A Pioneers' Celebration A movement is on foot to celebrate the vacation of the old Premier hotel premises, the last landmark of "Knoxville" in the earlier days. Old timers are en- thusiastic over the idea and the event may be more than a gath- ering of pioneers as talk is being made of turning the ground around the old Premier into a forest of tents descriptive of the old settlement, and picturing the brisk, happy and glorious pioneer days of Prince Rupert. The celebration is intende dto pro- vide for the entertainment of the men, women and children of these pioneer days, the expenses to be defrayed by voluntary sub- scriptions. One of First Buildings Erected in City_Ground Lease Expires Will Be Removed The Exchange block on the corner of Third avenue and Sixth street has been sold. All the tenants have re- ceived thirty days notice to move out. It is understood that the building will be moved to the corner of Second avenue and school stands. This building is one of the pioneers of the town, having been uilt shortly after the Empress theatre and the Alder block. It presents the great cardinal in a more favorable light, showing his vir- tures wathor than his vices his	tion in point of taste, finish and general detail. The utmost pains have been taken to present this most dramatic life study of "Royal Egypt." Helen Gardner in the part of "Cleopatra" is intense. So pow- erful is her grip of the past that one is completely carried away— transported for the time being— and must rejoice or grieve with her in her many triumphs <sup>-</sup> and sorrows. She is an idealistic, magnetic impersonator of "Cleo- patra." The scenes chosen are entrancing, the carefully trained, elegantly and well garbed com- pany complete the treat.
