BORDEN SAYS SESSION NOT LIKELY THIS YEAR

Government Victory in Chateau-guay, Middlesex and South Bruce Might Change His Mind.

Ottawa, Oct. 9.—Premier Borden when asked for a statement relative to the opening of parliament said that he could give no official information by reason of the fact that the matter had not been formally decided. He does not think the house will meet before January.

Mr. Perley is leaving on his trip to Europe and Speaker Landry of the senate has just sailed for England and France and will be absent until the Christmas season. The Journal, a Conservative organ, says, however, that the probability of an early session of parliament is growing every day. November 12 is spoken of as the date for the next parliament. It is stated that a government victory in Chateau-guay, Middlesex and South Bruce would result in an early parliament, when, with his hands strengthened, the premier would call an early parliament and again introduce the naval bill.

TRAVELLERS SPEAK WELL OF ALDERMERE HOTEL

The town of Aldermere is fortunate in having one of the best hotels in Northern B. C. It is conducted by Broughton & McNeil and the travelling public say they cannot speak too highly of it. Excellent sleeping accommodation and the best of meals are provided. It is a striking contrast with conditions at Smithers. At the latter place lodging houses and restaurants are being erected as rapidly as possible and it is hoped that better service will be provided in the near future.

LOCAL NEWS ITEMS

There was only one case in the police court this morning, a drunk, who was fined the usual five dollars.

Chief Vickers has received no further word concerning Mrs. Vickers, who was recently taken ill in England. It is hoped that no news is good news.

The Venture, of the Union Steamship Co., arrived from the south at 6 o'clock this morning, leaving about 8 for Granby. Several passengers, not expecting the steamer so early, were left behind.

A meddlesome woman, riding in a tramcar, began sneering at a young mother's awkwardness with her baby. "I declare," she snorted, "a woman ought never to have a baby until she knows how to hold it."
"Nor a tongue, either," quietly responded the young mother.

PERSONNEL OF ROYAL SUITE IS ANNOUNCED

Duke and Duchess of Connaught Now on Their Way Back to Ottawa

London, Oct. 11.—It is officially announced that the following will comprise the royal suite sailing by the Empress of Britain. Miss D. Yorke, acting Lady in Waiting to Her Royal Highness the Duchess of Connaught; Hon. Katherine Villiers, acting Lady in Waiting to Princess Patricia; Captain Rivers Bulkeley, Comptroller of the Household in Canada and Equerry in Waiting; Captain H. C. Butler, Aide-de-Camp; Captain Hon. G. Boscawen, Aide-de-Camp; Captain A. C. G.

Graham, Aide-de-Camp, and Major Sir Edward Worthington, medical officer to His Royal Highness the Governor-General. Her Majesty Queen Mary has given permission to Hon. Katherine Villiers to act temporarily as Lady in Waiting to Princess Patricia in place of Miss Adams, who, unavoidably, is prevented from proceeding to Canada at present.

THE DOUGHTY ENTERPRISE

Sir George Blames a Canadian Bank for Liquidation.

It is a matter of regret that Sir George Doughty should blame a Canadian bank for the conditions which have rendered necessary the placing of the British Columbia Fisheries, Ltd., of London and Vancouver, in liquidation. The fact that his company has expended \$750,000 in its British Columbia enterprises is relied on by Sir George as justification for his attack on the bank which refused the company advances. Sir George is a man of high standing in Britain and if he could not, as a business man, see far enough ahead to provide the capital his company would require he has no one to blame but himself and his co-directors, on whose part the position would suggest bad management. If Sir George looks at the bank returns he will find that the curtailment of deposits is responsible for the financial stringency and advances of banks must be in proportion thereto. The company is a British incorporation financed by British capital. If it could not get financial assistance from British banks, who hold its bonds, Sir George could hardly expect Canadian banks to come to its rescue. Mining and Engineering Record.

JOBS FOR THE ALIENS

Americans Flattered Sir Richard and Are Therefore Preferred

We must enter our protest against the policy of the government of British Columbia in giving the preference of public appointments to American engineers when there are in the province engineers just as well, if not better, qualified to do the work. The appointment of Colonel Thompson, formerly city engineer of Seattle, as engineer for Strathcona Park is a public scandal in the face of the fact that there are in the coast cities engineers quite as capable of filling the position.

Now we find Hon. W. R. Ross, minister of lands, appointing W. H. Grunsky, another American engineer, in connection with the provincial irrigation schemes, when there are on the ground Canadian engineers who have demonstrated their capability for the work with the advantage of a better acquaintance with local conditions with which they have to deal.—Mining and Engineering Record.

Mother (after the wedding)—
"Well, our daughter and her husband are off at last. What's troubling you, John?"
Father—"I don't quite like that young fellow's parting words. He didn't say 'Good-bye'; he said 'Au revoir.'"

Some wives feel the need of an excuse for being married, and some spinsters for not being.

ACCIDENTALLY SHOT

Section Hand Killed by Bullet from His Own Rifle

An accident of a fatal nature occurred Friday morning when Philip Rogons, who was employed on a section gang about fifty miles above Telkwa, dropped a rifle he was carrying under his arm. The gun discharged upon striking the ground and the bullet entered Rogons' abdomen, inflicting a severe wound. His comrades immediately placed the injured man upon a handcar and started for Telkwa, arriving Friday night, but his condition was such as to give very small hopes of recovery when Dr. Wallace examined him and the only thing to do was to ease his suffering as much as possible until the end came at two o'clock on Saturday afternoon.

Deceased was a native of Greece and was 26 years of age, and had no relatives in this country. The funeral will take place tomorrow.—Telkwa Tribune.

INSPECTS STEWART OFFICE.

Stewart had the honor this week of a brief visit from F. W. Dowling, the recently appointed superintendent of Dominion telegraphs in the north, who came in on the Thursday boat to make an inspection of the local office, in charge of H. B. Birch. Superintendent Dowling for several years past has been manager of the Prince Rupert office, and he will still make that city the centre of his activities. While here he made a study of the local situation with a view to preparing for the winter season.—Portland Canal Miner.
