

FIRE INSURANCE

Fire insurance is the cheapest commodity on the market today. The rate on your dwelling is from \$1.30 to \$2.00 for each \$100.00 of insurance for 3 years, depending on its location. This means that if you carry insurance on your dwelling for 150 years without a fire you will have paid out only the amount for which you are insured. It is so cheap you can not afford to be without it. We write it.

Restoring The Eyes

DO you know what is the best restorer for tired eyes? We will tell you. It is sleep. Shakespeare says "O Sleep! O gentle Sleep! Nature's soft nurse, And young, tired Nature's sweet restorer, Balmy Sleep!"

BUT, morning comes; then the day of work and worry. Rested eyes soon grow weary again, and perhaps some slight and almost unnoticed defect adds to the fatigue.

THIS can only be remedied by means of suitable lenses. Next to sleep, the greatest boon for jaded eyes is a pair of Joudry's glasses, made to neutralize and correct all the deficiencies that cause discomfort.

OUR business is to discover and remove the slight errors that cause tired eyes.

China-ward

If we wanted to (and we do) we couldn't explain it in an ad. All we can tell you is that it came from England and France and some from Japan.

Now we think we know China that's really China pretty well.
