SCENE OF CALUMET DISASTER  
The "Red Jacket" at Calumet, Mich., where seventy-two lives were crushed out on Christmas Eve. Some one gave a false cry of "fire" and in the panic the small stairway on the left was filled with bodies of crushed and smothered children.

## BELLA COOLA WANTS ROAD WORK BUILT BY CONTRACT SYSTEM

COURIER CLAIMS WM. MANSON KNOWS NOTHING OF REAL CONDITIONS IN THAT VALLEY

The Bella Coola Courier replies to the editorial comment made in Prince Rupert about the roads and the building of them in that valley. The Courier talks candidly. Undoubtedly there is cause for dissatisfaction. The trouble with the provincial road system in this district is that the government uses road building to make a political machine instead of buying a machine to make roads.  
The Courier says:  
The Prince Rupert News commenting on the Wm. Manson organ's defence of the road work at Bella Coola has this to say: "Of course if the editor of the Conservative organ in Prince Rupert is satisfied with the expenditure of the road monies in Bella Coola district the settlers in that valley should refrain from kicking about it."  
The fact is that neither Wm. Manson, M. P., his supporters nor his newspaper in Prince Rupert, know anything about the roads, the conditions, or the people at Bella Coola.  
Mr. Manson himself does not even know the Bella Coola Valley; how much less those responsible for the paper which defends his rotten methods of road building.  
The sore point with Mr. Manson is that the people of Bella Coola are not backward in expressing their views on public matters, and were it only possible, it would probably suit his purpose to deport all the old settlers and populate the valley with a less intelligent people who would do and say only at his bidding.  
It becomes tiresome to be constantly told by Mr. Manson or

anyone else that we have fifty or sixty miles of excellent wagon road, when everyone here knows that there is not a single mile of road in the whole valley that would hold up traffic all the year round.  
The settlers here have seen roads built, and have built roads too, long before coming to Bella Coola, and the fact makes the efforts of Mr. Manson and his road superintendent the more ridiculous.  
It would be well if Mr. Manson could be prevailed upon to take a trip through the whole length of the valley, and now would be a good time for such a trip. Let him go unaccompanied by the road superintendent or any other public official.  
Let him seek information from the settlers first hand. He will surely get it, and lots of it.  
It is useless continuing the present waste of both time and money in a lot of unnecessary work. Our idea is to have the road surveyed and definitely located, then follow on with substantial work.  
There is no reason why the Provincial Government should not build roads as well and as fast as do private concerns. Employ only competent men. Take the matter of road work out of the range of politics altogether. Put the work out on contract to responsible parties and the work will be done better and quicker than at present. The community will reap just as much benefit during construction as at present, and will have the added satisfaction of a reasonable chance of the road being completed during the present generation.

## In The Realm of Fashion

(By Maude Hall)  
New York, Jan. 15.—Dame Fashion is busying herself at present with new colors, for some of the latest materials are so exquisite that it is necessary to glorify them with high-sounding names to give them the aristocratic tone which their creators intend they should boast.  
The yellows are going to be very popular again, and the more vivid tones are to replace the delicate effects. Dor is one of the newest tones. Argent is not new, but among the metal gauzes it appears in combination with a delicate blue tint and is called silver twilight. Several of the novelties have atmospheric names; then fashion runs to the other extreme and borrows terms from the metal and animal kingdom for the cloths, closely-woven silks, etc.  
While she is awaiting the declaration of spring styles, the woman who cannot afford to indulge in passion fashions would do well to pay attention to the details:  
Following are some fashion-able ideas worth remembering:  
The butterfly is still dominant. Scotch plaids are fashionable for children.  
Hats for little girls are of bonnet shape.  
Leopard is the favorite fur for the motor wrap.  
There is a revival of ostrich feather trimming.  
Flowers for the hair and corsage are made of ribbon.  
New handbags are made of silk embroidered with beads.  
The high school girl is wearing the tam o' shanter hat.  
The chrysanthemum is the favored flower for corsage wear.  
Modified Norfolk suits are being worn by the older school girls.  
Ribbons brocaded with velvet thistles are among the novelties.  
All the winter wraps show the upward movement in the drap- ing.  
Metal woven tissues continue to attract attention for evening wear.  
Underwear is daintier than ever. Never was there so much silk worn.  
A few new sweaters of shetton or angora have collars and cuffs of fur.  
New colors are russet brown, bronze grey, foster green and mahogany.  
Over houses of chiffon vests of ecru lace bordered with narrow bands of fur, are worn.  
Children's coats are fur trimmed, with collars made to turn up and keep small ears warm.  
The most elegantly dressed women prefer sealskin, baby lamb, or moleskin for coats.  
A movement is on foot to remove the headquarters of the International Union from Indianapolis because of the alleged hostile attitude of Indianapolis business men toward organized labor.

## GRANADA ISLAND IS NOW INCLUDED

Has Been Admitted to Canada-West Indies Trade Agreement

Ottawa, Jan. 14.—A special edition of the Canada Gazette has been issued admitting the Island of Granada, in the West Indies, to the Canada-West Indies trade agreement. A similar proclamation appeared simultaneously in Grenada.  
While the agreement was concluded on April 9, 1912, several of the colonies with whom Canada had been negotiating hesitated to come in. Canada stated that Jamaica, the Bahamas, Bermuda, British Honduras and Grenada would be granted the privileges of the agreement for three years without return. Newfoundland was added to these as an expression of good will. After a year's experience of the benefits of the arrangement, Grenada thus has decided to adhere to it, and Canadian goods now will get preference in her market.

## TORONTO'S UNEMPLOYED IS INCREASING DAILY

Toronto, Jan. 15.—A leading labor man, in touch daily with industrial conditions, says this morning that the number of men and women out of work in Toronto will reach 25,000. During this week he estimates that 2500 men and women employed in the big stores have been laid off for at least a month, and this evening at least 800 more will be given a month's holiday. A big addition to the unemployed this winter is the railroad employees, the movement of freight being never so small and freight handlers and teamsters have nothing to do.

## Commissioner Rees Recovering

Commissioner David M. Rees, head of the Salvation Army in Canada, has made a most marvelous recovery from the serious illness which befell him about ten weeks ago. Since then his many personal friends, the members, as well as the admirers of the organization he represents, have watched his progress with eager and anxious concern. Many churches throughout the Dominion united with the Salvation Army in offering special prayer for his recovery. They will now be glad to learn that the commissioner is able to leave his room, and acting upon the advice of his physicians, will take further treatment at a sanatorium. Messages of sympathy have reached Commissioner Rees and his family from all parts of Canada, including all classes of people. For these, they desire here-with to convey their sincere appreciation and gratitude.

## Lucky Is Doncaster

Doncaster is the only town in the Kingdom of Great Britain which runs races as a municipal enterprise and makes profit out of them, and it is the only town in the kingdom which is in the fortunate position of being able to dispense with a borough rate. The races are managed by the corporation, just as they manage their trams, or gas, or electricity. They have a race committee, with an alderman as chairman. They pay all expenses, take all receipts, and appropriate the balance. What this means to the town may be understood when it is said that the races produce a profit of nearly £16,000 per annum. With this yearly surplus the corporation have no need to levy a borough rate; and if it were not for the district rate, including county and poor rate expenditure, Doncaster would be in the happy position of being rateless.

## 1836 THE BANK OF 1913

BritishNorthAmerica  
77 YEARS IN BUSINESS.  
CAPITAL AND SURPLUS OVER \$7,600,000.

## The Convenience of a Joint Account

A Joint Account may be opened in the names of two or more persons. Whichever one can most conveniently reach the bank can then deposit the joint funds or withdraw the cash needed. It saves time and trouble.

PRINCE RUPERT BRANCH  
P. MARGETTS, MANAGER

# - FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"

"How is it made? what goes into it?"

"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the co-aid and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Henry Birks & Sons, Ltd. Thank their many out-of-town Customers for their splendid patronage during the past year

Looking backward from the threshold of 1914 we cannot but congratulate ourselves on the splendid increase of our out-of-town business during 1913. Therefore, on account of the staunch support and this display of confidence in our service, we must thank our many out-of-town friends for their patronage during the past year. We do not claim that our service is perfect beyond mistakes, for where so many hands are employed small errors in despatching orders are bound to occur. These, however, when brought to our notice, are rectified with the utmost haste and care, while we are particular that our customer shall suffer no loss.

We trust that each of our customers will interpret this message as directed to them personally.

To all we send sincere wishes for a happy New Year.

Henry Birks & Sons, Limited  
JEWELLERS AND SILVERSMITHS  
Geo. E. Treorey, Managing Director VANCOUVER, B.C.

# PRINTING

Summer is over and the Fall trade has begun. To get your share you must have some sort of printed matter—a circular, folder, booklet or catalogue. Be sure to have that work done properly. You would not send out a shabby salesman to represent you; then don't make the mistake of sending out a poorly printed circular or booklet. We are QUALITY PRINTERS and can produce a piece of printed matter that you would be proud of and which will get results. Try us. Phone 98.
