GREAT LIBERAL VICTORY IN TORY SOUTH BRUCE

PLOT TO ASSASSINATE PRESIDENT HUERTA—MAROONED TEN YEARS ON HUDSON BAY ISLAND

FOREGONE CONCLUSION THAT HUERTA REMAINS PRESIDENT

PRESIDENT WILSON WAITING FOR MEXICAN AFFAIRS TO TAKE DEFINITE SHAPE FOLLOWING ELECTION — PLOT TO ASSASSINATE HUERTA

(Special to the Daily News.)
Mexico City, Oct. 31.—With the election of Huerta for president and Blanquet for Vice president almost a foregone conclusion, according to official returns, the question of what Washington is going to do is keeping the foreign residents, and also a majority of the Mexicans, in a state of suspense. On the surface at least the administration appears to be giving little consideration to the subject, apparently taking the ground that the Mexicans have decided the matter for themselves by declaring in favor of Huerta's continuance in the presidency.
Washington, Oct. 31.—President Wilson caused it to be known last night that he is waiting to see things take a definite shape in Mexico as the result of the election there on Sunday and that the United States government will not act until informed in detail of what took place at the polls.
The secretary of the navy has instructed Rear-Admiral Fletcher to place General Felix Diaz, the Mexican refugee, and party aboard a New York & Cuba mail steamer, either as the ship leaves the last Mexican port or after her sailing the transfer to be made at sea, to guard against the party's arrest by the Huerta authorities.
Mexico City, Oct. 31.—Two women are said to have disclosed a plot to assassinate Huerta. The police are now searching for the conspirators.

HALLOWE'EN PARTY IN FULL COSTUME

The Queen of the Fairies and Any Number of Entrancing Witches Present.

Mrs. John H. Hilditch, at her residence on Fifth avenue, gave last night a Halloween party that was a Halloween party; that was dressed and staged faithful to the traditions handed down to us; that was embellished with all the rites and ceremonies incident to such a celebration, but the ladies who saw their second "future" in the magic mirror refrained from mentioning names. The decorations were splendidly reminiscent of everything one has read of this notable medieval church festival of All Saints and All Souls and were pretty withal.
Mrs. Hilditch received her guests in a thoroughly appropriate costume of pumpkin and black; Mrs. John McRae was queen of the revels; Mrs. Jennings, a bewitching witch, and Miss Muriel Owens a dainty aerial fairy. Prizes were given to the designers and wearers of some of the more notable costumes—Mrs. L. W. Kergin for the most comical, and Mrs. St. Clair, Mrs. Jarvis McLeod and Mrs. McDermid for costumes best carrying out the idea of the festival.
Mrs. Hilditch was assisted by Mrs. J. E. Merryfield and Mrs. W. Owens and there were the time honored games, music, delightful refreshments and lots of fun until the wee sma' hours.

NEW FILMS AT EMPRESS

MAROONED FOR TEN YEARS ON AN ISLAND

Ten People Rescued from an Island at the Mouth of Hudson Bay.

(Special to The Daily News.)
Winnipeg, Oct. 31.—Hudson Bay officials here have received meagre reports from the north that a party of Eskimo, numbering ten persons, have been rescued from an island at the mouth of the Hudson Bay upon which they had been marooned for ten years. The Eskimo had been caught off shore on the ice drift ice and were carried, after a week of hardship, to the island from which they discovered there was no escape.

BODY OF D. B. KENNEY FOUND IN SLOUGH

Parents of Deceased Here This Morning, En Route to Their Home in the East.

The body of D. B. Kenney, drowned at Terrace about a week ago, was found in the slough yesterday not far from where the accident occurred. Mr. and Mrs. Kenney, parents of the deceased, came in from Terrace by last night's train and left this morning for Vancouver, en route to their home in the east. A brother of the deceased, who lives at Terrace, accompanied them as far as Vancouver. The bereaved widow and children, who have the sympathy of many friends, are remaining at Terrace, two brothers of deceased also residing there.

OUTBREAK FEARED IN MINING CAMPS

Attack on Strikers' Colony at Aguilar Gives Rise to Grave Apprehensions.

(Special to the Daily News.)
Trinidad, Colo., Oct. 31.—The grave apprehensions of further outbreaks between the strikers and the mine guards was accentuated yesterday by an attack upon the strikers' colony at Aguilar. This caused General Chase, in command of the militia encamped there, to hold the entire command under arms in the military camp, momentarily fearing an outbreak.

LIBERAL VICTORY IN SOUTH BRUCE

Reuben E. Traux Elected by Majority of One Hundred and Forty-Two

(Special to The Daily News.)
Teeswater, Oct. 31.—At the by-election held here yesterday to fill the vacancy caused by the appointment of J. Donnelly to the Senate, R. E. Traux, the Liberal candidate was elected by a majority of 142 votes, over W. J. Cargill, Conservative, a son of the former Conservative member of the House of Commons. Mr. Traux has represented the constituency in parliament and also in the Legislature. In 1908 Mr. Donnelly won the seat by 193 and in 1911 by 103, so the present result shows a complete reversal of political sentiment.

GREAT BRITAIN TO WED WITH RUSSIA

Rumored That Prince of Wales Will Marry Second Daughter of the Emperor.

(Special to The Daily News.)
London, Oct. 31.—The report current on the continent and published in the United States that the Prince of Wales is to marry the Grand Duchess Aliana, second daughter of the Russian Emperor, was officially denied today as a pure invention.

CIVIC IMPROVEMENTS.

Petitions are in circulation in the city at the present time providing for electric light, telephone and water extensions in the outlying sections of the city, also for an auxiliary lighting plant, municipal building and recreation grounds.

Sometimes the question is asked, "What is the use of passing these bylaws when it is impossible to get the money?" The answer to this is very simple. Of course if the money stringency continued indefinitely and it were impossible at any time to get money there would be no use in passing these bylaws, but it is extremely important that these bylaws should be passed so that the moment the money market is receptive the city will be in a position to offer its debentures to carry out these needed public improvements.

If these bylaws are not passed it simply means that if the markets are favorable the work cannot go on because the city will not be in a position to dispose of its debentures.
Every property holder should therefore sign these petitions as it will place the city in a position to properly provide for necessary public works the moment the money market is favorable.

TIMBER THAT SHOULD BE USED IN PRINCE RUPERT'S DRY DOCK

GREENHEART FROM THE TROPICAL FORESTS OF BRITISH GUIANA — RECORD THIS WOOD MADE IN LIVERPOOL DOCK CONSTRUCTION

New York, Oct. 27.—Clayton D. Mell, of the forest service, sailed last week for British Guiana to inspect greenheart timber to be used in the construction of docks and other marine works for the Panama canal. He goes at the request of the Isthmian Canal Commission, to make sure that the government gets genuine greenheart timber, for which a number of inferior substitutes are offered.
Genuine greenheart is reputed to be the most resistant wood to the attack of marine borers and to decay. Borers are especially bad in tropical waters. Indisputable records show that the best grades of this wood surpass iron and steel as to lasting qualities in contact with salt water. It has been known and used since 1769. Logs have remained intact under water for 100 years.
Lock gates in English canals have been made of it for years and the only limit of their durability so far has been the length of service of their iron bolts and fastenings, which usually can be renewed without much trouble.
Greenheart in Liverpool lock gates built in 1856, removed to allow a deepening and widening of the canal in 1894, was used over again when the gates were reconstructed. The sills and fenders of the lock gates at Panama will be made of greenheart and much of the docks will be constructed of the same material.
Nansen's ship, the Fram, and the Antarctic vessels, Discovery, used by one of the Scott expeditions, and the Guass, used by Drygalski, were all planked with greenheart.
The great durability of the wood is said to be due, at least in part, to the presence of an alkaloid, which is used as a substitute for cinchona, the basis of quinine.

LITTLE DAMAGE DONE SCORES CONDITIONS AT NANAIMO MINES

Residence of Mr. Helman Took Fire This Morning. Says Boys, Let Alone Men, Would Not Tolerate Them in the English Mines.

At 8:40 this morning an alarm was turned in for a fire at the residence of E. Helman, 1125 Ambrose avenue. The brigade responded promptly, but the flames had been extinguished before its arrival. The fire, it is believed, originated from a defective chimney, sparks dropping down in the wall space. Mr. Helman, who is employed with the Prince Rupert Tent and Awning Company, had left for the shop, but assistance from neighbors was summoned. A hole was cut in the wall and a few pails of water soon extinguished the flames. The damage is probably not more than \$25.
Chief McDonald, who was at the G. T. P. wharf when the alarm was sounded, requisitioned one of the Prince Rupert Auto Company's cars and was soon on the scene.

HOPES GREAT BRITAIN WILL SHOW AT 'FRISCO

Sir Thomas Lipton Thinks Financial Difficulties Not Altogether Insuperable.

(Special to The Daily News.)
London, Oct. 31.—Sir Thomas Lipton, following an interview with a member of the cabinet last night, said: "I have great hopes that if certain financial details can be arranged Great Britain will be officially represented at the San Francisco Panama exposition, as the financial difficulties, I think, are not insuperable."
