMES IN NOME SWEEPED AWAY BY GREAT STORMS

ELECTRIC LIGHT AND TELEPHONE PLANTS DESTROYED— TWO MILES OF TERRITORY ON SEABOARD UTTERLY DEVASTATED

(Special to The Daily News.)
Nome, Oct. 7.—This city has been practically destroyed by storms. All the south side of Front Street is gone and is a sand pit. Two miles of territory on the sea is utterly devastated. The storms raged all night on the Behring Sea and were the worst ever known here. Men and women worked all night in the icy waters to save their goods. The electric light and telephone plants are gone. The loss is estimated at a million and a half dollars. There will be much suffering and outside help will be required. The steamers Victoria and Corwin made for the open sea and escaped damage. Over five hundred houses were demolished.

PLENDID SPEECH BY BREWSTER ATTACKING M'BRIDE OLIGARCHY

THE CONSERVATIVE PARTY GOT INTO POWER BY TRICKERY AND AIMS TO KEEP IN POWER BY TRICKERY— SOME RAW DEALS.

Vancouver, Oct. 4.—A largely attended banquet in honor of Mr. C. Brewster was given by the Vancouver Liberals last night in Dominion Hall, at which the late member for Alberni delivered an address criticizing the land policy and administration of the M'Bride government. The speakers included Mr. J. W. deB. Farquhar, Mr. George Housser, Senator Bostock, Mr. Alex. Henderson, K. C.; Mr. Maxwell Smith, Major Hart McHarg and Mr. Ralph Smith. Mr. Brewster, who was introduced by Mr. Maxwell Smith as the greatest Liberal in the greatest city of the greatest province of the greatest Dominion in the greatest Empire that the world has ever seen, was given an ovation on rising to speak. He said in part as reported in the Daily Province, the leading Conservative journal of British Columbia: "I am glad I have no need to elaborate a policy for the Liberal party. That has been done for me by the convention of the Liberal party which met at Revelstoke this spring, and I believe that no man could improve on that splendid program. It has been said that the Liberal party is a party of idealists. That is true, and I am glad of it. It has been said that we have no hope of success against a party like that governed by a coterie of politicians at Victoria, which turns all the money it can into the pockets of its friends. That party got into power by trickery and its efforts ever since have been to keep in power by all kinds of trickery. "In the rural districts it has been done through the road superintendents. Poor men who needed the money had to vote for the government in order to get work on the roads and trails and bridges of the province, as though it were any less wrong to

YUAN SHI KAI RE-ELECTED

Chinese Republic Will be Formally Recognized Today

(Special to The Daily News.)
Washington, Oct. 7.—As a result of the re-election by the Chinese parliament yesterday of Yuan Shi Kai as President, all the powers which have not already been done so will formally recognize the new Chinese Republic today, according to reports received here.

KILLED BY STREET CAR

Successful Klondiker Meets With Fatal Accident

(Special to The Daily News.)
Vancouver, Oct. 7.—W. A. Ingram, a successful Klondiker, is dead as the result of being struck by a street car. He was formerly a resident of Random, Man., and a native of Collingwood, Ont. He held extensive interests, mining and otherwise.

THE GREAT GAME

Phillies Win First Game of World Baseball Series

New York, Oct. 7.—Before one of the greatest crowds ever gathered in the ball park the first game in the world's series was played this afternoon between Philadelphia and New York, the latter being the favorite in the betting. Philadelphia won by a score of 6 to 4. The battery for the Giants were Marquard and Meyers, and for Philadelphia Bender and Schang.

The Duchess is Returning

(Special to The Daily News.)
London, Oct. 7.—It is officially stated that the Duchess of Connaught will return to Canada with the Duke.

STOP MILITIA MEN'S PAY

Vancouver Council is Showing a Very Mean Streak

(Special to The Daily News.)
Vancouver, Oct. 7.—The city council refuse to pay its employees who are members of the militia and did strike duty at Nanaimo salary while absent. The application was made but was turned down.

WORLD'S SERIES STARTS

Betting Slightly in Favor of New York Against Philadelphia

(Special to The Daily News.)
New York, Oct. 7.—The first game in the world's series starts this afternoon, Philadelphia against New York. The betting is slightly in favor of New York.

The ladies of the Anglican Church will hold a sale of work on Thursday, Dec. 4th. Particulars later. 235-36

NO IMMEDIATE PROSPECTS OF SETTLING THE DUBLIN STRIKE

EFFORTS OF SIR EDWIN ASKWIHT, STRIKE BREAKER OF THE BOARD OF TRADE, PROVE UNAVAILING—CANADA AND ULSTER SUPPORT

(Special to The Daily News.)
Dublin, Oct. 7.—The deadlock between the employers and the striking transport workers is complete. There seems no immediate prospect of any settlement of the dispute. Sir Edwin Askwith, the official strike breaker, and his commissioners of the Board of Trade, submitted to both sides this morning a set of proposals to form a basis of direct negotiations between the disputants. These proposals were accepted by the men but the employers were unable to agree. The report of the commissioners condemns the demands made by the employers that the men shall not join the transport workers' union, and at the same time condemns the sympathetic strikes by other workmen. In the meantime large numbers of the striking farm laborers are returning to work. Ottawa, Oct. 7.—Under the instructions of the government the secret service agents attached to the Dominion police are watching the development of the Ulster movement in the several cities of Canada, notably Toronto and Winnipeg. Any attempt in Canada to aid the proposed Carson rebellion is likely to land the Dominion conspirators in a criminal court and possibly in the penitentiary.

FINANCIAL STAFF OF CITY HALL REORGANIZED UNDER NEW HEAD

Several Changes Made Necessary For Reasons of Economy and Efficiency---Harry Birch Promoted to be Assistant to the City Treasurer

A lengthy report was read to the council last night from City Treasurer Johnstone regarding the reorganization of the financial staff of the city hall, together with a report from the finance committee recommending its adoption. In connection therewith was the resignation of James M. Carmichael, as assessor and collector. It was further recommended that Harry Birch be made assistant to the treasurer at the salary of \$125 per month, and that P. Lorenson, the present building inspector be also assessor at \$150 per month. The report of the finance committee upon the resignation was adopted and Ald. Bullock-Webster then asked if any pressure had been brought to bear to bring about the resignation of Mr. Carmichael. The mayor pointed out that the motion had been carried and therefore the alderman was out of order. He further informed the alderman that he had no right to make such insinuations without mentioning any basis for them whatever. In connection with the treasurer's report was a recommendation that Mr. Carmichael be made cashier of the finance department at a salary of \$110 per month. This started some discussion, Ald. Bullock-Webster seconded by Ald. Maitland, contending that all appointments should be made by the council by ballot. The former said the present presented a good opportunity to introduce this system and asked if the ruling section of the council could not rely upon its majority to permit such a ballot. The mayor said that if the council called for a ballot it would of course be taken. To make the situation perfectly clear he called upon Ald. Naden, chairman of the finance committee, to explain matters. Ald. Naden said the finance committee had gone over the report of the treasurer, and the matters connected therewith, very carefully and given to each and every point consideration. From the early part of the year they had given more consideration to the staff handling the city funds than to anything else. It was in consequence of the report made by the city treasurer last Monday that these changes in the staff were recommended, in the endeavor to place the city's financial affairs under one responsible head. The finance committee believed the proposed changes would be more economical, and what was far more important than mere economy, would prove more efficient. They could not expect really good work except under one head, and with the system Mr. Johnstone was starting the city would be able to economize still further. The committee felt that if they had been handling their own money instead of that of the city they would have taken just this same course. Ald. Kerr said in decreasing the staff congratulations were due to the committee, but he noticed the assessor was to be paid \$150 per month instead of his former salary of \$120 in another position. He did not believe there was any work for an assessor until sometime next March. The mayor said the assessment work should start this year so as to bring the new assessment before the new council as early in the year as possible. (Continued on Page 4.)

MODEST DEMANDS OF METLAKATLA INDIANS

Only ask Two Hundred Thousand Dollars from City for Shawatians Rights

An official communication from the Metlakatla Indian council was read to the city council last night, stating that the Indians would not consent to the placing of obstacles in Shawatians for the reason that such a dam as the city proposed would interfere with the taking of fish for food. They enclosed from the department at Ottawa a report that the value of the catch in these waters had been estimated to be worth \$5,000 each season, and made an offer of an option to purchase the Indian reservation and the fisheries connected therewith, for the sum of \$200,000. Mayor Pattullo said the deputy minister had written the city council that no barricades to the fish should be built on the reserve and he had replied that no such obstacles would be built. This ended the matter. The council approved the action of the mayor.

TO DISCUSS NIGHT SCHOOL

Public Meeting Will be Held in the City Hall Tonight

A public meeting to discuss the starting of a night school for workers will be held in the city hall at 8 o'clock tonight. It is important that not only those who are behind the movement should attend but the workers themselves who are interested. If there is evidence of an earnest desire of the workers for such an institution the proposition is more likely to be carried through.

GOOD SHOOTING SUNDAY

Private Russell the Winner of the Handicap Spoon

At the ranges on Sunday afternoon the sharpshooters of the Earl Grey Rifles made the following scores. It was beautiful weather with perfect shooting conditions. Pte. Russell won the handicap spoon.

APPOINTED MANAGER OF LOCAL TELEGRAPH OFFICE

L. W. Waugh, who has been a member of the staff of the local office of the Dominion Government Telegraph for some time, has been promoted to the position of manager of the local office to succeed F. W. Dowling, who was recently appointed district superintendent. Mr. Waugh's promotion took effect the first of October. He has had considerable experience in the telegraph business and is apparently well qualified to hold the more responsible position. For some years he was on the staff of the Australian cable station at Bamfield, Vancouver Island, and later with the C. P. R. at Vancouver. His many friends in the city are pleased to see him get merited recognition.

Winter Reaches the Interior

(Special to The Daily News.)
Regina, Oct. 7.—Rain and snow has fallen over the west as far as the mountains of Alberta.

EXPRESS COMPANIES HAVE REDUCED RATES

One Basing Rate to Prince Rupert Now Instead of Two—Material Reduction

Both the Canadian and the Dominion Express companies announce that a change of rates to Prince Rupert went into effect on the first of this month. By the new scale there will be a considerable reduction in charges on parcels of small weight. There will be no difference on parcels weighing over 50 pounds. A two pound parcel from Toronto which formerly cost 70 cents will now be delivered in Prince Rupert for 35c. A seven pound parcel, formerly \$1.75, will now be \$1.41, and a ten pound parcel, formerly \$2.30, will now be \$1.50.

The Charlotte Cox of the Atlin Fisheries, Limited, reached port last night after three weeks' fishing on the banks with about 25,000 pounds of halibut. A good deal of rough weather was experienced.

WEDDED AT THE MANSE

Fred W. Pearce Joins Ranks of the Benedicts

Cupid had a particularly busy day yesterday. In addition to the two weddings reported yesterday Fred W. Pearce, engineer at Archie McDougall's camp, was united in marriage to Miss Alice Fryer, who arrived in the city from Vancouver on the Princess May. The ceremony was performed at three o'clock in the afternoon by Rev. F. W. Kerr. Mr. and Mrs. Pearce will take up their residence in the city.

START IS MADE ON THE NEW BLOCK

Ground was broken yesterday for the new building at the corner of Second Avenue and Fourth Street being erected by McCaffery & Gibbons. Currie & Greer have the contract and the building is to be completed by December 1st.

Don't judge by appearances. Men who wear diamond pins sometimes have money.

BIG COAL SHIPMENT DELAYED BY STORM

Steamer A. M. Simpson With Coal for Prince Rupert Bar Bound on Coos Bay

With scores of back orders for coal on their books Rogers & Black are this morning in receipt of a wire from the Coos Bay Collieries advising that the steam freighter A. M. Simpson, loaded with 1400 tons of coal for Prince Rupert is bar bound in Coos Bay.

For the New Post Office

A communication was read at the council meeting last night from G. B. Hull, Dominion government engineer, requesting permission to put up a retaining wall at the rear of the Pioneer Club lots in which the excavation rock for the new post office might be dumped. The permission was granted.

A popular man is one who will stand to be bored once in a while.

EVIDENCE POINTS TO MURDER BRAINS AND BLOOD FOUND

LOCAL POLICE WORKING ON AN APPARENT MURDER CASE— WATCHMAN HEARD SCREAMS OF WOMAN IN THE NIGHT

That a terrible murder was committed in Prince Rupert last night is borne out by certain evidence gathered by the city police this morning. About ten o'clock a message was received at the police headquarters that such a deed had been committed but up to the present it has not been ascertained who gave the information. All that has been learned is that the message came over the telephone line to the cold storage plant at Seal Cove. There is an extension of this line from the office to the engine room and the instrument in the latter place is used by fishermen and anyone who cares to use it. The party sending the message immediately hung up the receiver without giving any name. Chief Vickers, however, at once despatched two of his men, Constables Shiel and Bayley to the locality described, a point on the G. T. P. right-of-way, somewhere between the cold storage plant and the dry dock. The constables returned from their search about one o'clock but refuse to divulge any information as to what they had learned. It is reported, however, and on fairly good authority that they found a portion of the brains of a human being and that blood was plainly in evidence on the rocks for some distance, indicating that the body had been dragged to the edge of the embankment and thrown in. At the place where the blood was found the road bed for the railway is sustained by a concrete wall built in the water which is very deep. The indications according to reports are that the body was thrown over the coping. There is some additional information to indicate that an awful crime was committed. At a late hour last night the watchman on the Albert Meyer, which is lying at anchor nearly opposite the place where the evidence was found, heard the screams of a woman who was apparently being maltreated. Further developments are anxiously awaited. Since the above was written a "News" representative visited the scene of the supposed tragedy which is at the point where the second retaining wall this side of where the cold storage plant is located. Between two rocks there was a large pool of clotted blood which had been sufficient to form a stream across the right-of-way and run down the steep wall. The police have since reported that an empty 30-30 shell had been found near this place. Pigeons of hair were found but they do not appear to be human hair. A sample of the blood has been given to Dr. Cade to make a report on.

LORD NORTHCLIFFE AROUSES TEMPEST IN THE WINDY CITY

HIS VIEWS UPON WOMEN MEET WITH STRONG DISAPPROVAL—SAID NO SELF-RESPECTING MAN WOULD BE DOMINATED BY WOMAN

Chicago, Oct. 4.—Lord Northcliffe's views on woman suffrage have aroused a storm of disapproval from the leaders of the movement in Chicago. Lord Northcliffe said: "There are proportionately 1,700,000 more women of voting age than men in England, Scotland and Ireland. If they were given the same franchise rights as the men, they could dominate the Empire. No self-respecting man is going to be dominated by women. The men of England will not tolerate rule by women. "Personally," he continued, "I am not against giving women the vote on property basis, but this suffragettes will not be satisfied with. As a matter of fact women may vote in England today for most everything, except members of parliament and they don't use these votes." Catherine McCulloch, pioneer suffragette and woman lawyer, says: "It would be no worse for women to rule over men than the present rule of men over women in England. Besides, women are not striving to get the ballot to boss men, but to boss themselves." Clarence A. D. Thompson, formerly of the mechanical staff of the Empire, and Miss Mary Ann Tonnahill, formerly Mrs. Mary Lamphere of this city, were married at San Francisco on Sept. 22nd.
