Just as soon as the government offices open here in the morning the men will take out their certificates and will leave for the claim again. Two of the discoverers are now keeping guard on the strike while the others came to the city to register their claims. The find is located in the Chekamus valley, above Mile 47. The exact location has not been divulged, but it

CANADA'S PROBLEMS EQUALLY IMPORTANT

Ambassador Bryce Welcomed in London by Large and Distinguished Gathering

(Special to the Daily News.)
London, Nov. 7.—A large and distinguished gathering welcomed the Rt. Hon. James Bryce, recently British Ambassador to the United States, at a dinner given by the Pilgrims' Club last night. The celebrated writer and diplomat devoted a good part of his address to criticisms of the press upon his work as ambassador, and in connection with this work he emphasized the idea that the British Ambassador to the United States had to deal with problems between Canada and the United States, for Canada's interests were as important to the empire as were England's.

TWO THOUSAND MILITIA Encamped in Indianapolis for Duty During Car Strike

(Special to the Daily News.)

is known in the camp that some of the men have made a find, and there is likely to be a sudden rush from the construction camp when the location is made public. The samples of quartz and dust which the men have brought down have every mark of being of the best quality. They state that both placer and quartz mining will be good in the vicinity. They expect to make arrangements for receiving supplies from Vancouver and will work the ground during the entire winter.

"LAPSE OF MEMORY"

The Evening Empire has had another of those attacks of "failing memory." In its leading article last night it said:

"If it had not been for the Empire's criticism the city long ere this would have run a very great risk of having been robbed of all its valuable franchises."

Strange, isn't it, that its memory is so poor on this particular question of franchises? It was only during the last municipal campaign that the Empire was forcefully reminded of its attitude on the question of the telephone franchise. The public has not forgotten that the Empire advised making terms with the B. C. Telephone Co. and discouraged the idea of starting off with municipal ownership. The public will hardly be generous enough to attribute the Empire's statement of last night to "lapse of memory." It will simply put the statement down as another of the Empire's deliberate lies made for the purpose of deceiving the people and making them think the editor of the Empire is the "trusty watchdog of the city's interests."

Over \$1600 Has Been Subscribed Towards Building Fund—Will Ask for Tenders

At a meeting of the congregation of the Presbyterian church held last night the report of the building committee appointed at a recent meeting was received. At the previous meeting it was decided that if the committee could raise \$1500 the congregation would proceed with the building of a new church. The report of the committee last night was a most encouraging one, the chairman reporting that although the field had been by no means covered, over \$1600 had been subscribed. The plans prepared by architect Procter were examined and considered satisfactory. The estimated cost of the new building is in the vicinity of \$4,500.

ABUSIVE LANGUAGE LEADS TO FATAL SHOOTING AT TELKWA

CLARENCE HOWELL SHOT IN THE BREAST IN BAR ROOM BY A RUSSIAN FINN — DIED EIGHT HOURS LATER

News reached the city last night of a fatal shooting affair at Telkwa on Tuesday afternoon. From the information to hand it appears that a young man named Clarence Howell, employed in the sawmill at Telkwa was hanging around the bar-room in the Telkwa Hotel on Tuesday afternoon when a Russian Finn entered. Howell, it appears, had no money and wanted a drink. He kept asking the Finn to buy him one until the Finn started to abuse him by calling him names unfit for publication. Howell took exception to the language used by the Finn whereupon the latter pulled a gun and deliberately shot Howell through the lungs. Howell then walked out of the bar to a barber shop where he inquired for a doctor's office. He was able to walk to the lat-

er but nothing could be done to save his life. The shooting occurred about 1.30 in the afternoon and the unfortunate man died at 9.30 the same evening. The Finn was at once placed under arrest and is awaiting his preliminary hearing.
