

## CANADIAN BOY MAKES FASTEST TIME AT HENLEY

### INVESTIGATION INTO HILLCREST DISASTER—PREDICTS RUPERT WILL BE GREAT MINING CENTRE

#### OLDTIMERS HAVE ORGANIZED— LARGE NUMBER ASSEMBLED

ONLY THOSE WHO ARRIVED PREVIOUS TO MAY, 1909, ELIGIBLE FOR MEMBERSHIP—DAVID H. HAYS IS PRESIDENT

The initial steps were taken Wednesday evening at the "Old Premier Hotel" to found what will hereafter become one of the most interesting societies of this new city, namely, The Prince Rupert Pioneers Association.

Shortly after eight o'clock a goodly number of the earlier residents were on hand and a meeting started on the work of organization. It was decided that qualification for membership should include all persons who became residents of Prince Rupert previous to May 1, 1909, (or immediately prior to the publication of notice of first sale of lots.

All present enrolled and officers were elected as follows:

President: David H. Hays.  
Vice-President: Wm. Manson, M.P.P.  
Secretary: Arthur Cuthbert.  
Executive Committee: Wm. Manson, M.P.P. (chairman), D. W. Morrissey, A. J. Galland and John Dybhavn.

Membership Committee: Frank W. Hart, W. R. Morrison and Arthur Cuthbert.

The badge "Prince Rupert emerging from the camp fire of 1908" was adopted as the official badge of the new association.

A number of these will be obtained and old timers will get one.

The sourdoughs of Prince Rupert like the "Trail Blazers" do nothing if they can't do it right; the executive will find out what course the railroad and the city propose to follow in connection

#### O'LEARY WON

(Special to The News)  
Vancouver, July 3.—John O'Leary won the decision over Frenchy Vaise, Canadian lightweight champion, in the fifteenth round yesterday.

#### C. E. TISDALL, M.P.P., FORSEES THE FUTURE

Anticipates That Rupert Will Have All the Fishing Business of the Coast

C. E. Tisdall, M.P.P., of Vancouver, recently returned from a trip to the north, taking in all the towns between Dawson and Rupert. He talked of his trip to the Vancouver Province and was frank in his opinion that Rupert will get the fishing business.

Speaking with reference to the prospects of Prince Rupert, Mr. Tisdall said: "The shipment of fish as well as the actual fishing and canning will do Prince Rupert a great deal of good. I believe the industry will build up that young city just as it supported Vancouver in the early days. Not only will Prince Rupert derive great benefit from the fishing and canning of its own shores, but it will get all the shipments from Juneau and Ketchikan, which now come south by boat to Seattle and Vancouver.

"The fine Alaska black cod, the salmon, the halibut and the herring of the North Pacific will get to Chicago and New York at least two days earlier if sent by way of Prince Rupert and the Grand Trunk Pacific to Winnipeg, thence south.

"This will no doubt be a loss to Vancouver, but Prince Rupert in this respect must naturally gain from her geographical position."

#### STRUCK NEW VEIN IN GREAT OHIO MINE

Rich Copper Ore Found in New Tunnel by George Jennings

A letter from Skeena Crossing which arrived last evening states that George Jennings has struck ore in the new tunnel on the Great Ohio group.

The tunnel is in about 365 feet and the ore depth is 350, which is 200 feet deeper than the deepest shaft in the Rocher de Boule mine. This is convincing evidence that the copper runs very deep in the great Rocher de Boule mountain.

The new ore runs about twelve per cent copper, and the owners of properties in the district anticipate something doing as a result of the new find.

#### OLD SCHOOL BUILDING WILL BE MOVED

The tenders for the purchase of the old school building on Second Avenue were opened yesterday. The bids ran from \$150 to \$305, and the latter being the highest was accepted.

The building is composed of two separate structures, twenty-five feet wide by fifty-five in length. They will just fit on 25-foot lots.

They were purchased by parties owning the adjoining lots and they will be moved and fitted up immediately.

#### Southbound

The Rupert sailed south with a large number of passengers this morning. Among them were W. J. Matheson, Mrs. O. Nelson, Mrs. A. J. Gordon and son, Wm. Norris, C. Burns, Chet Neff, Miss Jennie, Max Freed, Miss E. M. Taylor, Mr. and Mrs. Conant and Floyd Conant, Jesse Anderson, Miss Margaret Young, Mrs. M. Langlo, Mrs. F. McE. Young, Mrs. Glaholm, Mr. and Mrs. Wells, N. Herman, Wm. Tomlinson, Mrs. and Miss Knight.

#### Seeking Protection

(Special to The Daily News)  
Mexico City, July 3.—Fifty British residents, including thirty women and children, are leaving the capital today for Vera Cruz, where they will proceed to Jamaica.

While you wait shoe repairing, F. German's, opposite postoffice, 139-141.

#### NOTICE TO SHRINERS

All Nobles of the Mystic Shrine are requested to meet in the Masonic Rooms at 4:30 p.m., Friday, July 3rd.

D. H. MORRISON.

151-152

#### GRANBY EXCURSION WILL BE ATTRACTIVE

Board of Trade Committee Arranging For Trip Full of Fun and Interest

At a meeting of the Council of the Board of Trade yesterday, C. W. Peck was elected chairman of the committee in charge of the excursion to Granby Bay and Stewart on July 15th. The excursion promises to be a big success.

The monthly luncheon will be aboard the Rupert at noon on the 16th, when Ernest McGaffney, secretary of the Provincial Bureau of Information, will give the usual address.

Mr. McGaffney is a good speaker. He is an old newspaper man and was formerly head of the Vancouver Island Development League. Undoubtedly his speech will be full of interest to Rupert business men.

If shy of wisdom, profit by that of others.

#### MANY ATTRACTIONS FOR RUPERT'S FAIR

Management Are Signing Up a Lot of Good Features and Amusements

One of the most popular attractions at this year's exhibition will be the performances of the Mandolin and Guitar Club. Mrs. G. A. Bryant, the talented leader of the club, will play several solos on different instruments. She will be supported by her pupils and the members of the club. There will be trios, quartettes, etc., arranged to suit the various instruments, which include three guitars, five mandolins, three banjos and one piccolo and flute. Several popular citizens, including Mr. J. Duffey and Mr. Renworth will take part in the performance, but the star turn will be Mrs. Bryant.

Every one is this year helping to make the exhibition a success. Most of the merchants are advertising it on their stationary. McRae Bros. have a very beautiful envelope printed in two colors with a picture of the new Exhibition Building which is worth keeping, or sending to friends as a souvenir.

Space for a large tent is being reserved in the grounds for Miss Swepstone and Mr. Tweedale who will bring a small select company of vaudeville artists from Vancouver.

Many a man who imagines himself capable of ruling a nation can't even keep his own children out of mischief.

#### CANADIAN SCULLER AHEAD IN INTERNATIONAL RACE

ENGLISH CREWS ELIMINATED IN FIRST SERIES—TROPHY IS LIKELY TO COME TO AMERICA — WINNIPEG MADE WINNING

(Special to The Daily News)  
Henley-on-the-Thames, July 3.—The Grand Challenge Cup is going abroad for the fifth time in nine years, with the probability that it will come to North America.

In the first series of the races for the trophy, all the English crews were eliminated.

Winnipeg won an easy victory over the Thames Rowing Club.

Harvard's second crew defeated Leander Union Boat Club. Boston disposed of the London Rowing Club. The German Club of Mayence won from Jesus College of Cambridge.

The fastest time of the day was made by Dibble, of Canada, who won his way into the semi-finals of the Diamond Sculls. He will meet C. M. Stuart of Cambridge, the winner to row against E. C. Williams of the Viking Club.

#### MINING MAN WAS ENTHUSED PROSPECTS OF THIS DISTRICT

SPECIMENS OF ORE COLLECTED FOR PANAMA EXHIBITION SHOWS GREAT VARIETY AND MUCH WEALTH—WILL BE BIG MINING CENTRE

Wm. Tomlinson, who has been spending several weeks in this district on behalf of the Canadian Commissioners on the Panama Fair Exhibit, left this morning on the Rupert for Vancouver.

Mr. Tomlinson has been gathering mineral specimens from the district to include in the B.C. mining exhibit at the big fair next year. As a result of his investigations, Mr. Tomlinson, who is a practical mining man, is enthusiastic over the mining prospects of this city and the country surrounding.

"The exhibits I have procured," said Mr. Tomlinson, "are an excellent indication of the great variety and richness of the ore in the district surrounding your city. The specimens are in many cases very rich and nothing like them has ever before been taken outside for public inspection. After going over the district, I decided the north country should have the exhibit it deserves and I have exceeded my instructions considerably as to the number of samples I should take out.

"There is no question in my mind as to the great future mining has in store for your city and district. It is surrounded by good mining country and it is only a question of time until development comes. We are certainly trying our best to give the north a worthy portion of the British Columbia display."

While in Hazelton two weeks ago, Mr. Tomlinson, with the aid of C. H. Savile, the secretary of the Mine Owners' Association, gathered up five cases of representative samples of Hazelton district ore for display in the Provincial ore exhibit at Victoria.

#### MURDERED ROYALTY CONVEYED TO VIENNA

(Special to The Daily News)  
Vienna, July 3.—The bodies of the murdered Archduke and his wife arrived by special train and were escorted by the Halberdiers Life Guards. The coffins were escorted to Hofburg.

#### Cabinet Ministers Coming

Hon. W. J. Bowser, Attorney-General, and Hon. W. R. Ross, Minister of Lands, are now en route on their trip over the mountain section of the G. T. P. They go to Edmonton and from there take the G. T. P. to Rupert. It is expected they will arrive here about the end of next week.

General Superintendent Mehan will meet the Ministers at Fort George and will accompany them to Rupert.

Stops will be made by the party at the towns along the line.

Probably the original bone of contention was jawbone.

#### EVIDENCE BEING TAKEN OVER MINE DISASTER

(Special to The Daily News)  
Hillcrest, July 3.—Three witnesses were called in the official enquiry into the mine disaster here.

Engineer Hutchison gave expert testimony on the working plan of the mine at Guygat.

A miner, one of the rescuers, gave evidence on the location and identification of the body of Harry White, and the Bellevue rescue gang gave evidence as to the probable location of the explosion responsible for the disaster.

The theory is that the explosion occurred in room 33 of the old No. 1 south chute.

At a special meeting of the school board today the bids for the new school were opened. The lowest bid was that of J. H. Hilditch for a sum in the vicinity of \$13,000. Most of the local contractors had figured on the job.

#### JAPAN WILL NOT PUBLISH DETAILS OF NEGOTIATIONS

Tokio, July 3.—Takaaki Kato, the Japanese foreign minister, today announced that details of the treaty negotiations between Japan and the United States on the subject of the Californian alien land ownership legislation would not be published out of deference to a request from the United States government, and also because the publication was deemed unnecessary.

The comment today of the more moderate among the leading newspapers unanimously expresses dissatisfaction with America, but following the lead of the foreign minister, shows a disposition soberly to discuss the subject in the hope of enlightening instead of exciting the public.

The fear is expressed that Japan's case is hopeless, and there is evidence of a strong feeling that the time has arrived to fix the status of Japanese subjects living abroad.

Pantorium Pioneer Cleaners, Phone 4.

#### CITY BUILDING PERMITS SHOW BIG INCREASE

Every Month Higher Than Last Year—Total Aways Ahead

The city building permits for June show a total of \$31,915 as against \$10,250 in 1913, \$19,300 in 1912, and \$29,925 in 1911.

Thus June this year has been the best building June month Rupert has ever had.

The total for the first six months of 1914 shows \$555,635 as against \$78,902 for the first six months of last year, and \$198,332 for the whole twelve months of 1913.

There are also many new buildings in sight and July will show another increase while the total for the whole twelve months will show an enormous increase over any previous year.

Considering the financial depression existing elsewhere Rupert shows a remarkable advancement.

Norfolk Rooms. Steam heated, hot and cold water. Terms reasonable. 6th Ave. and Fulton, 143tf

#### THIS IS GOING SOME— NEWS WIDELY QUOTED

That The Daily News is alive and in close touch with the vital issues of the day is evidenced by the frequent manner in which it is quoted in newspapers all across the continent.

The Dominion Press Clipping Agency makes a business of sending back all articles quoted by other papers and almost every week a large list of these arrive. In today's mail there were received clippings from twelve leading Canadian papers where they quoted the same article from a News' editorial.

The following is a list of the papers quoting the said article: Regina Leader, Brandon News, London Advertiser, Toronto Globe, Richmond Review, Woodstock, N.B., Sentinel, Moncton Transcript, Montreal Herald, Eganville Leader, St. John Telegraph, Halifax Chronicle, and Sydney, C.B., Record.

A paper that is quoted across the continent should be read at home.

Do you read The Daily News?

#### SACKED THE BAKERIES

Mob of Workingwomen in Riot in City of Madrid

Madrid, July 3.—A mob, composed for the most part of workingwomen, exasperated by the announcement of an increase of twenty per cent in the price of bread, sacked 400 bakeries with picks yesterday.

Twenty of the women were cut by broken glass. It is feared there will be no bread in the city today. The people claim that the rise is unjustified as the price of wheat and flour have been exceptionally low during the past two months.

Mr. and Mrs. Stilwell leave tonight on the Ketchikan excursion.

While you wait shoe repairing, F. German's, opposite postoffice, 139-141.

#### SNAP

\$4,000 Takes Second Ave. Lot

Owner Will Sell Lot 19, Block 14, Section 1 FOR \$21,000

Terms: \$4,000 cash, balance at the end of five years; interest 8 per cent
