# ENGLISH HAND-MADE LACE

MADE BY THE COTTAGERS OF BUCKINGHAMSHIRE.

This is the old-fashioned lace made on the cushion, and was first introduced into England by the Flemish Refugees. It is still made by the village women in their quaint old way.

Our Laces were awarded the Gold Medal at the Festival of Empire and Imperial Exhibition, Crystal Palace, LONDON, ENGLAND, for general excellence of workmanship.

Some of this hand-made Pillow Lace, it lasts MANY times longer than machine made laces, and imparts an air of distinction to the possessor, at the same time supporting village-lace-makers, bringing them little comforts otherwise unobtainable on an agricultural man's wage. Write for descriptive little treatise, entitled "The Pride of North Bucks," containing 200 striking examples of the lace-makers' art, and is sent post free to any part of the world. Laces for every purpose can be obtained, and within reach of the most modest purse.

Collars, Fronts, Pinafores, Jabots, Yokes, Fichus, Berries, Handkerchiefs, Stocks, Camisoles, Chemise Sets, Tea Cloths, Table Centres, P'Oylies, Mats, Medallions, Quaker and Peter Pan Sets, etc., from 25c. 60c., \$1.00, \$1.50, \$2.00 up to \$5.00 each. ### Wants Compensation

Mrs. Thomas, whose husband was killed some time ago while riding on the fire auto wagon, asked for compensation under the Workmen's Compensation Act. Her communication was given over to the city solicitor to report on.

### General Business

The city treasurer asked approval of a notice which he proposes sending to all water takers before charging them up under the new water rates bylaw. Approval was given.

The medical health officer reported eleven births and four deaths during December.

A recommendation for periodicals and magazines for the reading room was turned over to the finance committee.

The mayor announced that the recreation grounds would be in charge of the public works department this year.

The four bylaws passed by the electors were given their final reading and ordered stamped with the corporate seal.

A motion was proposed asking the city engineer to take immediate steps to lay out the proposed hydro-electric power line from Shawatians Falls to Woodworth Lake. The mayor said this notice under the bylaw ought to be posted on the board, but under the circumstances he thought the formality ought to be dispensed with.

Ald. Morrison said it would be better to follow the procedure of the Kiyaw and post it.

The council not being unanimous the motion will be posted.

## BELLA COOLA WANTS BETTER ROAD WORK

### Development League Voices Dissatisfaction Over Provincial Method of Making Roads

Recently a meeting of the Bella Coola Development League took up the road question in that valley. The Courier reports the meeting in part as follows:

Among the resolutions which are to be forwarded to the proper authorities were the following:

"That a competent man be appointed to lay out the route of the future road, from the end of the present wagon road through to the end of the valley (the Smoke house), once and for all time, so that the settlers may know where to erect buildings, etc., and to avoid costly changes in the road after construction."

"That following the location of the new road in the upper valley, that work be pushed forward during next season, even in a rough way, sufficiently to enable the settlers to haul their supplies by sleigh in winter."

"That a bridge be erected on the site of the old Nootkasum crossing and the road thereto be widened and improved."

Much dissatisfaction was expressed regarding the attitude of the road superintendent towards the Development League, and a statement signed by some sixty settlers, not members of the league, to the effect that they considered it useless to become members of the league so long as the present road superintendent held office in this district, a sentiment that was endorsed by many members of the league, was presented to the meeting, the result being that a resolution demanding the removal of the road superintendent from office on the grounds of idleness and incapacity, was carried by an overwhelming majority.

### To Boost Prince Rupert

A man going to a new town gets his first impression from the local newspapers. He will decide whether it is a live or a dead town according to the enthusiasm of the local business men as shown in their advertising. If a man is alive and progressive he is always seeking to extend his business, and the business world has found out that this can be best done through the local newspapers. It pays to advertise and then you will prevent the impression that Rupert is a dead one. You will get the largest home circulation through the Daily News. Get busy.

### Dress Weights Approved

New York, Jan. 19.—The custom of weighting women's dresses with metal discs to help them retain their shape was approved today by a jury in the supreme court.
