YOU HAVE HEARD OF THE FAMOUS Bulkley Valley

Which contains one of the largest and richest bodies of agricultural land in British Columbia. You have heard of the tremendously rich Babine, Hudson Bay Mountain and Copper

River mining districts. The Grand Trunk Pacific is now operating trains from Prince Rupert to a point 301

miles east. The trade centre and future city of this wonderful section is HUBERT-located in the very heart of the Bulkley Valley, and from where branch railroads must be built to open

up the great surrounding country. HUBERT is located three miles east of the old towns of Telkwa and Aldermere, both of which will move to the railway.

HUBERT is the recognized location for the future city, and has behind it the same organization that created and made Fort George famous.
