Mrs. Forbes Makes Butter

She calls it Economy Butter, and it is well named, considering the quantity she gets, and the low cost of the extra butter.

To half a pound of butter add one SMALL tin of Pacific Milk, in which has been dissolved a small pinch of baking soda.

Whip 'till the butter has all been taken up and allow to set gradually in a cool place.

It makes almost a pound of butter—good butter, too. Many will thank Mrs. Forbes for her kindness, as we do.

BIG GRIFFITH PICTURE HERE

"Hearts of the World" is Latest Film Masterpiece of Master Picture Maker.

The biggest event in the entire season in the world of motion pictures will be the presentation of D. W. Griffith's latest film masterpiece, "Hearts of the World."

"Hearts of the World" required eighteen months in the making and many of the scenes were taken on the actual battlefields of France by Mr. Griffith, with the official aid and assistance of the British and the French governments. Mr. Griffith, however, is anxious to remove any apprehension that "Hearts of the World" is primarily a war picture. It is, he announces, primarily a love story, in which war figures as the grim background. It may be called "the story of a village," and for more than forty minutes during the exposition of the story, there is not a cannon shot, not a suggestion of war's alarms.

There is the pretty romance of two girls each in love with the same man; there is the quiet and peaceful atmosphere of a small French town before the holocaust of the war. Then comes the conflict, with its ensuing effects upon the fortunes of those in the little village. The battle scenes shown are actual battle scenes taken right in the trenches during the death struggles of the French and the Germans; only occasionally has it been found necessary to piece the story of the battles together by means of acted scenes.

One sees the life in the trenches; the charges of the French soldiers; the thrilling hand to hand conflicts, and the thrust of bayonets; the murder of the shells; the great guns in action; the tanks; the attack by liquid fire; the charges and the retreats; the German pill-boxes; the flight of the villagers; the ruthless destruction of property; the treatment of young girls who fall into the hands of the Germans, and other things too numerous to mention, the whole culminating in the arrival of the troops, of ultimate victory, and a hint of future happiness for those who have endured this terrible struggle.

SCHOOLS OPEN NEXT TUESDAY

New Teacher for High School is Miss Blanch Macdonald; Rooms Will Be Crowded.

The fall term of the public schools opens on Tuesday next. The teachers who have been away holidaying are all expected on the boats tomorrow or Monday or on the train Sunday night.

Principal Brady has been summering at Smithers and he should be on hand tomorrow. Principal McDonald also is expected to arrive and arrange for the organization of his staff.

There will be three rooms in the High School this year instead of two as formerly, the number of pupils at that institution having increased considerably. The application of Miss Lamb had been accepted by the Board for the vacant position on the teaching staff, but she did not come, so Miss Blanch Macdonald of Nanaimo and formerly of Victoria has received the appointment and is expected to be on hand Tuesday.

Owing to the lack of accommodation the room in the H. Block will be utilized and there will be a crush in the King Edward school with the possibility of some pupils having to stay out until the new school is completed.
