WILSON'S MOVE TO RECOGNIZE MEXICAN REBELS

DEATH OF LADY STRATHCONA--RECOVERING FROM BLIZZARDS---PREMIER BORDEN BETTER

AFTERMATH OF WILD STORMS ON THE GREAT LAKES SUNDAY

SEVERAL BODIES AND A NUMBER OF LIFE BELTS FROM THE
WRECKED PACKET STEAMER REGINA THROWN
UP--CLEVELAND CONDITIONS IMPROVED

(Special to The Daily News.)
Port Huron, Nov. 13.—After working desperately since yesterday morning, in an unsuccessful attempt to positively identify the derelict freighter which lies bottom up in stormy Lake Huron eight miles northeast of here, the marine men returned late last night most of them convinced that the boat is the packet freighter Regina.

Detroit, Nov. 13.—No more wrecks or vessels in distress were reported yesterday from points along Lake St. Clair and the Detroit river. A number of hunters are believed to have been on these waters in open boats when the blizzard struck

Michigan on Sunday. These are still missing.
Cleveland, Nov. 13.—The work of restoring Cleveland to normal order proceeded rapidly yesterday. Supplies of food and fuel began to come in and all the inconveniences of the recent blizzards are being rapidly eliminated.

London, Nov. 13.—Twelve bodies were washed ashore yesterday and many life belts of the steamer Regina which was wrecked between Port Frank and Grand Bend. It is believed the steamer met her doom by collision in the wild storms of Sunday night.

FORGER PLEADS GUILTY AND IS SENTENCED TO SIX YEARS

FIVE CHARGES WERE ENTERED AGAINST HIM TO EACH OF WHICH HE PLEADED GUILTY

James W. Oakes, the man who for several weeks carried on a wholesale campaign of forging in this city and was successful in obtaining various sums of money from merchants, hotel men and one bank, appeared before Judge Young for trial this morning.
Five charges of forgery were entered against him, based on cheques issued as follows:
\$64 signed by H. R. Love on the Bank of Montreal.
\$28 signed by T. D. Pattullo, on Union Bank.

\$26.50 signed H. R. Love, Bank of Montreal.
\$26 signed A. B. Williams on Royal Bank.
\$26.50 signed H. R. Love on Bank of Montreal.
On reading the several charges the accused pleaded guilty to each. He was sentenced to six years in the penitentiary at New Westminster, the sentences to run concurrently.
The charges above enumerated represent only a few of the forgeries committed in Prince Rupert recently.

A FERTILIZER PLANT TO BE ESTABLISHED ON THE SKEENA

A LARGE SCOTCH CONCERN WILL MAKE USE OF THE HUMP BACKS AND OFFAL FROM SALMON AND HALIBUT

If there are any who have lost confidence in the future of Prince Rupert a chat with A. S. King, who arrived in the city yesterday and is staying at the Premier Hotel, will undoubtedly revive their optimism. Mr. King is here representing a large concern in Scotland, with branches in several parts of the world, engaged in the manufacture of fertilizers and various fish products. When interviewed by a "News" representative he was somewhat reticent about the nature of his business here but it was quite evident from the conversation that his firm will

start within a couple of months on the erection of a fertilizer plant somewhere at the mouth of the Skeena. As a matter of fact Mr. King went over to Essington yesterday and selected a site for the plant. Contracts have also been closed with a number of the canneries for the hump back salmon and for the offal of the fish that are canned.

In the plant that will be erected the naptha process will be used and there will be no more smell than there is to a soap factory. At the start over thirty men will be employed and the plant will be operated day and night.

Besides manufacturing fertilizer, the concern Mr. King represents turns out many by-products, one of the most important being oil in various forms.

Speaking of the market for the products that will be turned out here he said they are unlimited. The concern will not depend upon the home market at all. Most of the fertilizer will be shipped to the Hawaiian Islands.

Mr. King is most enthusiastic in regard to the future of the fishing industry on the north Pacific coast. Prince Rupert, he says, is acknowledged to be in the heart of the greatest fishing grounds in the world. He says that he knows of several concerns in the United Kingdom that will establish themselves here within the next few months.

Mr. King leaves tomorrow for the south and will sail from New York on the 20th for Scotland. He says that he will be in Prince Rupert again in January to look after his firm's interests here.

RATS LIKE BRIDE CAKE

Been Holding High Revels in the
Victoria Post Office

(Special to The Daily News.)

Victoria, Nov. 13.—The rats in the post office building are making away with parcels of wedding cake going through the mails. The setting of traps has had no effect in reducing them.

ONE HUNDRED NANAIMO RIOTERS MAKE APPLICATIONS FOR BAIL

GRANTED IN ALL BUT TEN CASES IN VARIOUS SUMS, TOTAL
AMOUNTING TO ONE HUNDRED AND THIRTY THOUSAND DOLLARS

(Special to The Daily News.)

Vancouver, Nov. 13.—Some hundred applications for bail in the cases of the Nanaimo strikers were heard yesterday, and bail was granted in all but ten of the applications. The bail is in various sums, the total amounting to \$130,000.

The men to whom bail was refused are James Baird, Robert Haddow, Thomas Gowler, James Angelo, W. Bowatter, Steven

Fairhurst, John Harkel, Ernest Morris, Leon Nuenthal and Chas. Rice.

There are five securities in \$3000 each, twenty-nine in \$2,000; fifteen at \$1,500, thirty at \$1,000, and six at \$750.

Vancouver, Nov. 12.—Jack Place, member of the legislature, who was held in connection with the rioting at Nanaimo, was yesterday given his liberty on \$2000 bail.

BRITISH OFFICIALS WAITING FOR THE NEXT MOVE OF AMERICA

EUROPEAN POWERS BELIEVE NOTHING CAN BE GAINED BY
UNITED STATES MAKING ARMED INTERVENTION
INTO AFFAIRS OF MEXICO.

(Special to The Daily News.)

Nogales, Sonora, Nov. 13.—William Hale, President Wilson's personal representative, went into a conference here yesterday with General Carranza and the Mexican constitutionalist cabinet. This looks like the first move of the United States to recognize the constitutionalists.

London, Nov. 10.—Walter H. Page, United States ambassador, today presented to the British foreign office another message from President Wilson, the general effect of which is that under no circumstances will the President recognize Provisional President Huerta or any of his acts.

President Wilson's message is regarded here as in the nature of an interim report not calling for a reply.

Great Britain therefore awaits a more definite pronouncement from President Wilson setting forth precisely the steps he proposes to take to enforce his policy before sending a formal reply. British officials are inclined to resent what they term the persistent misrepresentation of Great Britain's attitude current in the United States. They deny that any British money has been advanced to support Provisional President Huerta.

Mexico City, Nov. 10.—In a formal note to the foreign diplomats, General Huerta, after calling attention to the efforts he had made to pacify the country and dwelling at length upon his reasons for dissolving congress, makes the direct statement that the newly elected congress will be installed within a few days and will pass upon the elections of the president and vice president.

Paris, Nov. 10.—The Temps, commenting on the Mexican situation, says:
"The European powers, whose interests in Mexico are identical,

should make it understood in Washington that humanity has nothing to gain through armed intervention of the United States. This would mean danger to foreigners, indeterminate guerrilla warfare and still greater sacrifices of European interests. The placing of power in the hands of such constitutionalists as Henry Lane Wilson described would result in worse anarchy than at present prevails."

Laredo, Tex., Nov. 10.—Warfare without quarter, with the opposing armies burning and dynamiting official and business buildings and railroad property, has been waged at Monterey, Mexico, between the defending federals and besieging constitutionalists. Many dead were left in the streets until a lull in the fighting should afford time for burning the bodies. General Miguel was burned to death when constitutionalists destroyed his house by fire. The property loss was said to be enormous. The railroads say their damage will amount to \$7,000,000.

CASE WAS ADJOURNED

Man is Charged With Giving Liquor to Indian Girls

In the police court this morning a man named McKenzie was charged with giving liquor to two Indian girls in a shack back of the Houston cafe. The two girls are the ones fined yesterday for being drunk. Constable Philipson this morning testified as to finding the two girls in the shack under the influence of liquor and about half an hour later he found McKenzie there. McKenzie told him that he had occupied the shack for a couple of years. One of the girls this morning said that McKenzie had given them the liquor. The case was adjourned until tomorrow. McKenzie has several witnesses who will testify on his behalf.

WHERE ROBBERS MADE THEIR DIVISION OF LOOT LOCATED

Then They Must Have Separated and Vigilant Poses Have Failed
To Track Them---Believed That All
Cannot Get Away

(Special to The Daily News.)

New Hazelton, Nov. 13, 2 p. m.—The police have located the spot where the robbers divided the loot from the bank. It is at the top of a mountain at the rear of the town. They found a money order deposited at the bank Monday by the Omineca Herald and pieces of Union Bank envelopes. The band has evidently separated and no further trail of them has yet been discovered. A posse went a mile above timber line on the Rocher de Boule mountain yesterday but they found no tracks or traces in the snow. The search continues with good hopes that the gang will not all of them escape.

Cashier John McQueen left on this morning's train not for Vancouver but for Prince Rupert hospital for X-ray treatment. There were five in the robber band, and not four as rumor had it.
C. H. SAWLE.

New Hazelton, Nov. 13.—Cashier McQueen, who was shot in the Union Bank robbery yesterday,

looked the train this morning, accompanied by Dr. Stone. He is on his way to Vancouver for the purpose of having the bullet in his face located by the X-Ray. The bullet made a nasty wound, but it is not believed there will be any serious effects from it.

Further details of the robbery itself show that the robbers entered the bank building through the living rooms at the rear, choosing the hour when the office force had left for their evening meal. Ledger Keeper Fenton was the first to return and he had no sooner entered the bank than the four robbers set upon him. He was ordered to keep quiet and to open the safe, and he deemed it prudent to do so.

Almost immediately after Cashier McQueen was heard returning. Two of the robbers hid just inside the door and allowed the cashier to enter. They closed the door after him, but just then one of the gang must have lost his head and started to shoot. McQueen fell and was held in that position by one of the band while the others started to rifle the safe. This done they marched Fenton to his bedroom and ordered him to lie face downward on the bed until 1 o'clock or lose

his life. Fenton remained in that awkward position for twenty minutes and then raised an alarm.

The news spread like wildfire and in a very brief time, as stated yesterday, posses were organized to capture the gang. It was believed this would be comparatively easy, even though they had twenty minutes' start, but it was well into the night before any traces were found of them. From the indications the robbers hit a trail to the westward and must have separated. But the constables and specials during yesterday established a complete cordon of the district and it is not believed possible they can get away.

The money taken from the bank was as follows:

Union Bank bills—Six hundred and eight fives, 246 tens, 30 of the latter being mutilated.
Notes of other denominations—One thousand and ten fives, 518 tens, two twenties.

Dominion government bills—Seventy-four ones, 18 two, mutilated.

Gold—Seventy-five dollars.
Silver—One hundred and ninety-two dollars and ninety cents. This makes a total of \$16,144.90.

Death at the Hospital

About ten o'clock last night Nick Bill, a Greek, passed away at the hospital. He was brought in on October 29th from Mile 200 where he had been working as a laborer for the railway, suffering from an acute attack of Bright's disease. Hayner Bros. have charge of the funeral arrangements.

AMONG THE ARISTOCRATS

Thirty-Six Thousand Colored
Pictures of High Life

The Empress theatre management put on last night a Pathe photo-play that has many interesting features. The film for instance is three thousand feet long, and on every foot there are twelve scenes that have been painted in color by hand. The leading thread of the play is a spendthrift wife, cleverly portrayed by a leading actress, and the scenes show the lives led by the haute monde and the magnificence with which they surround themselves. These interiors and the people who move through them naturally in the course of the drama, are splendid examples of the new colored movies, the drawing room, the ballroom, the boudoir and the garden, each being marked for a scene in the plot. The drama is in itself engrossing, and all the more so against a background of such gorgeous society scenery.

Pathe Freres' Great Drama

"The Nobility"

in three parts

This magnificent set of pictures is from the famous Paris studios of Pathe Freres. A superbly acted drama based on life in the higher circles of the French aristocracy.

Aside from the dramatic quality of these pictures they are equally interesting from an artistic point of view. The complete set are beautifully hand painted.
