HUNDREDS OF WORKMEN CLAMOR FOR JOBS AT GRAND TRUNK OFFICES—EXCITING S.S. RACE

ASKED FOR THIRTY WORKMEN SEVERAL HUNDRED RESPONDED

EMPLOYMENT AGENT OF G. T. P. WAS ALMOST MOBBED BY MEN WANTING WORK—SNAPSHOTS TAKEN OF THE RUSH THIS MORNING

In answer to an advertisement thirty men on the G. T. P. steamer board at the wharf this morning, a crowd of over two hundred men appeared on the pier and an extraordinary sight was witnessed when the employment agent stepped in among them to deliver tickets to the men. Every man there wanted work, and apparently determined to get it, the men of hats were knocked and trampled under foot in the surging and swaying of the ship, all bent upon getting in as close as possible to

the man with the tickets. At one time it seemed as though the railing on the outer side of the plank roadway would be carried away and a part of the crowd thrown over the side. This was prevented, however, by a number of the officials charging into the bunch and after a time getting them thinned out a bit, while the employment agent escaped and got back into the office as quickly as possible.

A number of snapshots were taken of the affair by people who were lucky enough to have their kodaks on hand at the time.

WITH SIZZLING IRON WOMAN HITS INTRUDER

His Half His Mustache Off Before He Knocks Her Into Large Clothes Basket

Mount Vernon, Wash., April 26.—Mrs. Thos. Bear of Big Lake, seven miles from Mount Vernon, hit a man who assailed her in the face with a hot flat-iron and burned off half his mustache. He knocked her into a clothes basket and fled to the woods with his companion, a younger man. Mrs. Bear was completing her ironing, about 8 o'clock, when two men entered the house. They demanded her money, and she gave them her purse, containing \$5.40. While one man held her back, the other, looking in her cupboard for more, Mrs. Bear hit the larger man in the face with her hot iron, and instantly the room was filled with the smell of burnt hair as half of his mustache was burned away. The lower portion of his face was also badly burned. With a cry of pain the injured man struck at Mrs. Bear, and as she fell over into the clothes basket her husband entered the room. Her assailants fled.

PRINCE ALBERT BEAT NEW CITY OF SEATTLE

Steamers Had Friendly Race All the Way Up the Coast

An interesting marine race came off Saturday and Sunday between two well known steamers on the coast run. The contest was purely incidental to the regular trips of the Prince Albert and the new City of Seattle. The Albert is known among the skippers as a pretty rangy craft and also a dangerous rival in a race, while the Seattle has just been newly equipped and has greatly increased her speed.

They both left the south together for the north and kept within sight of each other all day. The Seattle was first at Seymour narrows and laid to for an hour for a more favorable tide. In the meantime the Albert went through against a strong tide and got the lead. A few hours later the Seattle overhauled her and again took the lead. After a tight, steady run the Albert forged ahead again and pulled into Rupert last evening at 8 o'clock, about fifteen minutes ahead of the Seattle.

The Albert carried 600 tons of coal and 100 tons of general freight.

SIGURDSON WON OVER BERT CALDWELL

Wrestling Match Gave the Boys Some Good Sport Saturday Evening

The wrestling match and boxing bouts in McIntyre hall Saturday evening gave the boys some good sport. Pete Sigurdson, the local boy, won the wrestling match in two straight falls over Bert Caldwell of Rock Springs. The first fall took 22 minutes and the second five minutes.

Only two preliminaries were put on owing to the late hour at which the match started.

Valpie and James boxed a draw and gave a splendid exhibition. Popular opinion was that Valpie won on points.

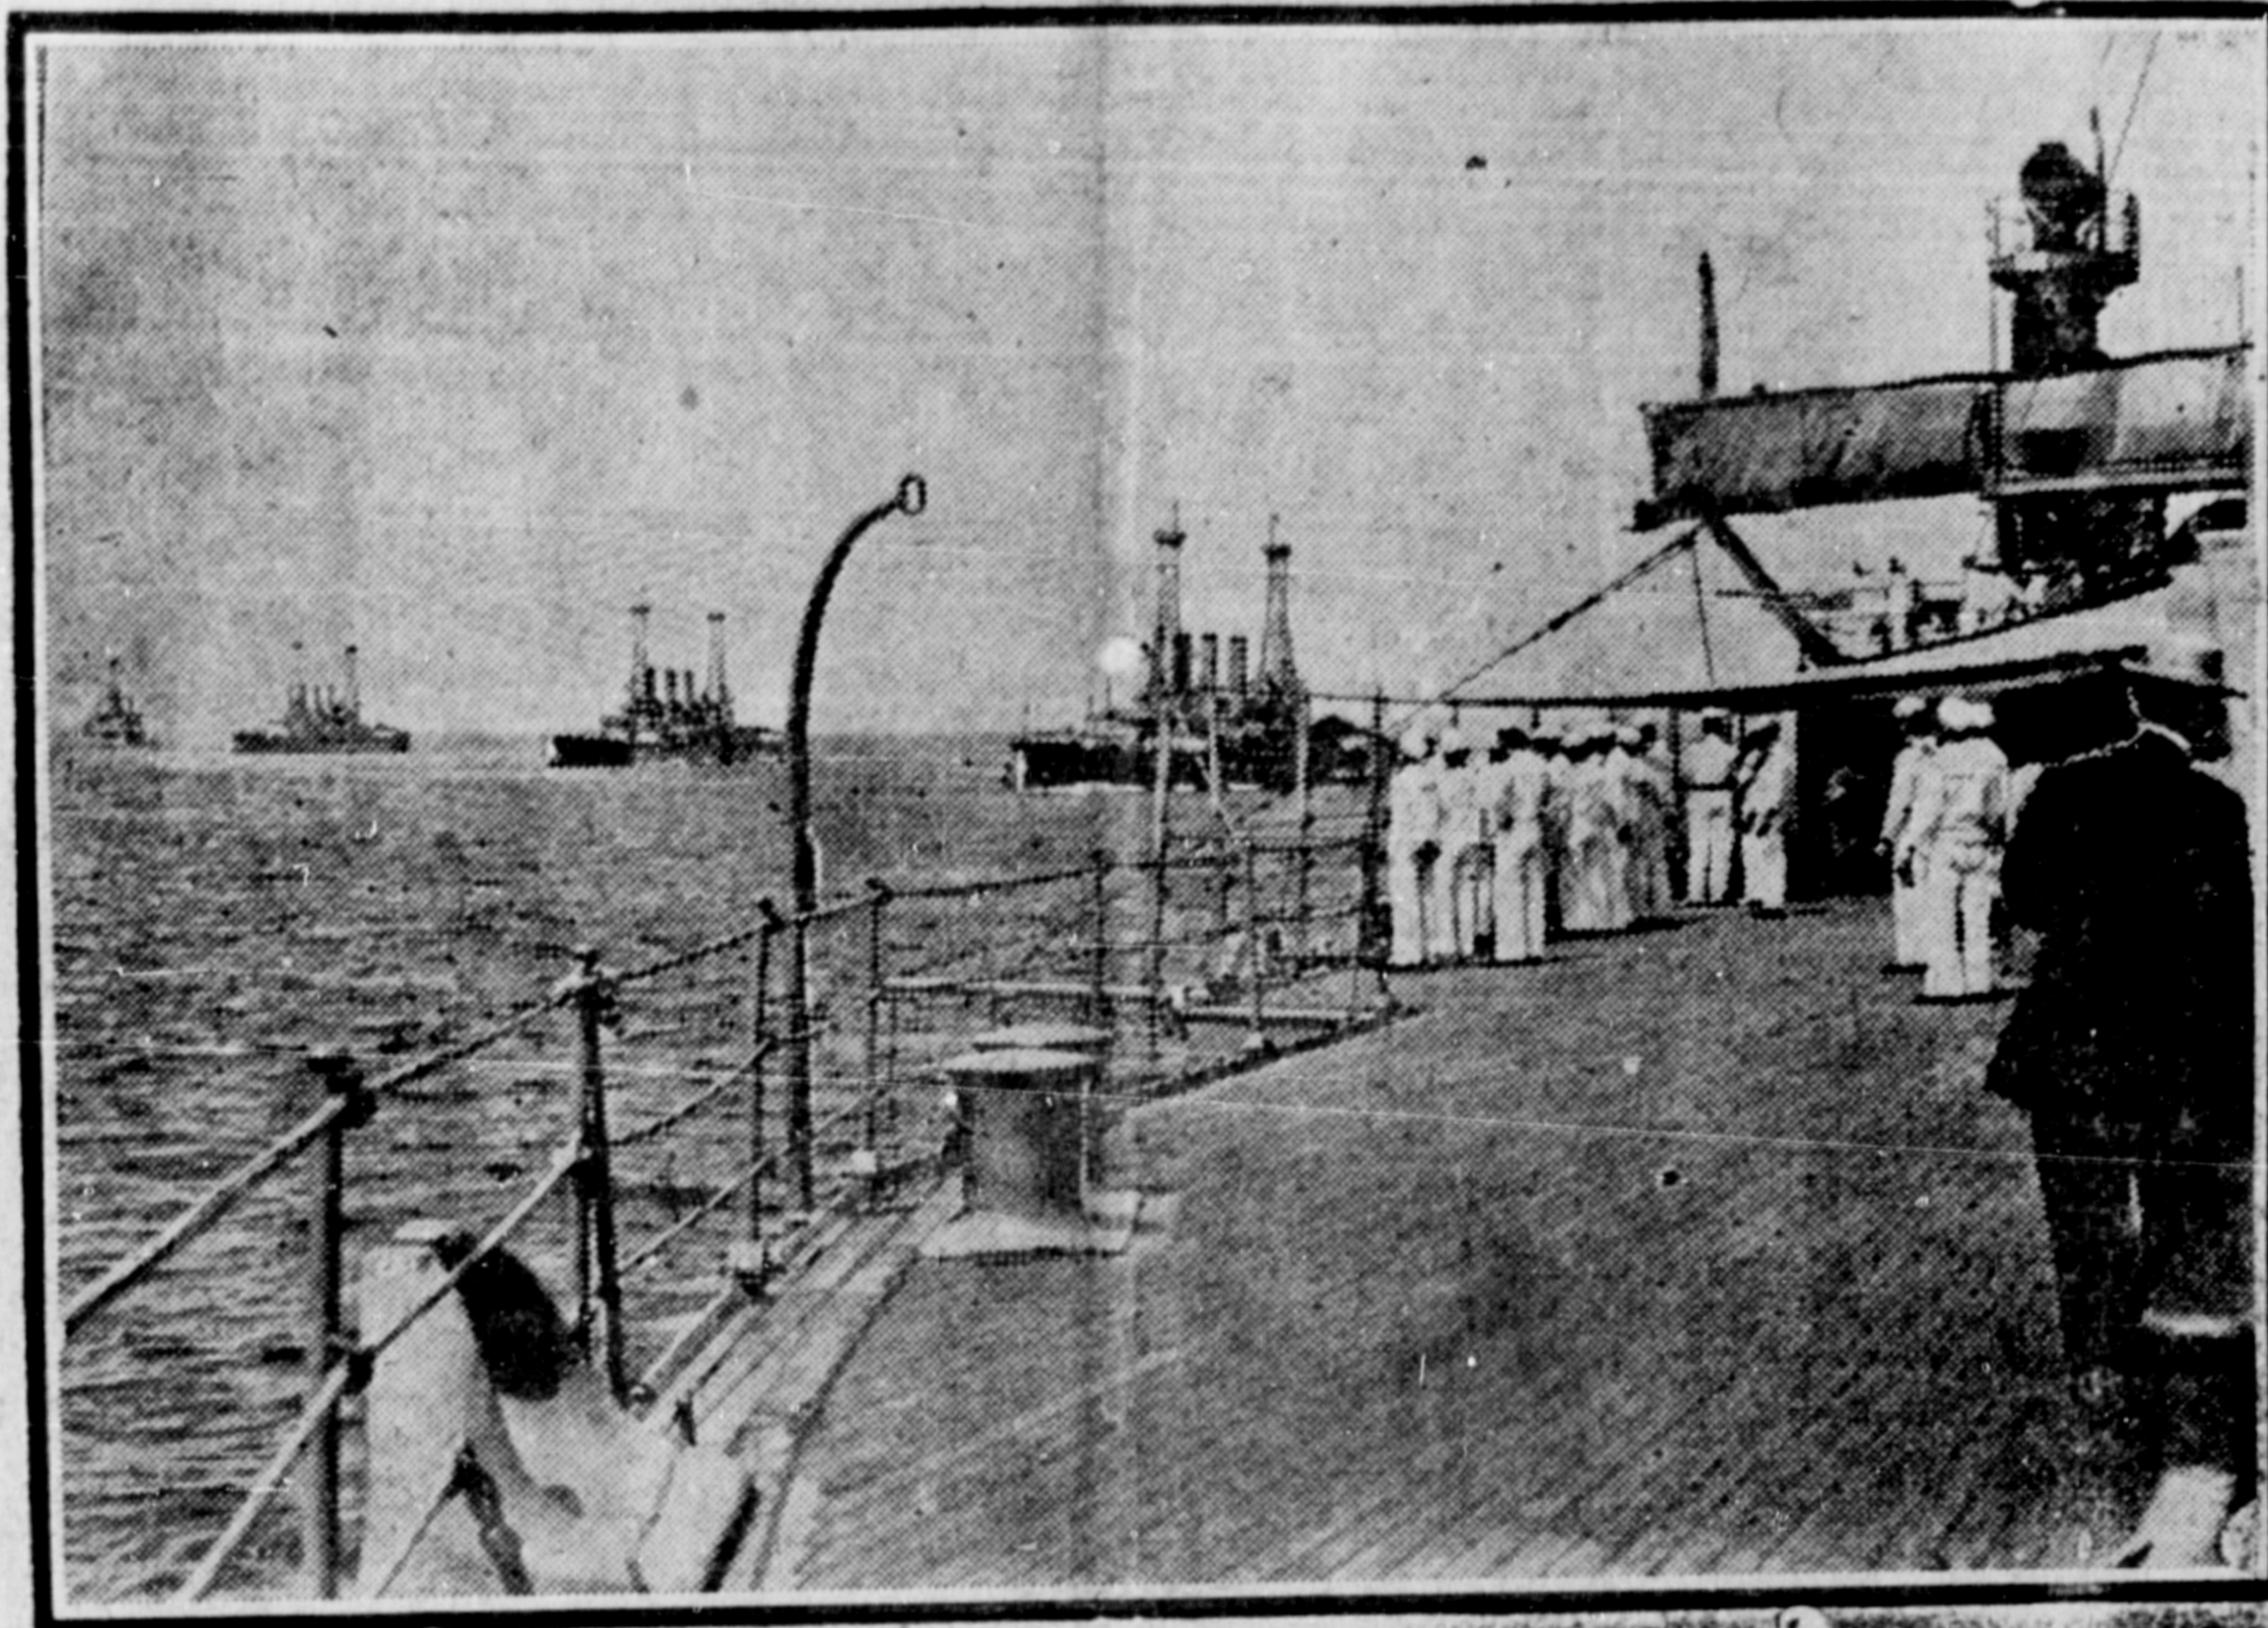

There was a fair sized audience.

Died in California

E. W. Reinhold, who was with the G. T. P. engineering staff here under W. H. Tobey for some time, died yesterday at Banning, Cal., where he went in poor health. Deceased was a boy of eighteen years and had many friends in this city. He suffered from tuberculosis and went to California last fall in hopes of improving his health. He leaves one sister living in this city.

Two drunks were up in police court this morning. They were sent to the rock pile with the option of a five dollar fine.

"THE THIRD DEGREE"

At the Westholme on Wednesday and Thursday

Always on the alert for the highest class attractions, Mr. Strassburg, the Westholme's personal representative in Vancouver, has secured for next Wednesday and Thursday Chas. Klein's great play in five big reels, "The Third Degree." This play was the sensation of two continents, and having been produced in Prince Rupert is well known to everybody. Seeing it in the pictures is quite a different thing, however, from seeing it on the stage as produced by the Griffith company. First of all the company that made the pictures is very much larger and very much better. The actors are all high class professional stars and an attention to detail and natural scenic surroundings is made possible in the pictures that cannot by any means be reproduced on a stage. This presentation of "The Third Degree" will give you an entirely new conception of this great play and will no doubt prove a great drawing card. A special musical program has been prepared for this event by Mr. Werner and the justly famous Westholme orchestra will be heard in some new selections.

Empress Theatre

The management of the Empress theatre has secured one of the greatest features in the film world for the next attraction, it being Mary Pickford in David Belasco's masterpiece "The Good Little Devil," produced by the Famous Players' Film company, which insures the onlooker a great if not a wonderful production. "The Good Little Devil" produced in five parts will be the attraction at the Empress for two days commencing Wednesday, April 29, coming direct from a week's run at the Globe theatre, Vancouver, where it played to capacity audiences during the entire run, and such should be the case in Prince Rupert, for never before has there been a feature here that will appeal to both old and young as this feature. Mary Pickford made her greatest dramatic success in "The Good Little Devil," which ran for two solid years at the Belasco theatre in New York City at the price of two dollars, but comes to the Empress at a much less scale of prices, the film version containing the same all-star cast as the dramatic version; Miss Pickford is supported by Ernest Truex and Wm. Norris.

The management makes an announcement most extraordinary in regard to the next feature attraction at the Empress theatre, which will be Eugene Walter's five-year dramatic sensation, "Paid in Full," produced by the All-Star Feature Co., with members of the original cast in their respective places, Tully Marshall as Joe Brooks and Wm. Riley Hatch as Capt. Williams.

Trains to Rose Lake

The mud slides east of Smithers have been particularly bad this season and have kept the road tied up for the past ten days. Today the road is open again as far as Rose Lake and passengers and freight will be accepted to that point. There is still a lot of mud to clean out before the ballasting crews can start work. For the past ten days traffic east of Smithers has been confined to speeders.

MOBS IN MEXICAN CAPITAL TRAMPLE STARS AND STRIPES

ATTACK AMERICAN CLUB AND LOOT JEWELRY STORE WHILE POLICE LOOK ON—UNITED STATES CITIZENS ARE IN GRAVE DANGER

Mexico City, April 26.—Mobs in the streets of Mexico were trampling under foot the stars and stripes and threatening American pedestrians when the refugee train, engaged under the auspices of the British and German legations, left for Vera carrying some 600 fugitives of various nationalities.

Immediately after the news of the landing of American blue-jackets and marines at Vera Cruz was made known in the fed-

eral capital by extra editions of the local papers, crowds of students and government office employees began to gather.

By dusk a mob had assembled in front of the American club, where they smashed windows and howled insults at the Americans inside, all of whom they threatened to assassinate.

An American jewelry store was looted by the mob at midnight. The police looked on without taking action.

UNFULFILLED IDEALS ARE NOT FRUITLESS

Rev. E. Smith in Presbyterian Church Preaches Eloquent Sermon

The Presbyterians have been fortunate in the class of men they have had supplying for them since the recent vacancy. Yesterday the services were taken by Rev. Edwin Smith, who will remain for five succeeding services.

Mr. Smith comes from that famous Pietou county in Nova Scotia where they turn out more professional men to the square inch than any other part of Canada. He is a graduate of Dalhousie university and Pine Hill Presbyterian college, with a post graduate course in Oxford.

Last night in the Empress theatre he preached on "The Value of Unfulfilled Ideals," and showed that not only those ideals to which we have attained, but even our unfulfilled ideals have a value in the eyes of God and in the formation of character. "It is our ideals and purposes that make, shape and color life, and it is good to have them. They are the bloom of life's deeds, flowers out of which fruits of action spring. A young man without ideals is mere driftwood upon the sea of life." The words of the text were from II. Chron. 6:8, "Forasmuch as it was in thine heart to build an house for My name thou didn't well in that it was in thine heart. Nevertheless thou shalt not build the house." The preacher next set forth the thought that the literal fulfillment of our good purposes may be denied us, but the Lord is pleased with us for having offered them. "In human life tendency must always be the main thing. It is not so much the number of miles we travel as the direction we are going. It is not so much the amount of work we do as our motive in doing it. And when our day is past and our bit of work is done the ideal we have served will whisper a sweet and secret joy. Thou hast labored and others will enter into thy labor."

LOCAL ODDFELLOWS PARADE TO CHURCH

The local Oddfellows held a special church parade last night, and attended divine service at the Anglican church. Canon Rix preached an excellent sermon on the brotherhood of man and the place fraternities held in that sphere. He illustrated by telling that to the sufferers in the Ohio flood of last year the Oddfellows of British Columbia had contributed \$2,000. Owing to the wet evening a number of members were absent, but about forty turned out.

Miss Doris Dowling was the hostess at a dancing party Saturday evening, when a number of young friends gathered at her home on Fifth avenue.

INDIAN ATE DINNER WHILE JOE FACED DEATH

Thrilling Experience of Rupert Fisherman in the Wilds of Lakelse

One of the Rupert sports who went fishing at Lakelse last week had a rather thrilling experience in the Kitselas river on Saturday. He was fishing in the river from a little dugout. After drifting down stream he threw out the anchor in a likely looking spot. The water was fast and the anchor would not hold. A short distance below were perilous rapids and the dugout was almost upon them when Joe spied an overhanging tree. He grabbed it as he went under and stopped the craft, but he could not get up the tree, nor could he control the boat, which threatened to get away from under him.

He yelled for help, but the boys at the hatchery could not hear. He yelled some more and an Indian came out from a cabin on the other side of the river. He gave Joe a look and went back. More yells—maybe half an hour—and his hold was weakened. Finally the Indian came out again and rescued Joe.

"Why didn't you come when you first saw me? I might have gone over those rapids."

"I see you all right. Finish my dinner first," was the Indian's explanation. Joe was indignant.

Mrs. Harry Daggett left yesterday on the Spokane for a visit to Boston, St. John and other eastern points. She will be absent some months.

Life is short, but every great man who has written his name permanently on the scroll of Fame has managed to do it in the time.
