MEXICAN REBELS WIN ANOTHER DECISIVE BATTLE

NATIONAL FORCE FOR HOME RULE FORMED--BORDEN WILL CALL UPON PRESIDENT WILSON

THE THIRTEENTH BRIDE TO BE MARRIED IN THE WHITE HOUSE

NUPTIALS OF MISS JESSIE WILSON AND FRANCIS BOWES SAYRE A BRILLIANT FUNCTION ATTENDED BY MANY FOREIGN REPRESENTATIVES.

(Special to The Daily News.) Washington, Nov. 26.—The wedding of Miss Jessie Wilson, daughter of the President, to Francis Bowes Sayre took place at the White House yesterday, and was attended by a large crowd. While the number of invitations issued was not as large as for the wedding of Alice Roosevelt and Congressman Longworth, the company was a distinguished one and the ceremony a brilliant one. The day was a general holiday, even the House of Representatives adjourning for the occasion. Miss Wilson is the thirteenth bride married in the White House in one hundred and thirty years, the thirteenth nuptial par-

ty in the White House happening in nineteen-thirteen. One pleasing feature connected with the ceremony was the reception last night of a delegation representing 500 girl employees of a white goods factory to present to Miss Jessie Wilson, the President's daughter, a hand embroidered linen petticoat, as the wedding gift. All of the 500 girls played some part in the making of the fine petticoat, which is embroidered with a garland of roses and an American eagle and flag bearing the initials J. W. S.—J. Wilson Sayre. The idea was prompted by appreciation of the work that Miss Wilson has done as a special worker among New York factory girls.

INDIANS DROVE SURVEYORS OUT OF KITWANCOOL VALLEY

PROVINCIAL POLICE LEFT THIS MORNING TO MAKE DEMONSTRATION OF FORCE AND SETTLE THE TROUBLE

Six constables, as many rifles, a stack of snow shoes, rolls of blankets and camping outfit were hustled aboard the train for the interior this morning. They were in response to a telegram from up the line to the effect that the Indians of Kitwancool Valley were making trouble with the whites. The trouble has been brewing for some time. A party of surveyors were sent in some weeks ago by Mr. Price of Vancouver, to survey certain lands which he had staked. The Indians drove the surveyors out. Last Saturday

Mr. Price went in himself and the telegram of yesterday was to the effect that he, too, had been threatened. Chief Gammon of Hazelton, who is busy with the bank robbery case asked Chief Owen to take charge and the chief here organized a party of six headed by himself. He will also be accompanied by officers Doolittle and Johnson of Port Essington. Chief Owen knows how to handle troublesome Indians and he does not anticipate any trouble. It is probably that a demonstration of force and a little diplomacy will be all that is required.

THE SOCIETY EVENT OF COMING SEASON

St. Andrew's Society Gives Its Great Social Function on Friday Evening Next

The St. Andrew's Society has been remarkable in the success which has attended their efforts in giving social entertainments, so much so that success has become a habit with its members, especially since they have secured such an excellent hall of their own for such purposes. Their ambition has been fired by these successes to make the annual St. Andrew's ball of Prince Rupert this year what it is in many larger cities of Canada and the United States, "the" ball of the season. Most elaborate preparations are now going on for the event on Friday evening and there can be little doubt that the ambition of its energetic members will be in a large measure attained. The patronesses of the ball are Mrs. Wm. Manson, Mrs. A. M. Manson, Mrs. T. McClymont and Mrs. J. M. Carmichael. The orchestra will consist of the following, piano, Alex. Gray; violin, J. S. Gray, cornet, A. Prescott and drums, J. Stillwell.

BRITISH COLUMBIA AND FREIGHT RATES

Representative of Province Before Railway Commission Threatened to Withdraw

(Special to The Daily News.) Ottawa, Nov. 26.—J. C. McPhillips, K. C. the new representative of British Columbia in the railway rate case, afforded the only exciting incident at the resumed inquiry of the Commission yesterday. He practically threatened to withdraw from the case before the Railway Board unless his request for an adjournment was acceded to. He said he had examined the exhibits and found it impossible for him to put forward at this stage his case for British Columbia.

DOMINION RAILWAY COMMISSION TO TRY THE FREIGHT RATES CASES

Seldom are the issues of any case before the Dominion Railway Commission large enough to need the services of the complete Board of Railway Commissioners. They will be gathered together at Ottawa, however, to try the big freight rates case this month. The issues include the rates charged by the companies for the transportation of freight from one province to another throughout the whole Dominion of Canada. The above are from new photographs of the full board. Eminent counsel from all parts of Canada will be present to represent the various provinces from British Columbia to Prince Edward Island.

It was stated late yesterday afternoon that the theft of money is alleged to have occurred at Portland, Oregon, whence the money came to Vancouver. The total consignment was one of many thousands of dollars.

LOCAL SHAREHOLDERS SUGGEST LEGAL STEPS

Claim Directors of Rocher de Boule Copper Co. are Treating them Unfairly

Last week copies of the lease given by the directors of the Rocher de Boule Copper Co. to J. E. Openheimer, were received in town. It required only a glance to see that the deal was anything but a fair one to the owning company's shareholders. The local shareholders held a meeting Saturday afternoon and decided to take steps at once to stop the work now being carried on by Mr. Openheimer's leasing company, (the Continental Development Co.), and to have the affairs of the Rocher de Boule Copper Co. inquired into by the courts.—Omineca Herald.

(Special to The Daily News.) Vancouver, B.C., Nov. 26.—Orders were issued by Mayor Baxter yesterday to the police to clean up the city and close down the restricted district. The denizens were given three days to vacate. Prominent women of the city who have been urging the enforcement of the law visited that section in company with officers yesterday afternoon and offered all those who would reform aid and protection in their homes. Very few accepted. A majority of the keepers of the houses refused permission for the delegation of ladies to enter.

HUERTA'S NORTHERN ARMY IS UTTERLY ROUTED BY REBELS

GENERAL VILLA HAD A BATTLE LINE THIRTEEN MILES LONG—BELIEVED FEDERALS CANNOT RECOVERATE—HUERTA HARD UP FOR FUNDS

(Special to The Daily News.) El Paso, Texas, Nov. 26.—The rebel forces which engaged the rebel troops under General Villa near Tierra Blanca two days ago and have been constantly fighting ever since, were yesterday defeated and utterly routed, according to an official message sent last night to the rebel chiefs at Juarez.

Tierra Blanca is twenty-six miles south of Juarez, and General Francisco Villa had a battle line thirteen miles long, thus hemming in the federals. The extreme right of this battle line rested at Bauche, on the Mexican Northwestern Railway. The extreme left was at Mesa, thirteen miles from here, on the Mexican Central Railway. The general held these two railways and one train included ten carloads of provisions and supplies for the rebel soldiers and horses and several thousand round of ammunition. Part of this ammunition was captured by the rebels Saturday night in a battle with the federals.

Between 5000 and 6000 men, cavalry and artillery were camped along this battle line, supported by cannon captured from the federals at Torreon and Juarez.

General Villa says that the result of last night's battle decided the fate of the revolution in Chihuahua and meant a victory for the Constitutionalists there. "Juarez is now safe," he said, "as we have left the federals in

such shape that they will not be able to recuperate to attack us at Juarez."

Mexico City, Nov. 26.—How large General Huerta's army is at present is not known, but the last official report placed the number at 80,000. The campaign of drafting into service all persons available available has added 30,000, according to unofficial statements at the palace. But it is certain that no such number as this is under arms, as the government has had difficulty for some time in obtaining guns. Men are more plentiful than arms and General Huerta is looking forward anxiously to the receipt of rifles purchased abroad. A large Japanese consignment should begin to arrive here about December 1st.

Huerta is facing a serious financial situation. The fact is, the condition of the national treasury is not hidden even from the most ignorant peon in the country. The new stamp tax, which goes into effect December 1st, will practically double the revenue from that source. Special taxes have been imposed, and the taxing of articles imported by parcels post is being discussed. Silver is scarce, and it is feared that the launching of one peso and two peso papers throughout the republic will not serve to restore general confidence in the banks. Behind each of these bills there is presumed to be a metal reserve, but many people are skeptical of this.
