NEW BOATS ARE SUBMARINES

There has been considerable discussion about town as to whether the two new Canadian war vessels were torpedo boats or submarines.

Mr. George D. Hull, on a recent visit to Seattle, was shown about the Seattle ship building yards, and the boats building for Chili were shown to him. They were submarines and those are the ones that Canada bought.

LATE WAR NEWS HAPPENINGS

FROM THE EUROPEAN CENTERS

MONTREAL PORT CLOSED FIRST TIME IN HISTORY

Montreal, August 10.—The port of Montreal was practically closed last week for the first time in history. All week a tug fleet patrolled the lower harbor and a force of 200 men was sworn in to exclude all landsmen from the wharves.

Sailors on vessels in port are allowed to leave their ships only under escort. No vessel will be permitted to come into port or to leave without an expressly written permission.

NEW PAPER CURRENCY ANNOUNCED IN ENGLAND

London, August 10.—Chancellor of the Exchequer Lloyd George announced in the House of Commons that the Bank of England rate was to be reduced to six per cent. The government, he said, had not decided to suspend specie payments.

Chancellor Lloyd George contended that anyone hoarding gold was assisting the enemy of his country. At the same time, with the view of economizing gold and maintaining the integrity of the gold standard, it was proposed to issue notes of £1 (\$5) and 10s (\$2.50), convertible to gold at the Bank of England. These were available on Friday to the extent of \$15,000,000, and now are being issued at the rate of \$25,000,000 daily. Postal orders are also to be made legal tender on the same terms as notes.

WOMEN TO HELP

The women of Canada have decided to furnish a hospital ship for the war at a cost of \$100,000. British Columbia's share of this is \$10,000, and Prince Rupert's share about \$500. The ladies of Prince Rupert will meet today at 3 p.m. in the K. of P. Hall to consider raising this sum, which must be on hand by Thursday. All the ladies should attend.

FINANCES ARE STEADY

The banking situation is very comfortable throughout all Canada, and financial business goes on just as though there was no war through the Empire. The Government has made preparations in case of undue excitement, but the measures are purely precautionary. The banks report a number of small depositors taking out funds and storing them in deposit boxes but as they are paid off in bank notes which are now legal tender it is a doubtful act of safety.

SIR WILFRID MAKES STATEMENT ON WAR

Opposition Leader Says Canada Should Help Mother Country to Extent of Her Power

Ottawa, August 10.—Sir Wilfrid Laurier, leader of the Opposition, who curtailed his holidays at Athabasca and returned to his office at the capital on account of the present war crisis, gave out the following statement to the press at noon: "It is now certain that England will have to take her share in the conflict, not only for the protection of her own interests but for the protection of France and the higher civilization of which these two nations are today the noblest expressions."

"The policy of the Liberal party under such painful circumstances is well known. I have often declared that if the Mother Country were ever in danger Canada would render assistance to the full extent of her power. In view of the critical nature of the situation I have cancelled all my meetings. Pending such grave questions there should be a truce of party strife."

PARISIAN JEWS RALLY TO THE AID OF FRANCE

Imposing Patriotic Procession Was Held in Paris

Paris, August 10.—One of the most imposing patriotic processions in Paris last week was formed by more than two thousand Jews, who responded to the call of the Hebrew Association of Paris to join in the manifestations supporting the country.

Jews of all nationalities friendly to France marched through the principal streets, headed by a great banner, upon which were the words: "Jews, come to the aid of France."

English, French, Russian and Belgian flags were carried in the procession which wended its way along the streets singing the Marseillaise and heartily cheered by the populace.

EUROPE IS BUYING WHEAT IN CHICAGO

Chicago, August 10.—European buying of American wheat in defiance of the mishaps of war, began again last week. British government guarantees against possible losses by ocean capture of any part of the millions of bushels previously under contract to go to English ports opened the way for additional purchasing notwithstanding that the guarantee had not yet been formally extended to transactions entered into since war was declared.

MORGAN SENDS GOLD FOR STRANDED ONES

New York, August 10.—J. P. Morgan & Co. are understood to have obtained from the Bank of France, on the credit of their Co., \$5,000,000 in gold to be placed immediately at the disposal of Americans abroad who lack funds on account of the war. It was said that more gold would be forthcoming in the same manner, if necessary.

AMERICANS BUY SHIP TO GET BACK HOME

Syndicate of Stranded Americans Getting Out of England

London, August 10.—A syndicate of stranded Americans headed by Grant Hugh Browne, of New York, combining business with philanthropy, have purchased the British steamer Viking for the repatriation of their country men at the price of \$500 for each berth. The syndicate has obtained the permission of the British Government for the vessel to sail today from Liverpool on its first trip. It is understood the Viking will fly the Stars and Stripes. It is to make as many trips as possible.

Among the 240 cabin passengers and 1,000 Americans going in the steamer on board the Philadelphia sailing last Wednesday, were many wealthy persons. Enormous premiums were offered for tickets. One speculator offered Charles Aldrich and family of Cleveland \$1,000 for their room or \$500 if they allowed him to travel with them.

Martin Vogel, United States sub-treasurer at New York, and his bride were among the passengers. They said they were in Berlin five days and "the Germans were parading the streets as though celebrating victory." Later on they passed through Paris where they said "the contrast was marvellous." The atmosphere was quiet but tense.

PROTESILAUS HELD AS HOSPITAL SHIP

Blue Funnel Liner Chartered for Naval Service Following Arrival at Vancouver

Vancouver, August 10.—Upon the completion of her voyage from Liverpool the Blue Funnel liner Protesilaus was taken over by the British Admiralty to act as a hospital ship in case of emergency. First intimation of this action was received by Captain Braithwaite off William Head when the Protesilaus was boarded by an armed guard of bluejackets from the D. G. S. Galliano under Lieut. Lifton, who informed the commander of the Blue Funnel liner that his vessel was required by the British naval authorities and would be detained on this coast until further notice.

SERMON ON THE WAR

Rev. H. R. Grant, in the Presbyterian Church last night preached an able sermon on the topic which is on everyone's lips, "The War in Europe."

He outlined the events leading up to hostilities and showed that Britain had exhausted every avenue for peace before she declared for war. He extolled the character and greatness of the German people but pointed out that it was not a war of the people but of her kings. The Kaiser was an over-ambitious man. He wanted to have the world crying at his feet.

Mr. Grant believes that wars are used by the Infinite to further his own ends and quoted history, both biblical and otherwise, to substantiate his contention.

There was a large attendance and the close attention given to the speaker showed the deep interest of everybody. The National Anthem was sung at the close.

GRAND TRUNK OFFICIALS CONSIDER DOCK PLANS

Engineer and Steamship Company Manager Confer on Plans for Rebuilding Pier

Seattle, August 10.—S. P. Lucas, assistant engineer of the Grand Western division of the Grand railway, with headquarters in Prince Rupert, is in the city laying plans for the construction of the new pier which will take the place of the Grand Trunk Pacific dock burned last week. He has been in conference with Capt. C. H. Nicholson, of Vancouver. Together they are considering the needs of the concern here and will report to the company's main office in Winnipeg. At present definite plans are held in abeyance until the insurance has been adjusted.

"We have made no definite plans on how large the new dock will be, but it is likely it will be as large as the old one yet, perhaps, not so elaborate," said Mr. Lucas last night. "It will be built of wood and will be sufficiently commodious to handle all passenger and freight traffic which was taken care of by the old structure. The extensiveness of the new pier will be decided upon by the heads of the company in Winnipeg."

G. T. P. TRAIN SERVICE

There is a report current in the city that the G. T. P. will not open their line through to Edmonton on the 23rd as expected, and that the local service would be cut down to two trains per week.

This report cannot be confirmed at the G. T. P. offices. General Superintendent W. C. C. Mehan is up the line and the other officials have not been informed of any change.
