

CONGRESS IS UNANIMOUS IN SUPPORT OF WILSON

ACETYLENE GAS EXPLOSION KILLS EIGHT, WRECKS BUILDING — STREET GRADING DISCUSSED

TAYLOR STREET PLANK ROAD MEETS WITH AN OBJECTION

PROPOSE TO CONNECT FIFTH AVE. AND FULTON BY TEMPORARY ROADWAY—WILL MAKE A WATER DEAL WITH DOMINION

The council meeting last night commenced with the consideration of objections made in connection with the proposed roadway on Taylor street. He maintained that the cost of such temporary work was justified by the resulting convenience. The council decided to leave the matter over for next week to obtain further information.

In connection with this discussion, the city engineer reported that if the proposed grading of Fulton street be carried out it will leave Fifth avenue ten feet higher than Fulton. In order to give the residents of this street access to town he recommended the construction of a plank roadway round the side of the present roadway.

Ald. Montgomery enquired the cost of regrading Borden street to connect with Biggar place. The city engineer had no figures and considered the proposition desirable. Letters were received from the hospital board, acknowledging receipt of \$10,000; from Messrs. M. M. Stephens & Co. regarding an offer for debentures and from Harry Hanson with a suggestion for the new plumbing bylaw.

Sold Debentures
In connection with the letter regarding debentures, the mayor announced that negotiations had been concluded with Messrs. Harry, Briggs & Sladen for the sale of \$50,000 of debentures at 100 per cent. Of this, \$20,000 is for school purposes and \$30,000 for recreation grounds.

Health Report
The medical health officer's

report for February and March was read, showing a very healthy state of affairs in town. The birth rate for February was 24 per thousand and for March 18 per thousand, with 13 males out of a total of 24.

Special mention was made of the Prince Rupert dairy, which was declared to be in a very sanitary condition. The quality of milk has been materially improved and a considerable increase of butter fat is shown.

Local Improvements
Reports were received and adopted for the carrying out of various local improvements, including the following:

Two-inch water main to lot 23, block 28, section 5; cost \$175.
Half-inch main Conrad street to lot 10, block 23, section 8; cost \$90.

Four-foot plank walk along Frederick street, connecting Eighth and Eleventh avenues, cost \$500.

Sidewalk on west side of Sixth street from Third avenue to Fraser.

Plank road and necessary grading on Summit avenue east to lot 4, block 29, section 5; cost \$6,300; cost per foot, \$3.75.

Sidewalk on both sides of Seventh street from Third to Fraser; cost, \$500, \$1.25 per foot.

Six-inch pipe sewer from Biggar street to Eighth street along Third avenue; \$1.75 per foot.

Will Give Digby Is. Water

The finance committee was authorized to complete an agreement with the Dominion government for a water supply of 3,000 gallons per day for Digby island. The government is to undertake the financing of the laying down of necessary mains and terms are to be arranged at which the city may purchase such part of the mains as they may require later. If it is possible the city engineer will arrange for this main to connect with section two.

Thirteen bylaws as advertised last week were read and twelve were passed, the thirteenth being laid on the table in accordance with the request of Judge Carss.

Still Debating Budget
(Special to The Daily News)

Ottawa, April 21.—The budget debate was continued yesterday, with three Liberals and three Conservatives speaking. There was no feature to the sitting. The opposition amendment will be moved by Sir Wilfrid Laurier in the middle of the week.

POLICE COURT DOCKET HAD FULL CLASS TODAY

Mostly Drunks but a Touch of Heart Interest to Break the Monotony

There was a full class of over-nights on the bench behind the railing when Magistrate Carss opened police court this morning. In addition to the male class, there were two girls.

Janet Smith was charged with keeping a disorderly house. It was her second appearance. "I'll give you three days to get out," said the P. M. "Thank you!" replied Janet in a really grateful tone.

Rose Mate appeared for the first time on a similar charge. "Twenty-five dollars," said the magistrate and Rose started to dig it out of her purse, but the court suggested that she go downstairs to the police office.

An Irishman accused of fighting said he was not drunk, though he had had a few drinks. The other fellow had called him a dirty name—one he would not take from King George himself. "Well, if you take the law into your own hands you will have to take a \$5 fine."

Two Greeks had an interpreter to give the story of a fight they had. One was fined.

The rest of the bunch were drunks.

The Chelohsin came in from Granby Bay at 5 a. m. today and then left for the Skeena. She will return here and sail tonight at nine for Vancouver.

ASQUITH FACES FIRE POINTED QUESTIONS

Says No Need for Judicial Enquiry—Bonar Law Will Again Put the Question

(Special to The Daily News)

London, April 21.—Premier Asquith had to face a brisk fire of questions relating to an alleged plot over Ulster. A Unionist member asked for a judicial enquiry and the premier replied that he had not seen the necessity for a judicial enquiry. Mr. Bonar Law asked the premier to reconsider the reply and he would put the question again tomorrow.

CONGRESS WANTS ACTION SENATE DEBATING DETAILS

SENATE HAS DEBATE OVER INDIVIDUALIZING HUERTA IN CALL TO ARMS—PRESIDENT WILSON WAITS FOR APPROVAL OF THE SENATE

(Special to The Daily News)
Washington, April 21.—The house has passed the resolution asked for by President Wilson by a vote of 337 to 37, but action is delayed by the senate through opposition which has arisen to individualizing Huerta in the resolution. A spectacular debate ensued until the house adjourned to resume the debate in the afternoon. The president claims the con-

stitutional right to use the army and navy against Mexico, but prefers to wait for the senate's approval. No orders for the army and navy were issued last night.

Mexico City, April 21.—Huerta has given assurances that all the foreign residents, including Americans, will have full guarantees of safety.

SIBERIAN WOLVES WIN ALASKA DOG RACE

Malamute Team Finishes Second and Foxhounds Get Third in Big Event

Nome, Alaska, April 20.—John Johnson, holder of the record for the 412-mile All-Alaska sweepstake dog team race, became the winner in the 1914 classic when he drove his 18 Siberian wolves into Nome at three minutes after six o'clock, having covered the 412 miles over the snow trail from Nome to Candle and return in 81 hours and 3 minutes. A. A. (Scotty) Allan, driver of the Allan-Darling team of 18 malamutes, was second, and Fred Ayer, with his team of 14 foxhounds, third.

When Johnson left Solomon, 32 miles from the goal, shortly after noon, notice was posted on the bulletin board of the Board of Trade saloon that he would arrive about six o'clock, and every man, woman and child in the camp gathered to welcome the winner. When Johnson's team appeared over the snow, every dog in harness and showing little effect of the long drive through the blizzard and below-zero weather, the crowd went wild.

Johnson's time was seven hours slower than the record set by himself in 1910, when he drove the Siberians over the course in 74 hours 14 minutes and 20 seconds. The racers were handicapped this year by stormy weather, blizzards and below-zero weather, making the going slow most of the way.

The Siberian wolves, driven by Johnson, are considered by experts the greatest racing dogs in the world. They are a cross between the "husky," the Alaska working dog, and the Siberian wolf. They have the agility and endurance of the wolf, and the faithful intelligence of the Alaskan dog. They are light in color, either white or grey, with a shaggy coat. Johnson's dogs are carefully selected, the driver himself making annual trips to the east coast of Siberia to obtain material for his team. He trains his team by constant work on the trail, making long trips to camps in the country surrounding Nome, and watches the work of the animals even more closely than a jockey watches his mount.

The remarkable endurance of Johnson's wolves was demonstrated by his driving from the distance of 107 miles, without Boston roadhouse to Nome, a feeding.

Runaway Spills Milk

The delivery horse of the Prince Rupert dairy ran away down Second avenue this morning. In trying to make a turn at Second street the wagon tipped over the sidewalk and made a bad smash of the wagon and a spill of the milk. The harness, too, was damaged, but the horse escaped. There was no driver in the wagon at the time. The loss will be considerable.

BLAST IN P. O. CUT DID MUCH DAMAGE

Blow Out Windows and Injured New Automobile—Hole in a Seam

A blast in the rock excavation at the post office site did considerable damage about 2:30 yesterday afternoon. The foreman was blowing out a 12-foot hole, and fearing that it was in a seam the hole was fortunately only half loaded.

Dr. Tremayne's family were warned to get out of their home. The shot lifted a shower of small missiles which peppered the doctor's house and even flew over and hit the registry office.

The doctor's new automobile, which stood in front of his place, was badly wrecked and will require a new body and new hood. The windows of the house were shattered, but no damage was done inside.
