### GENERAL NEWS BRIEFLY TOLD

Sir George Macalpine, urging the claims of India at the Baptist Missionary Society's meeting in London recently, said if there was one fact clear today it was that caste in India was breaking up. One learned Indian had told him that he gave caste ten years more life, after which it would no longer exist. And caste gone, there would be a great influx from India into the Christian Church.

Sentence has been passed in London on nine of the seventeen defendants, army officers and employees of Lipton's, Limited, convicted of conspiracy in connection with the army canteen scandals which have caused so much indignation in England. Lieut.-Col. Whitaker, of the Second Yorkshire Regiment, the highest in rank of the army officers convicted, was sentenced to six months' imprisonment. The Colonel asked for mercy, insisting that his acts had been the result of persuasion exerted by Col. Fiennes, now Lord Saye and Sele, Comptroller of the King's Household, and who was then lieutenant-colonel of the Royal Scots Fusiliers. A letter alleged to have been written by Lord Saye and Sele was introduced. Referring to this letter, Justice Darling, who presided, said that it showed "sad decadence from the traditions of a great family." "I myself, if I belonged to such a family," the justice said, "would starve rather than get my living by cadging for orders for beer."

There were nine military defendants in all; the other eight were put under bonds to appear for sentence later if required to do so. John Cansfield, general manager of Lipton's, and Archibald Minto, former head of that firm's military department, were fined \$2,500 each. The six minor employees were fined \$250 each.

It is announced that Lord Brooke, who was gazetted in recent militia orders as an honorary colonel in the Canadian militia, will again direct the cavalry brigade this season at the Petawawa camp, having as his chief staff officer Major Earl, of the Grenadier Guards.

Barons Henri and Robert de Neuville, whose banking house in Paris suspended on May 4th with liabilities of near \$2,000,000 and assets of \$600,000, have been arrested charged with fraud.

A court-martial in Tokio on May 29th sentenced Vice-Admiral Wa Matsumoto, of the Japanese navy, to three years' imprisonment on charges of accepting bribes in connection with naval contracts. Capt. Sawaski was condemned to one year's imprisonment, but Commander Suzuki

was acquitted. The existence of corruption in the Japanese navy was brought to light through a law suit in Berlin in January of this year, and eventually led to the fall of the Japanese Cabinet. A confidential clerk employed in the Tokio office of a German armament firm was prosecuted for selling documents, and during the trial a letter was read showing that several high Japanese naval officers were receiving a percentage of the contracts allotted to the firm. When the news reached Tokio, an investigation ensued, and a number of officers were arrested. Questions in the Japanese Parliament led to violent scenes, and the resignation of the Ministry.

Cable despatches received in Seattle from St. Michael and Nome, Alaska, indicate that when Stefansson's exploring ship "Karluk" was crushed in the Arctic near Herald Island, northeast of Siberia, on January 16th last, the men saved all their instruments, supplies, dogs and food, and left only the crushed hulk and its coal cargo when they headed east over the ice to camp on Wrangell Island. The experience of the ice sheet from Point Barrow "Karluk" proves that the drift of is not northerly, as has been supposed, but westerly. Both Stefansson and Amundsen had believed that a ship entering the pack at Point Barrow would be carried across the Pole and to Greenland.

of the British Army has been completed on Salisbury Plains, and on June 2nd five complete squadrons of airships with 70 aeroplanes and a hundred pilots, commenced manoeuvres that are to last a month.

The French Cabinet has resigned, being it is stated unable to agree upon several of the policies of the premier, M. Doumergue, and other members, chiefly financial and socialistic. The recent elections left M. Doumergue with out a stable majority, and as on certain questions he would have to depend upon Royalists, Clericals and the most conservative of the Conservatives, while on other of his policies he would have to rally to his support the Revolutionaries and Socialists, he decided to resign rather than hold on to office by any such makeshift method.

### "TEMPERANCE" BEER WAS THE GENUINE ARTICLE

Col. Sam. Hughes So Finds and Relieves Major Leonard of His Command

Ottawa, June 19.—It is announced that as a result of the discovery of the genuine article instead of so-called "temperance beer" within the lines of the 6th Battery, Canadian Field Artillery, of London, the Minister of Militia, Col. Sam Hughes, has released Major Leonard of his command. An investigation was held at the militia headquarters regarding the seizure of the "temperance beer" a few days ago. It was found that there were nearly four hundred bottles of genuine ale seized, containing nearly seven per cent of proof alcohol.

The militia regulations allow only "temperance beer" to be in possession of the men at the training camps, and this beer must not contain more than 2.46 per cent of alcohol. Major Leonard, who was held responsible, was accordingly relieved of his command, although the Minister and the Militia Council did so with regret, knowing that he was a most capable officer.

Col. Hughes, in an interview, said that regulations with regard to the non-use of liquor in militia camps would be strictly enforced, and the officers in command would be held responsible for any infraction of the regulations.
