

TWO BABIES ROASTED TO DEATH NEAR HAZELTON

WRANGELL HUNTER'S FATAL FALL OVER CLIFF--NANAIMO SENTENCES APPEALED TO OTTAWA

TWO YOUNG CHILDREN BURNED TO DEATH IN INDIAN SHACK

CHILDREN WERE LOCKED IN WHILE MOTHER ATTENDED
CHURCH -- HOW THE FIRE STARTED IS NOT DEFIN-
ITELY KNOWN

Hagwilget Indian village was visited early Sunday evening of last week by a fire that brought grief to the native villagers. When going to church the Indian mother left her two children alone in the house. The church was just a few yards off and the mother felt secure. The fire had made great headway, in fact the interior of the shack was a roaring furnace, when discovered by an Indian returning from New Hazelton. The villagers were all at church but as soon as the alarm was given there was a

general exodus from the church. As the Indians drew near the burning building they could hear the cries of the perishing children. Two boys broke in the front door, but as it gave way the fire and smoke broke forth, volume after volume, and an entrance to the building was impossible. Very soon the roof collapsed and all hope was abandoned.

The village is not provided with any fire protection and even water is very scarce.

On Monday Coroner S. H. Hoskins investigated and decided an inquest was unnecessary.

MAY INCREASE RENTALS

As a result of police commissioner Maitland's agitation in regard to the segregated district it is reported that a number of owners of property there have sold to the occupants on the instalment basis. The chances are that in many cases the sales will be fictitious and even where they are genuine the payments are likely to amount to nothing more than rental. It was quite evident at the time that Ald. Maitland's action was for the purpose of reducing rentals charged, yet it is likely to have just the opposite effect. Is it possible that the alderman foresaw this result?

LORD MAYOR'S PAGEANT

Promises to Excel in Gorgeous
Pomp all Previous Shows

(Special to The Daily News.)

London, Nov. 10. — Elaborate preparations have been made for the lord mayor's show today and it promises to excel in pomp and circumstance and in other ways all previous spectacles of its kind. For one thing it is the third centenary of the completion of the city's first adequate water supply, and several of the beautiful floats to be seen in the pageant are designed to symbolize that memorable event. The speakers for the lord mayor's dinner this evening include Premier Asquith, Winston Churchill and Lord Chief Justice Sir Rufus Isaacs.

NEIGHBORS BECAME EXCITED

Alarm Turned in for Burning
Tar on Ambrose Avenue

The fire brigade was summoned to the residence of E. Hillman on Ambrose Avenue, about noon yesterday. Mr. Hillman was warning some tar to put on the roof when the tar took fire and caused a great cloud of smoke. Neighbors becoming excited turned in an alarm. The brigade responded promptly but their services were not required. A couple of weeks ago the brigade was summoned to the same residence for a small fire caused by a defective chimney. It was in repairing this that the tar was being heated yesterday.

RUPERT GARDEN CLUB

Why Not Organize it Now Ready
for the Spring

There are several pretty lawns in Prince Rupert and there ought to be a great many more in the general opinion. Both in gardening for the home table and for the decoration of the premises much might be done by co-operation and expert advice. Both these may be obtained by sending in your names to A. H. Tomlinson, the government horticulturalist, whose business and pleasure it is to encourage just such movements.

LEG AND ARM BROKEN

Brakeman Brought in from Hazelton Suffering from Injuries

Robt. McKay, a brakeman on the G.T.P., was brought to the city on last night's train and taken to the hospital for treatment. On October 22nd Mr. McKay fell from a train and was run over, sustaining a broken arm and broken leg. He was in the Hazelton hospital for a couple of weeks but was brought here for further treatment.

ALL-BLACK RECORD TENTH STRAIGHT WIN

In Ten Games Scored Three Hundred and Eighty-Four Points
Against Three

San Francisco, Nov. 6.—The New Zealand "All Blacks" defeated the rugby team of St. Mary's College of Oakland by 26 to 0. The game was a poor exhibition on account of the muddy condition of the grounds and the drizzling rain which fell during the game.

The All-Blacks have played ten games so far in America and they have scored 384 points to 3 against them. Here is the record to date:

A False Alarm

The fire brigade had a second run on Saturday about 3.30 o'clock an alarm was turned by Jabour Bros, Third Ave West. On investigation it was found that the smoke in their store had come from an adjoining building where a motorcycle engine was being tried.

CALGARY OFFICIAL GUILTY OF THEFT

Former City Treasurer Gets Sentence of Five Years in the Penitentiary

Calgary, Nov. 6.—C. H. Minchin, formerly city treasurer, city alderman, and last year a defeated candidate for the office of commissioner, was found guilty at the Assize Court this morning of the theft of \$5000 from the city and was sentenced to serve five years in the Edmonton penitentiary.

Both verdict and sentence were a complete surprise as when the crown and defence rested their cases last night Minchin appeared to have an excellent chance of acquittal.

The summing up of Judge Walsh this morning was decidedly against the defendant, and when his charge to the jury was completed Minchin's conviction seemed certain. The jury deliberated for less than half an hour before returning the verdict. Sentence was imposed immediately afterward, and Minchin was taken into custody by the Mounted Police. An appeal on technical grounds is anticipated.

Newspapermen Go South

Among the passengers from the north on the Princess May on Saturday evening were a number of newspapermen, including Dr. L. L. Keller, proprietor of the Skagway Alaskan. He was accompanied by his wife and family who are on their way east. His brother J. M. Keller, editor of the paper, was also on board en route to Seattle to attend a gathering of the Arctic Brotherhood. J. W. Troy, editor of the Juneau Empire, and E. J. White, editor of the Whitehorse Star, were also on board.

WRANGELL HUNTER IS KILLED BY FALLING OVER PRECIPICE

SEPARATED FROM HIS COMPANIONS HE FAILED TO RETURN
AND SEARCH PARTIES WERE SENT OUT--THEY
RETURN WITH THE REMAINS.

Wrangell, Nov. 7.—Grant Henry, with a party composed of Ed. Brown, Art. Myers and Ase Holenbeck, left about two weeks ago for Kuui Island for a hunt and all went well until Friday, when they went out for a hunt and separated, which was the last seen of Grant Henry. The rest of the party spent the next two days hunting for him, but was forced to give it up and come to town for assistance. A party of ten men was organized Tuesday and left on the Duckland under the leadership of Ase Holenbeck and will make a thorough search

of as much of the country as possible.

The country where he disappeared is very rough and cut with deep ravines and the general belief was that in some way he accidentally shot himself and died from the wound or exposure.

The searching party returned today with the dead body of Henry. He was found by Ase Holenbeck and "Speedy" Mc-Glashin, part of the hunting party, a mile and a half from camp, having fallen down an eighty foot cliff, which broke his neck and one arm and both legs.

NANAIMO SENTENCES APPEALED TO OTTAWA

Prominent Labor Men Request
the Minister of Justice to
Reduce Them

Ottawa, Nov. 6.—Messrs. J. C. Watters and Fred Bancroft, the president and secretary respectively of the Dominion Trades and Labor Congress, waited on Hon. C. T. Doherty, Minister of Justice, yesterday afternoon and pleaded for a reduction of the heavy sentences imposed upon the Nanaimo miners, who were convicted of being leaders in the strike riots of last month.

The sentences, Messrs. Watters and Bancroft claim, were too severe, especially in the case of the two men and the two boys sentenced to two years in the Westminster penitentiary.

It is likely that every branch of organized labor in Canada will sign a petition to be sent to Hon. Mr. Doherty supporting the plea made by Messrs. Watters and Bancroft.

The minister has promised to get a copy of the testimony taken at the trial in Westminster, so that he can acquaint himself with the facts of the case. When he has done this he will make known his decision.

DROWNED AT HAMMOND

Young Man on Local Survey Party
Gets Bad News

Roy Horie, who has charge of a government survey party doing work at Banks, Prescott and Porcher Islands, arrived in the city last night. On his arrival here he received a wire from Burns McLellan, one of the members of the party, with the information that the latter's father, Hugh McLellan, a well known resident of Vancouver, had been drowned on November 6th. The accident happened while Mr. McLellan was crossing the Fraser River at Hammond during a dense fog. The body had not been recovered when the message was sent. The sad news was conveyed to Burns McLellan today at Porcher Island.

BUD CORLEY STARTS AFTER BOLIVIA GOLD

Prospector Seaman Writes that
He has Struck It Rich in
Mountainous Republic

A number of people were on the wharf last night when the Princess Beatrice was in, to give a friendly send-off to Stewart A. Corley of the Royal Hotel. He goes to La Paz, Bolivia, and the wild, weird hunting stories he has told recently in a manner not readily understood, is accounted for by his amateur explorations into the Spanish language.

O. A. Seaman, the well known quartz prospector, left here for Bolivia just about a year ago on a scheme of exploration for gold in that country which he had been planning for a couple of years. Having obtained direct information in regard to these deposits he got together among his many friends in Seattle and San Francisco a party of experienced mining men and set sail. From time to time he has written of the prospects to Mr. Corley, stating the conditions met with and the indications, and quite recently came an enthusiastic letter that he and his party had "struck it rich" and that Bud was to come on pronto. So Mr. Corley has set forth on the bounding deep with high-bounding hopes.

In the restaurant business the name of Corley & Burgess has stood at the head ever since Rupert was and from Rupert Way to Third Avenue. This is the second trip out Mr. Corley has made in those seven years, and it is just as likely as not he will return in a year or two rich beyond the dreams of avarice.

Steel Nearing Ft. George

Passengers from the far interior by last night's train bring the report that track laying, which has been held up on account of a fill near Decker Lake, will be resumed within a week. Interviewed by the "News," General Superintendent W. C. C. Mehan said he did not expect that it would be resumed much before December 1st, although it might be possible to get the grade ready before that time. When the fill is ready there will be a clear stretch of from 20 to 25 miles which will bring the end of steel to Burns Lake. The end of steel coming westward is only fifty miles east of Fort George.

Klimpel Was Acquitted

At Hazelton on Saturday evening, Klimpel, a contractor, charged with obtaining money under false pretences, was acquitted. The case was heard before His Honor Judge Young.
