DAILY EDITION

Thursday, June 11, 1914

According to some of the representatives of the city in the council, station work was to solve all difficulty in the carrying out of public works. The one thing particularly that it was going to do was to thoroughly satisfy the men who did the work.

Now it seems that while "station work" was a good election cry, it is not working to the unalloyed satisfaction of those for whose benefit it was inaugurated.

One station gang are very outspoken in their denunciation of the practical working out of the system as carried out at the city hall.

It appears that this gang were to get 1,500 yards at a price of \$2.75 for rock and 50 cents for earth. They further allege that they were to get \$2.75 for 185 yards of trenching as the trench was full of boulders and dynamite had to be used. When it came to a settlement all they got for

trenching was 50 cents. The result is that these men feel that they have not been fairly treated and this is the station work that was going to work so beautifully.

It is rumored that there is another war in the Tory camp. Those who didn't get in on the \$35,000.00 Postoffice graft are sore and they are looking for blood-money.

The Government is trying to buy the loyalty of the workmen by day labor. They didn't hesitate however to let the concrete work under the new Provincial buildings by contract. They are just playing with the labor element and only so long as it suits their purpose.

Before Attorney General Bowser leaves this northern zone he ought to tell the people why his Government dis-

criminate against Northern British Columbia.

The North has contributed millions to the Provincial exchequer and now that an improvident government is running short of money public works are curtailed "particularly in the North." Why particularly in the North? Is it because the representation which we have is small in number or just small?

Is the City of Prince Rupert going to get the Wark Channel power? Bowser will pass through the city on Saturday next and now would be a good time for our William to get an answer, yes or no. Have you got the nerve, William? Everybody shouts, no!

Our money and our credit was used to guarantee a sewerage system for Greater Vancouver, but Prince Rupert got nothing more than a demand for money alleged to be owing by the city to the Government on which it is now paying approximately ten per cent.

The Government was encouraged in this course by (according to Hon. William Ross) "prominent" local men. Will Bowser please tell the people of Prince Rupert who these prominent men are when he passes through the city on Saturday?

It is safe betting that Bowser won't name the men, but the people know who they are just the same.

C.C.'s Won Game

The C.C.'s and Dry Dock league baseball teams met again Tuesday night and the C.C.'s won an easy victory. For six innings the C.C.'s had the Riveters at their mercy and the score stood 17-4. Then the leaders eased up and allowed the Dry Dock to pile up eleven runs in one inning. Eight innings were played with the final score of 15-18.

District Fair Dates

The following are the dates of the district fair as approved of by the provincial government: Bulkley Valley, Telkwa, September 10. Port George, September 24-25. Prince Rupert, September 30 and October 1 and 2. Bella Coola, October 9. Graham Island, Lawn Hill, not yet fixed.

WILD ANIMAL PICTURES WERE A GREAT SUCCESS

Great Crowds See an Excellent Programme at the Westholme Theatre

Better even than the first series of the Alaska-Siberian pictures was the universal comment of those present at the Westholme Opera House last night, after seeing Paul Raimie's African Hunt. Surely no better entertainment has ever been seen at this popular theatre and in spite of advanced prices every one went away satisfied at having received more than their money's worth. In this connection it might be observed that the Westholme management deserve credit for keeping the prices of admission down to 25 and 35 cents, as these pictures have never before been shown for less than 50 cents, and are well worth the money even at that price. Another interesting feature on last night's program was "The Linking Up of the G. T. P." These pictures are clear and perfect and nearly every one in the audience was able to recognize some friend or acquaintance in the crowd present at the driving of the last spike. These pictures will be seen by hundreds of thousands, the world over and will certainly do much to advertise Prince Rupert and the surrounding country. This program will be repeated tonight.

Officials of the University of Stanford are to be admired for their stand in favor of British Rugby. Both the University of California and the University of Southern California wanted to tinker with the rules and draft a new set that would bring in all the features of the American game, and failing to do this, they have announced their intention of returning to the American game. The Stanford officials on the other hand will stick with the English style even if they have to play it among themselves. They want good, clean and fast football and find it in the British game.
