He served notice on the war minister that he would have to give a pledge that he would render loyal support to the government or he would be arrested. Blanquet gave the pledge.

LEADING FIGURES IN THE UNITED STATES-MEXICAN CRISIS

BARNHISEL LOSES SUIT FOR DIVORCE

Judge Mitchell Refuses Decree to Prominent Tacoma Clergyman

Tacoma, May 2.—The sensational divorce suit of Rev. A. H. Barnhisel, former pastor of the First Presbyterian church of this city, against his wife Olive, which drew throngs of socially prominent Tacomans to the superior court for weeks, has been decided by Judge John Mitchell of Olympia, who tried the case in Tacoma. Judge Mitchell refuses to grant the divorce, and orders the case dismissed.

Rev. Mr. Barnhisel asked for a divorce, alleging his wife was extravagant and was the cause of his being now hopelessly in debt because of her social ambitions and desire to send their two children to high-toned schools.

Mrs. Barnhisel denied the charges and resisted the application for a divorce, but did not file a counter bill.

TEXAN RANCHER WAS MURDERED BY MEXICANS

(Special to The Daily News)
Laredo, Tex., May 4.—The body of Porfirero Laurel, an American rancher who disappeared fast November, was recovered today from a grave near Neve Laredo, Mexico. Recommended Mother Tongue

Ed. N. Clark, the musing journalist, tells an amusing story of a card notice he once observed hung in the diner of a big cosmopolitan hotel at Nice, near the famous gambling resort of Monte Carlo, which read as follows: "Our English and American guests are requested to address the waiters in English, as their French is not generally understood!" Whether the imperturbable French hotel man could see the satire underlying his remark is problematical, but no doubt his quaintly-worded sign had the desired effect in confining visiting tourists to plain English.

PRINCE RUPERT REAL ESTATE KEEPS MOVING

Probably the Only City in the West Where Property Can Be Turned

Every city in the west complains of the real estate market being dead. As George Hammond says, "it is out of fashion." But Prince Rupert is still in the game. Here is a list of what one firm, H. G. WANTS TO CUT OFF FOOD SUPPLY OF VERA CRUZ

Mexican Governor Threatens Execution of Any One Taking Food Into That City

Vera Cruz, May 2.—A strained situation at Tampico and an effort on the part of the Mexican governor of the state to cut off the food supply from Vera Cruz is now dividing attention in Mexico.

The reported massing of rebel forces at Tampico is regarded as an important move. There is a feeling that the fall of that city will have some bearing on the immediate policy of the United States towards Mexico. Persons well informed on the federal preparedness are very skeptical with regard to the predictions of an early success by the rebels. It is pointed out that three federal gunboats so far have easily repelled all attacks on the place.

Just now the only food supplies reaching Vera Cruz are coming from small ranches near enough to the city to allow the farmers to feel assured of United States protection. If the order of the Mexican governor of Vera Cruz threatening the execution of anyone bringing food to the city becomes effective this small supply will also be cut off.

UNITED STATES AGENT RELEASED BY MEXICO

Mexican War Office Makes Explanations—Hostilities Have Ceased

Mexico City, May 4.—Dr. Ryan, the confidential agent of the American State department, who was arrested a few days ago and whose release was demanded by Secretary Bryan, has arrived at Mexico City today with a heavy escort. The authorities here offer an explanation as to his arrest. Huerta's minister of war has officially notified the Brazilian minister before Dr. Ryan's arrival that Americans would be delivered to the Brazilian legation. The Mexican war office sent a telegram yesterday to the Federal military commands to suspend hostilities against Americans and rebels on account of the armistice.

UNIONISTS BELIEVE GOVT. WILL MAKE ANY CONCESSIONS

DEMANDING UNCONDITIONAL EXCLUSION OF ULSTER—THE FEDERAL SOLUTION IS SCOUTED

(Special to The Daily News)
London, May 4.—The Unionist journals this morning, following Mr. Balfour's lead, are unequivocally demanding the unconditional exclusion of Ulster from the operation of the home rule bill, declaring this is the only means of averting war. Many prominent Unionists write to the newspapers alleging that the

government is acting in bad faith and scouting the proposed federal solution. The general attitude of the Unionists suggests their belief that the government is on the run and is prepared to make the fullest concessions to secure peace, which the Morning Post says will not be the result of any round table conference.

LIBERALS WANT ACCOUNTING FROM MACKENZIE AND MANN

WILL OPPOSE NEW C. N. R. BILL UNTIL THEY GET IT—THE SESSION AT OTTAWA WILL BE PROLONGED

Ottawa, May 2.—A Liberal caucus has been held to consider the government proposals. It was announced when the gathering broke up that the party had reached an agreement to oppose the plan announced by the government, which means that the session is likely to be prolonged well into June, and that it is about to enter one of its most interesting phases.

It is understood that the opposition members agreed to demand that Mackenzie and Mann give an accounting of how money given to them in the past has been spent. Just to what distance the opposition proposes to carry the fight is not known. The more aggressive Liberals say that the legislation may have to go through under the closure rule, but this probably depends upon the developments of the next ten days.

UPTON SINCLAIR ARRESTED Paraded in Front of Standard Oil Building in New York

New York, May 2.—Upton Sinclair and four women arrested with him yesterday in front of the Standard Oil building, while they paraded as "mourners" protesting against John D. Rockefeller, jr.'s, policy in the Colorado mine war, were found guilty of disorderly conduct, and each was sentenced to pay a fine of \$3 with the alternative of three days in jail.

Sinclair, Mrs. Donie Listner and Mrs. Elizabeth Freeman refused to pay the fine. Mrs. Belle Zilverman and Mrs. Margaret Remington Charter said they would pay.

Sinclair made a speech in court, saying that he was on the verge of a physical breakdown, but that notwithstanding he would go to jail and begin a hunger strike. He was promptly locked up.

Early in the morning the French troops consisting of a column composed of all arms attacked the natives in their mountain stronghold, which they carried at the point of the bayonet in spite of the tenacious resistance of the natives. TAMPICO HARBOR MINED TO KEEP OUT U. S. NAVY

Two Weeks Ago City Was Under United States Guns but is Now Protected

(Special to The Daily News)
Washington, May 4.—Reports to the navy department from Rear-admiral Mayo indicate that the Mexican federal forces have mined the Panuco river, the inlet to the city of Tampico from the Gulf of Mexico. The river is navigable to Tampico for only comparatively light draft vessels. Two weeks ago the scout cruisers Chester, Gunboat and Dauphin and two other American vessels were lying in front of the Tampico river. The entire city was directly under their guns and Admiral Mayo was convinced he could have taken the place without the loss of any men. He deemed it advisable, however, to order the ships from the harbor to the gulf. This had scarcely been accomplished before the Mexicans placed mines in the river to prevent the ships again entering.
