DAILY EDITION

Tuesday, May 19, 1914

The "Conservative" papers are loud in their praise of Borden's C. N. R. policy. They tell the people something had to be done to save the credit of Canada. They do not tell, however, that the same manipulators are still in charge of the road and that it may again be put in a worse condition than it is at present. Neither do they tell that the security given the government has no actual value in it; that Mackenzie and Mann are simply turning in 40 per cent of their watered stock—just think of it, forty per cent—and that before this stock has any value they must pay dividends on a bonded indebtedness of \$364,000,000. What a generous friend of Mackenzie and Mann this Borden government is. They pull the C. N. R. out of the hole and pledge the whole country to keep pulling them out as fast as they get in. It was a fortunate day for the C. N. R. when the Tories got in power. If Sir Wilfrid Laurier were now in power there would be a different story to tell. The interests of the people would be protected.

The C. N. R. will not this year earn half its fixed charges and the only way the road can meet those charges is by borrowed money.

The various governments guaranteeing C. N. R. issues

may as well dig down, because that is what they will have to do unless the Dominion government takes over the whole burden.

Last year Mr. Horne-Payne, who is closely associated with the Canadian Northern, did Canadian municipal securities a great deal of harm in the London market, yet there cannot be the slightest doubt that the Canadian Northern has done Canada more injury in the past few months than all other causes combined.

In fact, looking over the situation in the light of the information now available, it seems certain that had it not been for the manipulations of the Mackenzie-Mann people and the consequent drain upon the resources of the country, we would not now be suffering from the depression generally existing and our credit would not have received the black eye which it did receive in the London market.

What do the people think of the financial joy riding of Bowser and McBride? A pretty bill will be presented for payment one of these days.

Don't forget that the local member, Wm. Manson, is one of the men who is responsible for the pledging of the credit of the province to the extent

of approximately \$200,000,000 to assist railway enterprises owned by private individuals. Don't forget that our local member supported the McBride administration in the last guarantee of the Canadian Northern issues in spite of the fact that the Canadian Northern people were not in a position to complete their transcontinental system without further help from the Dominion government.

Don't forget that in spite of the fact that the provincial government refused to include in the incorporation charter many things of importance asked for by the citizens, and had already given away the rights of the city, our local member, Wm. Manson, stood on the floor of the house and said we ought to be satisfied.

## SOCIAL WASHINGTON IS IN A FERMENT

President's Daughter Sings for a Graphophone Company

Washington, May 18.—Social and official Washington is gossiping and fuming over an advertisement in all the Washington newspapers announcing that "Miss Margaret Woodrow Wilson, daughter of the president," had sung exclusively for a graphophone company and that three of the records are now on sale at from \$1 to \$1.50. Accompanying the advertisement was a signed testimonial from Miss Wilson and her portrait.

Social Washington is dividing into two camps on the subject. One defends Miss Wilson and holds there is no impropriety in turning an honest penny by selling her voice to the canned music company. Others, and these are the older residents, maintain her action is unprecedented—a charge that does not stir the Wilson family greatly—and that it is in bad taste.

## SURVEYORS LEAVE WITH CREWS FOR SEASON'S WORK

(Queen Charlotte Islander.)

The local land surveyors have all their crews made up for the season's work in the field and a start will be made during the coming week. Each surveyor will have only one party at work this year owing to decreased appropriations for surveys.

C. DeB. Green, B. C. L. S., left with his survey party for Skidegate on the last boat. Mr. Green will be engaged surveying in the vicinity of Lahn Hill and Hydah this summer. Most of last year's field crew have been re-engaged. J. C. A. Long, B. C. L. S., will be engaged this season in the vicinity of Yakoun lake, where a party left to prepare camp this week. Mr. Long has been engaged during the week on private work on the west side of the inlet, opposite old Massett.

Fred Nash, B. C. L. S., leaves on Tuesday for Queen Charlotte City. Mr. Nash's work this year will be on townships four and five, at the south end of Graham island. D. M. McKay and H. B. Lehrman, who were with Mr. Nash last year as assistant surveyor and chairman respectively, will resume the same positions. G. Y. Baker will look after the culinary end.

S. Holmes, owned and commanded by Capt. John S. Backland, Arctic trader and missionary. He expects to set sail May 20. The cargo now being loaded in Seattle aggregates nearly 1,400 tons.

## A Pretty Bungle

Hon. Dr. Roche, minister of the interior, stated that the Indians still held title to the Kitsilano reserve and that the Dominion had not yet given its consent to the transaction between the band and the province. This is the reserve for which the province paid something like \$300,000—\$80,000 of which went to two friends of the attorney-general who negotiated the deal with the Indians.
