TONIGHT'S SHOW AT THE WESTHOLME

Everyone is familiar with the story of "The Count of Monte Cristo," which will be shown in a great five reel feature at the Westholme Opera House tonight, with Jas. O'Neill in the title role. This is Mr. O'Neill's star piece and it is difficult to say whether he made the Count of Monte Cristo famous or the Count of Monte Cristo made James O'Neill famous. Certain it is that no finer impersonation of this character has ever been given. A rollicking Keystone Comedy will complete the performance.

NANAIMO STRIKERS SHOWING PATRIOTISM

Vancouver, August 12.—The Nanaimo miners' union, which has been on strike since May Day of last year and which has given quite a deal of trouble to the authorities in the way of riots, which the military were called out to suppress, have issued a public statement that during war time they will undertake to preserve order in the district, so that the military can safely be withdrawn for use elsewhere. They call attention to the fact that many of the non-union miners who are now at work are subjects of nations with whom Britain is now at war.

OVERSTEPPING HIS AUTHORITY

Mayor Newton has taken a very unwarranted step while in Victoria. He has demanded that all the unemployed of Vancouver and Victoria be sent to Rupert on militia duty. It is even possible that this city will be compelled to pay the bill. The Mayor forgets in his excitement that he is overstepping his authority. Had he interceded to have a local corps formed it would have been more in order; or better still to have a few heavy guns put in place for defence. The Council should get busy and countermand this order of his and see that it is done right.

GERMAN AGGRESSION FOR FORTY YEARS

Paris, August 12.—Extraordinary enthusiasm was called forth in the French Parliament by the reading of an address to the French nation, written by President Poincaré.

"Our nation is in arms," said the President, "and trembling with eagerness to defend the land of our fathers."

"France is faithfully supported by her ally, Russia. She is upheld by the loyal friendship of England and already from all parts of the civilized world go out to her expressions of sympathy and goodwill, for she represents today once again before the universe, liberty, justice and reason."

"Lift up your hearts, long live France!"

Afterward Premier Viviani issued a catalogue of alleged German aggressions which he said had gone on for forty years. He declared France had borne them with remarkable equanimity in her deep attachment to peace.

Antoine Dubost, speaker of the Senate, also read President Poincaré's address and then Premier Viviani made a declaration similar to the one he had made in the Chamber.

Several sick senators were carried to their seats as they were unwilling to be absent from the historic session. Both houses adopted without discussion the financial bills introduced by the government and others for the relief of the families of the soldiers ratifying martial law and imposing heavy penalties on newspapers publishing false news.

An amendment extending the moratorium to all the French colonies was passed unanimously. All the deputies rose to their feet in support on a bill to confer French nationality on natives of Alsace and Lorraine enlisting in the French army.

CANADIAN RECRUITING FULL-- OVER 100,000 MEN APPLIED

FIRST ARMY CONTINGENT OF TWENTY THOUSAND WILL BE DRAWN FROM ONTARIO AND QUEBEC—BRITISH COLUMBIA FOR HOME DEFENCE

(Special to THE NEWS)
Ottawa, August 12.—Recruiting for Canada's first army contingent of twenty thousand men will close tonight. Until the rolls arrive in the Capital it is impossible to say how many volunteers are enlisted for service abroad, but it is believed there will be from eighty to a hundred thousand and enrolled, or sufficient to send four or five army divisions.

It will take a few days to make up the lists but mobilization orders will be issued before the end of the week.

The first contingent will leave for Valcartier within a week and it is expected the whole army will be at Quebec in two weeks time, and ready for sailing.

The first corps to mobilize will be the Princess Patricia Light Infantry.

Independent corps are being raised by Hamilton Gault and R. B. Bennett, M.P., and which will be composed entirely of veterans, British or Canadian. It will mobilize and train in Ottawa and then join the main army at Valcartier.

Of the first army division, a majority will be from Ontario and Quebec. As matter of fact the Toronto division alone has enrolled enough men for the whole army. Not many men will likely be sent from the Maritime Provinces as most of the regiments at the Atlantic Coast will be required for Canadian defence.

The same is true of British Columbia. B. C. troops have already been mobilized and will be required for Pacific Coast defences.

In no part of the Dominion has there been so much enthusiasm as in the West. The class of men from the West is particularly high. A majority of the Western recruits are expert horsemen, rough riders and frontiersmen. They want to take their horses but the present contingent is almost entirely infantry. The Western representation is almost certain to be small.

(Special to THE NEWS)
London, August 12.—The mobilization of the Territorial forces are at the point of completion. Some of the units of the force have accepted liability to serve abroad. The Overseas volunteers are being asked to follow their example. Kitchener's army for which five thousand recruits enrolled in the past twelve hours, will consist of six divisions: The Scottish, Irish, Northern, Eastern, Western, and Light Brigade.

HOLLAND OBJECTS

(Special to THE NEWS)
Brussels, August 12.—Holland has sent a peremptory demand to Germany to withdraw her troops from the Dutch frontier. Already an explanation for massing a German army on her boundaries has been demanded by the Foreign Office. The Dutch Government is preparing to tell the Kaiser that failure of the Germans to withdraw from the frontier will be considered *casus belli*.
